Chapter 316

PRIVATIZATION Spurs NATIONALISM

Dickembeth

It was about 1935. Dad bought a boat, engine and trailer. I think he paid \$100 for them. It was a nice looking wooden 14 ft. Thompson boat with a forward deck, and had an outboard 10 hp Johnson Sea Horse. He named it "Dick" for me and "Em" and "Beth" for my sisters - "Dickembeth".

We sanded and painted it so that it was beautiful and took it down to the James River just above the hydro-electric plant. We crossed the railroad track, and put it in the water and moored it in a slip rented from one of the local entrepreneurs. Ours became one of the boats on the upper James - also the

second fastest - after Coke Stuart's inboard which he used to bring him 10 miles down the river every morning to go to work. His was the fastest boat on the river.

Boats had been launched on the river above the dam long before they built the dam and hydro-electric plant - even before they built the railroad.

The James River Kanawha Canal came up the river the same way the railroad did later. George Washington was a stockholder. After the great flood in about 1871 the banks wouldn't lend the canal company money to rebuild the locks, so they were forced to sell to the railroad for almost nothing. The railroad laid the track on the old canal tow path. It was said to have been the cheapest railroad built in Virginia.

In the old days, canal boats brought supplies to the farms and plantations up the James. They stopped every mile or so to load farm produce and offload farm supplies. In the 10 miles from Lynchburg to Holcolmb Rock, and Coleman Falls, the boats must have stopped ten times or more. The railroad stopped only at Aylett, half way, which had once been a major boat landing servicing perhaps 100 inland farms and plantations before it became a train stop. I remember the "*Aylett*" sign from the river when we passed in "*Dickembeth*". This effectively put 50 or 100 inland farms out of business since it was a long way from the farms by road to Lynchburg, Aylett, or Holcolmb Rock.

Then, one day, sometime back, the electric company that owned the hydro-electric plant said that people could no longer use the boat ramp above the dam. It was on electric company land and they said they did it for the boat owners' own safety. Company police enforced the policy. The two hundred year old time honored boat policy was abandoned in a corporate memo. About the same time, the railroad com-

pany said that no one could walk beside their tracks or cross them except at proper crossings. This put an end to Aylett. The hundred year crossing policy was also abandoned by a casual memo. Company police enforced the policy. One owner now owns the land on both sides of the road leading to Aylett, so, a fence has been put across the road and Aylett landing is off- bounds to the public and the Aylett is just an "old timers" memory.

All around, taxed farmers, unable to cheaply transport their produce, sold their farms for almost nothing. An ex-banker named Earley, whose wife was nicknamed "Diamond Lil" because of a huge diamond she wore (she was real nice), bought 13,000 acres for almost nothing. He never bothered to have his land surveyed - he said he was going to let a "buyer" do that. He sold his entire holdings to a land company that had been established right after the War Between The States. Land that had been open to walk across or hunt on for 300 hundred years is now posted. Company police enforce the policy.

The point I'm making is that companies and corporations can do anything they want once they have the deed to property and they have the muscle to enforce their edicts. The "king" no longer protects the people. All protests over "lost rights" fall on deaf ears. You still can't launch a boat at Reusens or Aylett and the ancient right to launch a boat into the upper James now requires a 25 mile drive through Bedford County up to Coke Stuart's. It's all "legal".

It starts one thinking. The government evicted thousands of farmers to build great military bases in Virginia. Now they are "privatising" them - not to the farmer's descendants, but to great land companies. The government also evicted tens of

thousands of families to build the Skyline Drive, and burned their houses. That, too, is government owned - today.

The Basic Situation

God made every man a king and a priest. Each man provides his own protection and sells the own surplus from his own self-sufficient farm (SSF). He is his own king, priest, and merchant.

To make a slave of the free-man living as a king on his SSF, the *International Trade Cartel* (ITC) organized three castes: kings and their armies, religious organizations, and the great merchants of the world - king, priest, and merchant.¹ These three castes working together gather and manage wealth gathered from the people, and they manage the people themselves.

This condition exists in every country² of the world whether the ruling government is called "democratic", "socialist", "republic", "communist", "dictatorship" or "kingdom"; or the religion is called Protestant, Catholic, Buddhist, or Hindu; or the managing corporation is called domestic, foreign, stock company or privately held. They are all parts of one whole - the *International Trade Cartel*.

The "Sticky Fingers" Problem

The ITC's historic problem has been that its agents - kings, priests, and merchants, all have sticky fingers. Each has claimed ITC wealth for himself at different times.

¹ "And the great city was divided into three parts." Rev 16:19

² A nation is a race. A country is a taxable entity composed of one or more nations.

Tracing The Buck

All the world's land and wealth was once claimed by a single religious organization - India's Hindu Priesthood. Their claim was based on "Asoka's Bequest". Six centuries later the West's Catholic Church claimed all the West's lands and wealth through a similar Constantine's Bequest. Both priesthoods hired and fired kings, bestowing thrones and lands on the deserving and denying them to others. They also hired asset managers.

Kings Rebel

Powerful kings, tiring of sharing the wealth with demanding priests, claimed both lands and people for themselves. The dispute resulted in devastating wars - and also resulted in five very large European property owning kings; the kings of Spain, France, Russia, Austria, and Germany.

Changing Managers

Downgrading these powerful kingdoms and removing ITC assets beyond their reach has been an ongoing project. The 18th, 19th, and 20th centuries were devoted to ridding the Cartel of greedy problem kings and replacing them with compliant "democratic- socialist" government kings.

One Solution - Another Problem

Replacing greedy strong-kings with greedy democratic weak-kings is now done simply by having the Cartel media advertise ITC agents for the people to choose between. The one the people choose to rule them is almost always an ITC agent.

Frequent elections cause democratic kings to remain weak because frequent government changes prevent powerful coalitions from organizing behind any one leader.

Weak kings hold office for only a short time. They have to make hay while the sun shines. They quickly learn to buy votes. They dip into the public till to pay voters for their votes. This has been a problem.

The ITC considers public wealth to be their own wealth held in trust for them - not the people - and not something to be squandered. This is why they are privatising it - to take it out of the reach of spend thrift kings. It is being transferred from the reach of kings into the hands of Cartel property managers - the great merchants.

Kingdoms Dismantled

The five major Western European kingdoms that have been dismantled so that their wealth could be returned to ITC control are:

* **France** - The king and his nobles were liquidated and their wealth turned over to the Cartel banking system. France's overseas empire was converted into taxable countries belonging to the ITC:

* **Spain** - The throne was claimed by other ITC kings. Most Spanish nobles were liquidated and their assets turned over to the ITC banking system. Spain's foreign empire was converted into many individual ITC taxable countries:

* **Austria** - This enormous empire was divided into several countries, each ruled by compliant democratic-socialist or communist rulers;

* **Germany** - All her foreign colonies and several indigenous provinces with their German peoples were turned over to other newly created ITC countries to rule; internally, the Kaiser's wealth initially federalized is now being privatised into the hands of Cartel great-merchants.

* **Russia** - the Czar, and his nobles and their families were liquidated and a compliant communist/democratic-socialist government established; administration of the Czar's land and other wealth which consisted of most of the wealth of the country, was assumed by an interim-government which is now in the process of privatising it to ITC agents.³

Transition Problems

The transfer of property from kings to democratic-socialist governments produced still another problem. Certain of the leaders selected by the ITC to bring order out of transition chaos discovered a window of opportunity and used it to revolt against the Cartel.

National Rebels

The past two centuries have produced two major rebel leaders:

FRANCE

In France, the king and his nobles had been slaughtered in the French Revolution. Ownerless property was being

³ In the Far East: **China** - The king/emperor was replaced by a socialist/communist government financed by Cartel banks. The Emperor's property and that of the country's family/clans was first federalized and is now being privatised to Cartel agents. **Japan** - Its conquerors replaced the power of the ruling emperor/king with a "democratic" government elected by the same ITC media that elects Western kings. Japan's assets are presently being privatised into international coffers. The same has happened to several other former Far Eastern kingdoms.

claimed by all and sundry. Napoleon was tapped to restore order to the French chaos.

His cannon quickly brought order. But, when the pope reached out to place the crown on his head, Napoleon took the crown from the Pope's hands and placed it on his own head. That triggered the Napoleonic Wars. It took the combined armies of all of Europe years to subdue Napoleon.

After Waterloo, Napoleon was exiled to a distant island and poisoned. This ended the Napoleonic era.

GERMANY

Germany's king was deposed as a result of WWI and chaos and revolution followed. The star that rose from the smoke and flame was a cheeky, irrepressible McCarthy-like man named Adolf Hitler. He showed the most promise so he was tapped to restore order - which he accomplished virtually overnight.

Hitler did all the right things - at first. Then, he stepped over the line when he took control of Germany's banking system and its media, and he banned the Cartels' traditional servants from Germany proper.

Assuming control of these exclusive ITC prerogatives was a defacto declaration of war. It took the combined efforts of 54 ITC ruled countries to make Germany bend its head and have the slave collar replaced. It had been heady for a short time - Germany had a taste of the wine and the loaf.

The Great Pretense

The great pretense through the ages has been that kings hold the public wealth in trust for the people. The argument is quickly demolished by what people see is happening:

If governments represented the people - the government would return public assets to the people. If to another - they would return the assets to another. The nations of the world see that the kings who rule them are not their kings because these kings are giving the public wealth to another.

Privatizing Assets - Far East:

JAPAN lost WWII. Today Nissan is run by Renault. Mitsubishi Motors is selling 1/3 interest to DaimlerChrysler. Mazda is run by Ford. GM bought 20% in Subaru, 49% in Isuzu, and 10% in Suzuki. Only two Japanese car makers are mostly Japanese, Toyota and Honda and they are controlled by their Japanese banks - which aren't Japanese (Japan wasn't beaten into an unconditional surrender in WWII for nothing).

Japan is doing its share by relaxing barriers against foreign takeover of Japanese companies. A US private group has organized a consortium to purchase *Shinsei*, a failed Japanese bank. Renault is buying 36.8% in Nissan. Daimler-Chrysler has taken a large stake in Mitsubishi Motors, and the government is privatising Japan's three largest railway companies, *East Japan Railway*, *Central Japan Railway*, and *West Japan Railway*. A financial newspaper crowed, "The Black Ships cannot be easily kicked out of port."⁴

4 This is what an ancient Israelite said about trade that promoted "multi-nation-ism" - Babylon's objective:

"Nor do we delight in merchandise, nor in such a mixture with other men as arises from it ... having a fruitful country for our habitation, we take pains in cultivating that only. Our principle care ... is ... to educate our children well; ... to observe the laws that have been given us ... Since ... there was no occasion offered us ... for intermixing among the Greeks, as they had had for mixing among the Egyptians, by their intercourse of exporting and importing their several goods; as they also mixed with the Phoenicians, who lived by the sea-side, by means of their love of lucre in trade and merchandise." Flavius Josephus Against Apion 1:12

CHINA's car makers are dominated by GM and Volkswagen. India is dominated by Suzuki of Japan in which GM has a substantial interest. The old British names such as Land Rover, Jaguar, Mini and Rolls-Royce are all foreign-owned. In Sweden, Ford owns Volvo, GM owns Saab. In Italy: GM owns a substantial part of Fiat. In France: the French government owns 46% of Renault and is talking about "privatising" that.

MALAYSIA: *SAirGroup*, the parent of *Swissair*, is working on a deal to take over the Malaysian national airline.

INDIA's government has approved sale of 19 state banks. The billionaire great-merchant Hinduja family of India is bidding for Air-India and Indian Airlines.

VIETNAM: Vietnam has agreed to privatise much of its assets in exchange for being allowed out of her quarantine back into the 21st century by trade with the rest of the world.

THAILAND: A Cartel asset named Mr. Soros⁵ shorted and collapsed Far Eastern markets. Unable to raise funds from a stock market no longer operational, the bankrupt local Thai Petrochemical Industry (TPI) was forced to swap equity for debt. The ITC now owns 75% of the company. The same is true for countless other Far Eastern companies.

⁵ Soros, a Hungarian Jew, claims to be a Holocaust survivor. There were 800,000 Jews in Hungary. The Soviets invaded and installed their own Jewish run Bolshevic government which ruled harshly. The 1956 Hungarian revolt against this government sent 400,000 of these Jews scampering to America. When I worked for the Virginia State Employment Commission at that time, every one of the scores of these Hungarian refugees that I saw coming through the Richmond office was a Jew. Soros, as roving Cartel money-merchant, had unlimited funds backing his operation. The hundreds of billions attributed to him is Cartel money.

Middle East

TURKEY is being forced to privatise 33.5% of *Turk Telekom* and 51% of *Turkish Airlines* in order to get an International Monetary fund emergency loan of \$5 billion. Turkey will be unable to get the emergency loan until the details of the privatisation have been worked out.

Eastern Europe

THE CZECH REPUBLIC has "privatised" all but one of its national banks. *Cesky Telecome* and *Ceske Radiokomunikace*, the two big telecoms companies, should be fully privitised shortly.

RUSSIA plans to break-up and sell off the assets of RAO-UES, Russia's state owned electric utility, and is negotiating with German banks to swap equity in the Czar's old holdings in Russian companies for debt forgiveness. President Vladimir Putin announced that there would be no review of post-Soviet pirvatisations and no redistribution of assets.

Europe

GOLD:

Great Britain has already "privatised" hundreds of tons of gold. **Holland** also; **Switzerland** is planning to dispose of 1300 tons in the near future. There is never a problem in having gold over-subscribed in exchange for paper money.

It is worthy of note that India has always been the greatest buyer. India buys, but in my memory, only one time has it sold large quantities of precious metal (silver), and that was to break the silver corner set up by the non-establishment multi- billionaire Bunker Hunt of Texas, and break him in the process.

It is also worthy of note that the Western countries that are in the process of disposing of their gold have no plans to disperse it in small increments among large numbers of their own citizens. It is just "privatised" to large multi-national buyers.

BELGIUM is boosting "Privatisation" in all sectors. It is now grooming for sale the Belgian postal operator, *La Poste*. The country has drawn up a list of 150 properties owned by, or in which the government has a stake. It covers the Brussels airport to power suppliers, the main telecommunications company and hotels. Already it has allowed Swiss air to gain majority ownership of Sabena, the Belgian national airline.

GERMANY is "privatising" to six leading domestic banks the Kaiser's old lands that it had turned into military bases ostensibly to raise money for its stretched budget.

ITALY has agreed to sell much of its electric giant *Enel*, a large stake in gas giant *Eni*, the rest of its stake in *Telecom Italia*, the BNL banking group, Ina insurance group, and the rest of San Paolo IMI bank.

BOSNIA-HERZEGOVINA: The United Nations has given its new high representative sweeping powers to interpret and enforce elements of the Dayton agreement. A recent meeting in Brussels of the Peace Implementation Council developed plans to regulate key industries such as telecommunications, energy and transport on a state level with the ultimate objective of privatising them. A new transport masterplan has been drawn up by the Japanese International Co-operation Agency. The biggest obstacle remains nationalism. "People have to stop thinking that this is a Serb or a

Muslim or a Croat asset." Until they do - they will remain in the dark ages.⁶

ENGLAND England has sold London's "Tube". It has announced the Privatisation of most of its defense research laboratories such as *The Defense Evaluation and Research Agency* (Dera) - which incidentally compromises US secrets shared with Britain.

GREECE: Greek companies now control six leading banks in Bulgaria, Romania and Macedonia, as well as local insurance companies and stockbrokers. They are now planning possible acquisitions in Serbia and Turkey. France's *Credit Agricole* has bought part of the state-controlled *Commercial Bank of Greece*.

Miscellaneous

CUBA: Cuba remains under international quarantine until she agrees to return ITC assets confiscated at the beginning of her revolution. She must also allow international agents to privatise government holdings - which amounts to most of the country.

HAITI has a president named Aristide - a former Catholic priest. The US sent troops to keep him in office. He has been promised \$500m by foreign creditors who predicated disbursement on the privatisation of several state enterprises.

⁶ The attack on Yugoslavia was to make an example of the reactionary Slav, and particularly Serb "nationalism". Any nation (race) or country (multi-nations) that refuses to "privatise" its public wealth can expect the same fate. "Bosnia" was an example to Europe just as Ruby Ridge, Waco, and Philadelphia (a Black Nationalist revolt) was a warning to nationalists that the Cartel king will treat all rebels in the same manner.

Rebirth Of Nationalism

Weak democratic kings are unable to protect the nation's assets by preventing the ITC from privatising them into the hands of its great-managers.

Great-managers in turn are easily managed by the mere threat of being fired from their jobs; harassment from regulatory agencies; being denied bank credit; or, in extreme cases, the threat of an assassin. In a corporation, everyone, including the manager, is an employee of the Cartel and is a mere wage-slave dependent on the his employer for his daily bread.

Nationalism's Hostility Toward Strangers

Once again, solving one problem uncovers still another problem - Nationalism.

People change. Once the repression by strong kings is removed the people tend to flex their muscles. They do things they were afraid to do earlier.

One thing they do is vent pent-up hostility to the nations that the Cartel king forced them to live with. This venting of hostility and drawing together with their own kind is the rebirth of nationalism - the thing the multi-national media calls "racism". Today's "racism" is yesterday's "nationalism" reborn.

The big question is whether or not the weak Cartel caretaker kings and emerging great-merchant managers are strong enough to keep the world's nationalisms suppressed while their assets held by the state are privatised, or whether the world's nationalisms will explode and overwhelm the ITC as nations claim their own state- managed property for themselves.

The world is full of countries containing nations, racial and religious, who are struggling to separate from others and rule themselves.

Nations Seeking Separation

Scots want separation from multi-national England.

Brettons want to separate from multi-national France.

Corsicans want to separate from multi-national France.

Basques want to separate from France and Spain.

Northern Italians want to separate from the multi-national Turk- Italians of Southern Italy.

Kurds want to separate from Turkey and Iran.

Mexico's Indians in S. Mexico want to separate from multi- national Mexico.

Multi-national **Colombia** has several groups wanting separation.

German nationalists want freedom from their multi-national occupation government.

Black Muslims of America want to rule themselves.

Turkish Chechnya wants to separate from multi-national Russia.

Chinese Xinjiang's Uighurs want to separate from multi-national China.

Fijians want to deport multi-national Indian workers and land managers.

Timorese have voted separation from multi-national Indonesia.

Aceh Province demands separation and Islamic state from Indonesia.

Uzbekistanians want their own Islamic state.

Islamic Kashmir wants separation from multi-national India.

Palestinians want separation from multi-national Jewish rule.

Palestinian Jews decry interference from their international kinsmen.

Poles want separation from multi-national European Union Membership.

Romanian nationalists oppose minority Hungarians as well as gypsies and jews.

Hungarians are protesting aliens in their midst.

Russia has countless groups wanting self-rule.

Christian Copts of Egypt want independence from Islamic Egypt.

Saxons in S. Africa want to separate from Blacks, Coloreds and Indians.

Saxon nationalists in America are beginning to demand separation. Some are demanding a Christian state.

The world ITC media has attempted to demonize each of these groups as "racist", "terrorists", "nazis", "reactionaries", "bigots" and worse. The fact is that they are *nationalists*. Smear words have little effect on nationalists who see the world through their own eyes.

ITC Anti-Nationalism

The ITC strategy to contain and subdue the world's rising nationalisms appear to be:

* **Propaganda:** Use its worldwide multi-national media to brand all national movements as "terrorists" and "racists" to demonize them. Today, all multi-national media in all

countries worldwide in unison carry the identical anti-nationalist message.

* **Disarmament:** Armed forces in country after country are being downsized. Individual nationals are being disarmed. A multi-national fire-brigade is being organized from NATO and EU forces to act as the world's sole armed force. ITC policy is to put heavy armament beyond the reach of any individual country whose nationals might develop another Napoleon or Hitler.

* **Country Downsizing:** All European powers have had their foreign colonies stripped from them (Germany, Britain, France, Portugal, etc.). Most have had their heartland countries broken up (Germany, England-Scotland, Russia, etc.) with provinces given to hostile neighbors or combined with other hostile nations and made independent. We may expect government functions to increasingly be transferred to merchant corporations as added public wealth allows them to grow powerful and as formerly powerful countries are downsized, de-emphasized and disarmed.

* **Agents provocateur:** In country after country, ITC governments have committed atrocities against captive nations (Ruby Ridge, Waco, Oklahoma City), and blamed the incidents on the victims whom they brand "terrorists". This is a regular occurrence in the Philippines, Indonesia, Spain, Algeria, Russia, Germany. etc. However, the technique is losing its effectiveness through overuse.

Attack

* GATT is an international treaty. As a treaty, it assumes the status of international law and is removed from the statutes of individual nations. Most corporations seek multi-national

partners to remove themselves from the statutes of individual states. In essence, a multi-national corporation is covered by GATT treaty and is free of most restrictive statutes of states in which it resides.

* *Immigration* - free flow of aliens from one job market to another mixes peoples and their gods. Free immigration lowers production costs while complicating government and religion. Regulation formerly handled by the state thus devolves onto corporate management which in turn requires a multi-national world court to settle cases (GATT) - and a central religious referee court - a world religion (Hinduism).

Opportunity

The multi-national races of Islam have bonded and formed a religious-nation. These people have demanded and have gotten Islamic states in exchange for their peace.

The time has come for the people of the WORD to demand the same rights - the right to live under the WORD which is their God. The media-ignored revolt of the world's nations is bringing that time closer.

"They will each turn to his own people, and each one will flee to his own land. Anyone who is found will be thrust through, and anyone who is captured will fall by the sword. Their little ones will also be dashed to pieces." Isaiah 13:14-16

Letter From S. Africa by K.J.

Dear Mr. Hoskins: How quickly the year went. Since I last wrote, more epidemics have broken out. Apart from AIDS, Natal has foot- and-mouth disease in animals and it is spreading to the rest of the country. An Indian pig farmer bought

pig swill from a Bangladesh ship coming from England and it contained the virus. He also neglected to cook the food. Instead of throwing a proper cordon around the first few infected farms and inoculating the animals - they are simply shot. The Indian agriculture minister is still holding talks on what to do about the epidemic. In the meantime, blacks smuggle meat and live animals out of the infected area so the entire Natal is contaminated and many white farmers are financially ruined.

A black-ruled country is a disaster from beginning to end. They simply lack the necessary ability and act in a high-handed manner towards any white who knows what to do. Diseases eradicated many years ago are reappearing and new ones are carried over the border by illegals. Orderstepoort Veterinary Institution used to be on the mark, doing research and sending vaccines all over Africa. But, their budget has been badly cut and the blacks have closed down research. They feel that it is unnecessary.

Every morning now the news at 6 starts with a recount of the latest farm murders which took place the previous day. The Transvaal Agriculture Union is using the internet to inform the world what is going on. The website is <http://www.hnp.org.za/afrikaner/>. It is a comprehensive report done by people who take all the facts into account. "*Die Afrikaner*" also has a page depicting the gruesome photos with a short article in English and Afrikaans. Naturally, neither Mbeki or his white lackeys like it. They keep repeating their version of S. Africa's crime and robbery.

It is a very sad state of affairs that certainly does not cheer me up, it hurts too much. An elderly man went to church yesterday and on returning found the road blocked by blacks. They shot him. His condition is serious. A farmer's wife was

also killed. Ordinary people suffer because their religious leaders no longer follow the WORD.

I would not have thought that it would take so long to get my broken foot healed. Anyway, it is mending so I should not complain.

A 14 year old girl whose family stays near a lady who makes dresses in Pretoria had a terrible experience. Five black robbers got into their home. The father was watching TV and the mother was having a bath. They tied up the parents and son and all five raped the 14 year old girl. She is receiving treatment for AIDS, but it seems like a death sentence to me. The parents belong to the same Dutch Reform Church as the lady I know. My husband asked what the minister had to say. He said nothing we were told. It seems as if the preachers are blind, deaf and dumb - the equality fever has affected their minds.

It was good to hear your name at a meeting and seeing it in one of the books written by Col. Jack Mohr that I received from America. I would love to see him at least once, but that is not in our hands.

We wish you and your family only the best for 2001. Thank you for your friendship. It is greatly valued. I apologize that this letter is rather sad.

Yours Faithfully, K.J.

P.S. Since I wrote the above - on Sunday night my brother, sister-in-law, and a visitor were held-up in their farmhouse and the place ransacked. The assailants also broke into three local churches in the small town nearby and did a lot of damage - chopping an organ and other senseless acts. This year's "Day of the Covenant" (Blood River) will be in the spirit of humiliation. K.J.

LETTERS

HOSKINS LACKS COMPASSION: "Dear Dick; One element is lacking in your writings that can be hurtful to some dedicated Christians, Compassion. One member of my family by marriage is a southern Italian and looks it. However, he blushes red. A few years ago he was hurt by comments of others who rejected him because of his appearance. For a time he nearly lost his faith. I have related the above incident to bring forth and emphasize the element that is lacking in your writings - the love and compassion that should go with it. I have known many individuals completely turned off because they know of some grandparent or great grandparent who was definitely not Saxon-Israel. Everyone needs encouragement even if he is not pure in his bloodline. " D.C. - Washington

RKH: Dark skinned southern Italians are descended from Arabs who were forcibly converted to Catholicism, a leftover of an early Islamic invasion of Italy. Arabs are descended from Esau a mixed- breed race. God's Law says; **"A bastard (Heb: mamzêr - mixed breed, mongrel) shall not enter into the congregation of the Lord; even to his tenth generation shall he not enter into the congregation of the Lord (Israel)." De 23:2.**

We try to live by God's Commandments the best we can in this age of Christian persecution. I am sorry this individual had his feelings hurt. But if he is truly a Christian he will want to obey the Christian Law, stay with his own kind, and with them enjoy the benefits of Godly obedience and also enjoy the protection of Saxon-Israel. God's people will not reject him as long as he is obedient. They will only reject his attempt to violate the Law by trying to integrate with them which puts them in violation of their God's Law.

The Law clearly states the prohibition over and over; **"The stranger (Heb: zûwr - racial alien) that cometh nigh (the tabernacle) shall be put to death."** Numbers 1:51. It does no good to say that Jesus changed his mind and all that, because Jesus himself said **"I am not come to destroy the law, or the prophets: I am not come to destroy, but to fulfill."** 5:17. This is HIS Law we are talking about.

I am familiar with the quotation *"The Lord ... is not willing that any should perish, but that ALL should come to repentance."* Isaiah 56:3-7. All of whom? Jesus answered that; **"I am not sent but unto the lost sheep of the house of Israel."** Matthew 5:24. This should answer the question and further confirm what was written before; **"For thou didst separate them from all the people of the world to be thine inheritance."** 1 Ki 8:51.

Try as we might we cannot separate by integrating. It just can't be done. To prevent integration God commanded; **"They shall not dwell in thy land, lest they make thee sin against me."** I Ki 4:21,24. We were tolerant of Lawlessness and let strangers into our land; now, look at conditions in the country.

But, hurt feelings or not, the Law still stands: **"Come out from among them, and be ye separate, saith the Lord."** 2 Cor 6:17; **"For thou didst separate them from all the people of the world to be thine inheritance."** 1 Ki 8:51; **"Now it came to pass, when they had heard the law, that they separated from Israel all the mixed multitudes."** Neh 13:3;⁷ **"Separate yourselves from the people of the land, and from the strange wives."** Ezra 10:11

⁷ Geneva Bible explanatory note: "That is, all such which had joined in unlawful marriage, and also those with whom God had forbidden them to have societie."

Incidentally, the same thing happened in my family. A beloved cousin married a stranger. As long as the two individuals involved stay together neither is invited to any family functions nor may they eat with any member of the family. This also is in obedience to the Law:

"If the priest's daughter also be married unto a stranger (Heb: zûwr - racial alien), she may not eat of an offering of the holy thing (daily food blessed by God), But if the priest's daughter be a widow or divorced, and have no child, and is returned unto her father's house she shall eat of her father's meat; but there shall no stranger (Heb: zûwr - "racial alien") eat thereof." Lev 22:12-13

If I seem to lack compassion, I'm sorry. I feel that more important than kneeling before today's compassion concept is, **"We must obey God rather than men." Acts 5:29.**

Chapter 317

HOW TO SHOOT A PISTOL

Ninety-five percent of all the trouble people have shooting pistols is the result of improper trigger squeeze.

The Pistol As A Tool

The pistol is a weapon designed to do things that other weapons can't do. It is made small so that it can be quickly maneuvered from one direction to another in confined areas.

Lew Wetzel

Lew Wetzel, the famous Saxon frontiersman who almost single-handedly protected Virginia from Indian ravages and in the process killed more than 2000 warriors, carried a pistol. This was in addition to his flintlock rifle which he used at ranges up to 500 yards. Many times he found himself in a

position where he could neither maneuver his rifle nor reload it in time to meet an enemy. That's when his pistol saved his life.

Six Men

Aunt Lucy Kelly owned a house in Culpeper that once belonged to a member of Mosby's Rangers. She bought it along with a lot of furnishings that nobody seemed to want since the former owner was a bachelor. One thing left in the hall was a large oil painting of a fox-hunting scene. The old ranger was pictured in civilian clothes riding behind his dogs. He was a handsome fellow; black horse, black beard, slouch hat and great looking Walker fox hounds.

My Uncle Roy Hume was old. He had known the ranger and his story. We stood before that painting and he told me how he had been in Mosby's 43rd Ranger Battalion. He had been one of the six that had taken part in a memorable event in 1864 that people in Northern Virginia still talk about.

It had been raining all night and a Yankee cavalry regiment was passing down the Valley turnpike. Everyone was wet, cold, and miserable. No one talked. The creak of harness and an occasional shod hoof striking a rock in the road was the only noise.

From the woods next to the road emerged six mounted men at a walk. They lined up parallel to the column within five yards of the line of march, halted, and quietly adjusted their distance by raising outstretched arms. This done they folded back their oil slickers exposing their pistols. Each man had two six shot cap and ball revolvers - a total of 72 rounds. At the softly spoken command they quietly drew their pistols and began shooting blue cavalymen in front of them.

There was the loud report of pistol shots, men yelled, horses reared and bolted, bodies fell left and right. As each shooter emptied one pistol he drew the other and continued shooting until his pistols were empty and there was no one left in front of them. The Federal column had broken and bolted in both directions out of range of the wild killing machine and its carnage. The six shooters then quietly turned their horses and walked them back into the woods leaving 43 opponents lying on the ground. Forty- three dead and wounded out of a possible 72. Remarkable shooting considering that they were shooting at moving targets.¹

Maj. William Hoskins & The Deserters

My great-grandfather, Dr. William Hoskins, was surgeon of the 59th Virginia. He and the other officers had been allowed to keep their sidearms after the Army Of Northern Virginia surrendered at Appomattox.²

On his way home, he and his cousin, Dr. Beverly Nunn, rode through smoldering Richmond. While passing through Prince George County on the other side they heard women screaming. The screams came from a house close to the road. The two quickly drew their pistols and jumped their horses over the fence and confronted a party of Union looters who were forcing their attentions on the ladies of the house. In less time than it takes to tell the story - Dr. William shot two of them and his cousin shot three. I have my great-grandfather's pistol. It was a six shot "Starr", the same kind carried by General Robert E. Lee.

¹ The federals retaliated against the civilian population by burning every house and barn within ten miles.

² Eighteen thousand men surrendered to federal forces numbering over 200,000.

I Missed The Tree

I was 14. Everyone could shoot except me. Daddy was a busy doctor and didn't have time to teach me, so I took his pistol and went down in the woods to teach myself. I put a target on a big tree and stood back, aimed and fired. Not only did I miss the target but I missed the whole tree. I was flabbergasted! How could I miss the whole tree? This was not at all like the stories I had been told. I was so close that I could have easily thrown the pistol at the target and hit the bull's eye, but I had missed the whole cotton-picking tree!

Evidently, pistol marksmanship was not easy.

H&R .22

When I was sixteen I bought an H & R nine shot .22 pistol from a boy across town. It wasn't much of a pistol. After shooting you had to take the revolving cylinder out, punch out the empty shells, then reload. It was a time-consuming process and after firing it countless times my marksmanship still left much to be desired.³

I remember one incident in particular. I was walking down the dirt road from Abert to Lynchburg and discovered a moccasin sunning himself in the middle of the road. That snake wasn't afraid of me at all. I walked around him and he just followed with his head.

I figured I'd just go ahead and shoot him. I pulled out my H & R, aimed, and shot. I shot nine shots and missed every time. I took the cylinder out, punched out the empties, reloaded, and fired nine more shots, and missed again; I re-

³ State laws vary. In Virginia you can wear a pistol if it is not concealed. You can carry a concealed weapon if you have a permit, and they are easy to get. Different states may have different laws.

loaded and fired nine more times. I was so close I could have spit on that snake. I missed every time. Twenty-seven times. The ground around that snake looked like it had been plowed for spring planting. I found a stick and killed the snake. Thank goodness no one was watching.

Improvement

Every spare cent I got from cutting grass, picking and selling cherries, raking leaves, and shoveling snow went for .22 shorts for my H & R. In those days a box of 50 cost a quarter. Every day I went to the bottom of the hill and fired ten shots. It was all I could afford. I kept careful score. Improvement was slow. I had no one to teach me. I fired thousands of rounds. At last, I could hold them all on the white and many were in the black.

When I was 15 my parents sent me to military school to prepare me for war or to become a militia officer one day. I played soldier, football and learned to shoot a rifle. But, pistol excellence remained elusive.

Colt .22

When I was 17, my Uncle Thompson came back from the navy. He brought me a .45 pistol that he bought from a marine that had gotten it from a Jap on Iwo Jima. The marine told my Uncle Thompson that the Jap was a sniper who they figured had killed 21 marines before they got him. Uncle Thompson supposed that the Jap got it from an American soldier on Bataan in the Philippines. I shot this .45 when I could afford it.

I went to Lynchburg College. I worked two jobs but I still needed money to shoot, so I joined the old 116th Regiment

of the 29th Division that reorganized in the National Guard after WWII.⁴

With my first pay I bought a Colt .22 match pistol with long barrel and adjustable sights. It was a beauty. My shooting took an immediate leap forward. Now I was able to keep all my shots in the black.

Army .45

In the National Guard I was in a machine gun platoon and my side-arm was the .45. Because of this I had the opportunity to shoot the army .45 often. I took to it like a rabbit takes to a briar patch. Capt. Morris, company commander, would let me check out a pistol whenever I wanted and take as much ammunition as I thought I needed. (I hasten to add that you can't do that any more.)

The army .45 was heavy - about 3 pounds. It was designed that way. The .45 bullet was heavy - 240 grains. When you fired, the bullet traveled so slow that it almost floated to the target. When it hit the target, it dealt a heavy blow - like a man being kicked by a horse; it would pick you up and set you down somewhere else.

The 3 pound pistol was heavy enough to absorb the recoil so that the "kick" was hardly noticeable. It did make a racket, so I had to wear ear plugs. To me, it was wonderful.

⁴ The 116th Regiment of the 29th Division is the one that went ashore at Normandy and took such heavy casualties. The Bedford company was almost wiped out. I learned a lot from the veterans. First Sgt Wingfield had been Company H's 1st Sgt during the war. The 116th, disbanded after the war, reorganized with fillers back in Virginia and Sgt Wingfield was Company H's 1st Sgt once again. I was one of the fillers.

AF '52 - The Pistol Range

When the Korean War broke out I volunteered into pilot training. In 1952 I was taking a walk near the gunnery ranges at Camp Seven Mile near Spokane when I passed a line of men shooting .45 pistols. I asked if I could shoot and they let me. I shot pretty well, thanked them, and left.

Two days later I was walking past the same range where a smaller group was firing. The major in charge, Maj. Chenault, called me over and said that they had been looking for me - that I had made the Fairchild AF base pistol team. I didn't know that I had tried out for it. I had never been on a pistol team before. This was new, and frankly, exciting.

15th AF

There were old shooters there and I had a lot to learn. All of them shot better than I did. I was either the bottom man or next to bottom man every day. There was one captain who shot scores half again better than anyone else.

During the next two weeks I shot more in practice than I had ever shot in a similar period before in my life, and then found myself and nine others of the Fairchild Air Force pistol team flying to the 15th Air Force headquarters at Riverside, California to participate in the 15th AF pistol matches. All the AF bases in the 15th AF sent their teams.

Since only four-man teams can fire in a match, our Fairchild ten had an elimination shoot-off competition among themselves to choose the best four shooters. The captain that had shot so well back in Spokane blew up under the pressure and was eliminated. I was lucky to be chosen one of the four to represent the Fairchild team to compete against the other 15th Air Force teams.

Then, the shoot-off started among the teams of the 15th Air Force. I don't know how many base teams were shooting, but it took all day long for them to complete shooting.

As a result of the shootoff every one of the men from Fairchild was eliminated. All of them had been better shots than I was. I was one of the four chosen for the Fairchild team, and now I was one of the four chosen to represent the 15th Air Force pistol team at the Strategic Air Command matches being held at Omaha, Nebraska.

The 15th AF match at Riverside was the first match I had ever fired in. It taught me one thing. *The worst you shoot in practice is the best you will shoot under pressure.* Most of the shooters in that match had days when they were much better shots than I was, but only three on that day were better when they had to shoot under pressure. While I seldom shot high scores I seldom shot low ones either - and I was too much of a rube to be afraid.

SAC

The Strategic Air Command matches were big time, and I was nervous. All the Air Forces in the Strategic Air Command had flown their teams in from all over the world - Europe, Africa, Asia and everywhere. I don't know how many shooters or how many teams there were, but I had never seen so many shooters at one place at one time before. There was a great long firing line with covered firing posts and shooting tables. Everything neat, tidy, and clean.

The pistol range faced on a wide river. The bullets would go through the targets and hit the water beyond the range and kick up a big splash. There was a big score board with everyone's name on it. Great long columns of names. I had

Gen Curtis LeMay Presents Shooting Award

Gen Curtis LeMay, Commanding the Strategic Air Command, presents Richard Kelly Hoskins the SAC shooting award for winning second place in the 1952 SAC international .45 pistol competition. This award also won Hoskins a birth on the SAC pistol team that competed at the Nationals held in Jacksonville, Florida.

to hunt for five minutes, but my name was up there too - I was one of them.

When time came for me to shoot I was so nervous that my knees shook. Some fellow behind kept calling everyone's attention to my wobbling knees and everyone laughed. This made me more nervous still. My hand and pistol were visibly shaking. I didn't feel that I had done very well at all.

I think we fired the entire course two or three times. Toward the end of the day a lot of my nervousness had gone, but I was drained - dirt tired. Thank goodness it was all over. I was ready to go back to Spokane and get into clean clothes.

Before that could happen the scores had to be posted and awards made.

Some Tech-Sergeant was first. He was so far ahead of everyone else that he was in a class by himself. They shouldn't have put anyone else's name on the same board with his. But, guess who was second? I was!

My name was up there on the board in 2nd place. In spite of my wobbly knees and shaking hand I had come in second. Unbelievable. I had fired #2 in the Omaha, Nebraska, Strategic Air Command pistol matches. I was overwhelmed. The shooters all slapped me on the back and treated me like I was somebody.

The top five shooters (four shooters and an alternate) were chosen to represent SAC at the 1952 Nationals in Jacksonville, Florida.

Before that, we all were presented shooting awards by General LeMay, Commanding General of the Strategic Air Command.

The Nationals

The Nationals at Jacksonville seem a blur after all that had gone before. Two things stand out.

First, I was practice firing at fifty yard targets and turned my scope to see how the fellow next to me was doing. He had hit once near the very center of his bulls-eye and the next two shots seemed to have missed because I didn't see any more hits. Then he fired once more and I saw the hole in the center widen - the guy was shooting them all in the same hole. Wow! That was shooting!

Leaving the line I called over, "You keep shooting that way you'll win something around here."

The fellow smiled and replied, "Thanks!"

I asked a bystander who he was. The reply was, "That's Joe Benner, world's champion pistol shot." I was really in the big leagues.

The second thing I remember, and I remember it full well, is that I was chosen from the Strategic Air Command pistol team to be one of the four shooters for the AIR FORCE Pistol team. Firing for the AIR FORCE I fired third place and we beat the Strategic Air Command team and a lot of other teams.⁵

Home Again

I flew home to Spokane, slept, got into clean clothes, and received awards from the commanding general of Fairchild Air Force base.

Then I went back out on the range to practice with the same Fairchild Air Force pistol team that I started out with. Half of them beat me shooting almost every time.

The rule. The worst you shoot in practice will be the best you shoot under pressure. Make your worst practice shooting the best you can.

General Rash

Ten years later I was called up on active duty with the 100th Airborne Division. I was assigned to be aide to the commanding general, General Dillman Rash.

He confided to me that in thirty years he had never been able to qualify with his assigned weapon - the .45. It was a

⁵ If anyone pokes around in the dusty old shooting records of the Nationals fired in Jacksonville, Florida in 1952, a half a century ago, and should stumble across the record of the Air Force Pistol Team, you will find the name "Hoskins" listed as one of its team.

real embarrassment to him. I told him I could make him an expert in twenty minutes. He didn't believe me but he went out to the range with me and did the simple little things that I told him to do.

The next general orders that came out had General Rash's name at the top of the list of men that had qualified. He not only qualified, but he qualified "Expert". The wreathed pistols with the "EXPERT" motto was on his uniform that very same day. Twenty minutes. That's all it took.

It took General Rash 20 minutes because in 30 years he had learned every bad habit that the army can teach. If he had never shot before I could have taught him in two minutes. Maybe faster. It's true. I've seen shooters do it lots of times.

Now, this is how you do it.

The Longer Lesson

I'm going to take more than two minutes because I want to tell you some of the little things about shooting that I might not be able to tell you later.

Start With A .22

If you can, start with a good .22 pistol - one with adjustable sights. Then, when you have the money, get an Army .45. Get one with adjustable sights if you can. I've been told that there are other pistols just as good or better than the .45, but the .45 is the only one I have much experience with.

You can practice cheaply with a .22 and use your .45 when you have to.⁶

The .45 Kick

A .45 doesn't kick like a mule. It is designed not to kick. That's why it weighs 3 pounds. That's plenty of weight to absorb the recoil when the pistol goes off. The .45 doesn't kick much more than a .22, and that doesn't kick hardly at all.

The slide coming back to pick up and load a new bullet is the "kick" that some people talk about. It makes the pistol ready for you to shoot again.

Noise

.45s make noise. Noise makes you flinch and jerk the trigger. If you jerk the trigger you will miss the target. That's a rule. Stop the noise - then you won't be likely to flinch and jerk the trigger. Squeeze the trigger instead of jerking and you will hit the target.

Ear Plugs stop noise. You can get them at any gun store. Some use fancy ear protectors that look like ear phones. They are good. When I forget to bring ear protection, I just stick .45 bullets in my ears - bullet end first. That's what service pistol teams did 50 years ago. Teams now use the fancy ear protectors.

Stance Stand naturally. To find your natural stance, close your eyes and raise your arm naturally. Open your eyes. Your arm is now pointing naturally about 45% from your body. This is the way it should be when you shoot. Without moving

⁶ Frankly, the hand cannons - the .44 and .38 magnums scare me. I won't shoot one if I can help it. They are a whole lot more pistol than I want. I just want to hit what I aim at - not to be able to shoot through an engine block in order to obliterate it. Just hitting what you aim at is good enough for me.

your arm, move your body around until your arm points at the target and you are ready to go. That's your natural stance. Stick your free hand in your pocket to get it out of the way.

One Hand Or Two: Should you hold the pistol in one hand or hold it in two. The movies do it two handed. It's up to you. It's hard to drive a car, ride a horse, or hold a flashlight if you are holding your pistol with two hands. I learned to shoot with one hand so as to have a free hand for something else if needed.

Feet Placement: Just spread your legs until comfortable. Just be natural.

Arm: Keep your arm straight. A bent elbow uses five muscles. A straight arm uses two. Using half as many arm and shoulder muscles cause you to be half as apt to get tired - and cause your hand to shake. Keep your arm straight.

Eyes: I keep mine open. Both. Some shut one eye. No big deal either way.

Sights: A pistol is designed for short-range shooting. Most targets are seldom farther away than across half a room. For this kind of shooting you don't need sights. You do have to "squeeze". If you squeeze you will hit the target. If you jerk you can easily miss a big target just 5 feet away. Squeeze fast if you must! But squeeze!!

In emergencies you may have to shoot 50-100 yards or more because a pistol may be all you have. That's when you use sights. Most of my boyhood friends shot and hit targets

well over 100 yards away. Long-range shooting with a pistol requires sights.

Using The Sights

In the figure below - #1 Represents the front sight on the barrel of your pistol. #2 represents the rear sight. #3 represents the target.

The next figure represents how the three should look when you aim.

Place the front sight # 1 in the notch #2 with the top of the front sight level with the top of the rear sight and equally spaced on either side.

Now: aim at the target without looking at it. The round target will seem to be just a blur in the background. Don't let that bother you. Concentrate on lining up the front sight with the rear sight - and squeeze. When your pistol goes off without your knowing when it's going to go off - you'll hit the target almost every time.

Holding The Pistol

If you hold the the pistol too tight - your hand will shake. Try it. Hold your pistol extra tight and see. Your hand will shake.

Hold the pistol gently. It's not going to jump out of your hand and run away - at least I've never seen one do it.

Put your finger on the trigger wherever it feels natural. Everything should be easy and natural. Good shooting isn't for "fancy-dan showoffs".

The Educated Finger VS The Jerk

Since childhood the forefinger has been trained to act in unison with the other three. The trouble is that if you use the other fingers in squeezing the trigger you will tend to jerk.

Hold your fist in front of you like you were holding a pistol and suddenly clinch your fist down. The other three fingers will cause you to JERK the pistol - down. Your shots will go below the target at spot #4. I've seen people jerk shots into

the ground five feet in front of themselves - and scare the daylight out of everyone.

Clinch your fist to the left and your other three fingers will cause a left jerk - your shots will go left. #1 (see upper right).

Clinching your fist to the right will jerk your shots to spot #3 at the right, and a clinch backwards that uses the heel of your hand as a swivit will jerk your shot high to spot #2.

The JERK is the shooter's worst enemy. Never permit it to begin. The placement of the shots on the target will reveal what the shooter is doing right and what he is doing wrong.

Practical Shooting

Last year 2,000,000 Americans, using mostly pistols, protected themselves against robbery, rape, and assault. Most times the mere brandishing of the weapon discouraged the attacker. Most times the confrontation took place in an area the size of an ordinary room. Once again, if you must fire at a target this close - this is what you do:

Lining Up: To hit a target near you - just raise your pistol, point your arm at the target - and squeeze the trigger. That will do it. You'll hit the target almost every time. Don't bother with sights - don't need them.

A squeeze can take either 20 seconds, 1 second, or 1/10 of a second. You learn by doing. The common denominator is that you don't know when the pistol is going off - you squeeze the trigger.

Sighting a more distant target requires you to use the sights. Gently squeeze the trigger while keeping the top of the front sight level with the tops of the rear sight just like the picture to the left.

Once again, don't worry if your arm shakes. It's natural for it to shake. When it gets tired or you get nervous your arm will shake even more. Sometimes it shakes so bad that people will notice, like they noticed when my arm and knees shook so badly at the SAC pistol competition half a century ago. As long as your pistol is lined up and squeezed, the barrel isn't going to go much off the target. Your shot will hit.

Squeezing The Trigger

Ninety-five percent of all the trouble people have shooting pistols is the result of improper trigger squeeze.

Everything I've said before has just been to lead up to that one statement. *"Ninety-five percent of all the trouble people have in shooting pistols is the result of improper trigger squeeze."*

It certainly was true in my case. I shot tens of thousands of rounds before I discovered what other shooters knew all along. JERK and miss the target. You have to learn that . If someone had only told me.

I've taught little 80 year old ladies and nine year old girls to shoot the .45 pistol. They did what I told them to do; they squeezed the trigger and hit the center of the target from the first shot. What took them less than two minutes to learn took me three years and hundreds of dollars.

Squeeze and hit. Jerk and miss. It's that simple.

A Comfortable Weapon

Hitting your target is more important than what you hit it with. A hit target isn't going to bother you any more. If you are more comfortable with a .22 - use it. I find people are split half and half between the .22 and the .45.

Be Confident

Of the hundreds I've taught to shoot in the service and at home. I would guess that most would qualify "expert" if they shot in army qualification. Most of them never held a pistol before. They just followed these simple rules.

My wife and four daughters all shoot. My oldest daughter's husband's pistol team came to Bedford County to shoot. Maybe fifty men. They had the latest pistols, shooting jackets, and all. They set up a combat course near the Peaks Of Otter.

My two oldest daughters asked if they could shoot. Guess who ended up 1st and 2nd?

Conclusion

I've trained myself since I was a boy to be able to protect myself, my family, and my neighbors if it were ever necessary. Thank goodness, I've never had to shoot anyone. I've never even seen a mugging in my whole life. However, if I do I hope I will be able to help. Just the other day I was talking to a lady who told me that she was afraid to go downtown.

I said to her, "Look, Ma'am, There's nothing to be afraid of. I've lived in Lynchburg all my life and I've never even seen any violence. When I want to go somewhere, I just put my .45 in my belt, take my two Rottweilers and go anywhere I want to, and I've never had any trouble."

I was just kidding, of course. There are lots of places I don't take my Rotweilers. But my wife and daughters don't leave home without protection.

It wasn't that long ago that media-created "Saint Martin" stirred up trouble that set a major city on fire. The violence spread to Lynchburg. On 5th Street, Blacks threw cinder-blocks through car windshields. Thank goodness that no one

was killed and the drivers had sense enough not to stop their cars.

In the 1920s and the 1880s there were other such outrages. In the late 1860s and early '70s, blacks ran Lynchburg backed by federal bayonets. In the 1830s and '40s there were scattered slave revolts with Nat Turner's followers bashing in the heads of a whole school full of white children. In the early 1800s, ships full of refugees arrived in Virginia fleeing the black massacre of whites in Haiti. Before that were other scattered slave revolts and British - and French - led Indian massacres throughout the entire Valley and western part of the state.

When an Indian painted for war crashes through the window - that isn't exactly the best time to start thinking about preparing for an emergency. The emergency has arrived; now, what are you going to do about it?

Just a few weeks ago a black broke into a house in Lynchburg and sodomized the teenaged daughters. What kept the daughters from taking care of the problem themselves? It was because their father had not taught his daughters to fire a pistol. He didn't even own one. Disgraceful!⁷

Recently in Nebraska, two blacks forced entry into a house where two young white men and three young women were playing music. Using an underpowered antiquated .380 pistol, the two blacks forced them all to disrobe and they repeatedly raped the three white girls with the white men standing there watching. Then they forced the white men to rape the girls. After that, they made them kneel and shot each one in

⁷ *"When a strong man armed keepeth his palace, his goods are at peace." Luke 11:21*

the back of the head one at a time. None of the five victims had a weapon with which to defend himself or the others.

"How can one enter into a strong man's house, and spoil his goods, except he first bind the strong man? and then he will spoil his house." Matt 12:29

What is the difference between a man believing the marxist-media and binding himself into non-resistance by not owning a weapon, and, having a marxist state disarm him as has been done in Canada and Australia? The result is the same.

The Scriptures say;

"You shall not ... stand by idly when your neighbor's life is at stake." Lev 19:16

The marxist state has proved time and again that it can't, won't, and has no desire to protect the Saxon. England and Australia are sending white Rhodesian refugees back to their black ruled country to fates worse than death.

Liberals have shown that they are incapable of protecting anybody or anything; and as for a mysterious hero on a white horse riding out of the nowhere to rescue you if trouble appears - don't count on it. I don't expect that most of us will ever have any trouble. But; if we do - ,⁸

I would suggest that you keep your pistol close at hand and know that you must *squeeze* the trigger - not *JERK*, because

⁸ *"Also he bade them teach the children of Judah the use of the bow: behold, it is written in the book of Jasher." 2 Sam 1:18; "Teach thy sons the bow and all weapons of war." Jasher 56:9; "Walk not on the road without weapons, for thou knowest not when the foe may meet thee, so that thou manyst be ready for him." Story Of Ahikar 2:27*

if you JERK the trigger you are going to miss the target - and you can't afford to miss. Others may be depending on you.

"He said unto them ... he that hath no sword, let him sell his garment and buy one." Luke 22:36-37

Byron de la Beckwith Is Dead

Byron de la Beckwith is dead. He was convicted of shooting the NAACP agitator, Medgar Evers, after the third trial, by a black jury, thirty years after the event and was sentenced to life in prison.

Due to the Lawlessness of his trial, numerous attempts have been made to overturn the conviction. Each attempt was met with collaborator foot-dragging. The establishment had hoped that "De La" would die in prison and relieve the system of the nagging Beckwith problem.

Byron de la Beckwith died in prison. He was an irrepressible Christian patriot who always saw the humor in adversity. He was a gentleman, and is now a martyr. We will remember both him and his persecutors when we come into our kingdom.

COMMUNIST MANIFESTO

We will take back what is ours, but first, we must understand the game in play.

Plan Of Action

Like the *Ten Commandments*, the *Communist Manifesto* has ten parts.

"We cannot expect the Americans to jump from Capitalism to Communism, but we can assist their elected leaders in giving Americans small doses of Socialism, until they suddenly awake to find they have Communism." Nikita Khrushchev, *The Congressional Record*, 7/26/61, pg 12622¹

Communist Manifesto In Brief

- 1. no private ownership of land**
- 2. income tax**
- 3. no inheritance**
- 4. confiscate rebels**
- 5. centralized credit**
- 6. communications & transportation regulated**
- 7. production centrally owned**
- 8. equality of sexes**
- 9. farms & factories combined**
- 10. public schools**

Political Economic Systems

There are two religious/political/economic systems - the episcopacy and the presbytery. Episcopacies rule from the top down; presbyteries rule from the bottom up.

The Westerners' natural system is the presbytery - it rules the Lawful. The natural system of all other peoples is the episcopacy - it rules the lawless.

Westerners' Constitution & System

God the WORD is the Westerners' Constitution. This Constitution rules his religious/political/economic system. God appointed each man a king and priest and ordered his land divided among men - never to be sold.²

¹ Socialism is simply rule by an episcopacy, the leader of which is known as "King", "Commissar", or "Chairman of the Board."

² *"The earth is the Lords." Ps 24:1; "The land is mine." Lev 25:23; "The land shall be divided for an inheritance." Lev 22:24; "The land shall not be sold for ever: for the land is mine." Lev 25:23*

The self-sufficient farm system is HIS kingdom; the WORD appointed man to be king under the WORD and rule his creation in a presbytery manner - from the bottom up. It is to be organized by 10s, 100s, and 1,000s.

The presbytery system created by God the WORD recognizes no king other than the King of Kings and no Constitution other than the WORD.³ It is for this reason that the media of the episcopacy hounds those who speak for a return to the Law. The Law is the enemy of the lawless.

Esau's System

The lawless are ruled in the episcopal manner - from the top down. The episcopacy is made up of three ruling classes:

- * Great Kings & standing armies;
- * Levites with their usury banks;
- * Great Merchants with their monopoly media.

In this system there are taxes, prisons, corporations, mafia police, bully press, all enforcers of "lawlessness."

God the WORD made man in his own image. Other races are made in the image of their Gods. Mixed-race peoples are descended from many races - each having its own god. Mixed race people have as many different gods as they have ancestors of different races.

Esau's episcopal system results from the countless laws handed down from the mixed-gods of his mixed race peoples. The resulting mass of conflicting rules, regulations, rituals, and ceremonies causes confusion and lawless behavior re-

³ If coerced, we are to obey to keep from giving the king an excuse to kill us. (Matt 17:27)

quiring a strong king ruling a strong episcopal government to maintain order.

Esau's descendants know no other system. A strong episcopacy is required if they are to live and trade peacefully with each other. Since this is essential for their order and livelihood, they take this system with them when they go to live among strangers. If permitted entry into Western presbytery lands, they immediately start to work to introduce an episcopacy that they must have to feel safe.

The WORD warns us;

"Esau was a designing and deceitful man, one who hunted after the hearts of men and he stole their minds." Jasher 29:20

Esau's peoples and their ways are alien to God the WORD and the people he created. The Scriptures say:

"Isaac⁴ have I loved but Esau have I hated." Romans 9:13

Long ago our fathers adopted Esau's system of episcopal kings and have suffered grievously for it ever since.

With the usual cultural differences, the episcopal system is the same worldwide.

Communism & Capitalism

"Communism" is Esau code for the political side of Esau's episcopal system; "Capitalism" is code for his economic-usury system; and "atheism" is code for a "hands' off attitude" toward lawless religions his episcopacy rules. "Atheism" simply means that rulers must publicly treat all alike including

⁴ *"They shall no more be remembered by their name." Hos 2:17 ("Israel"); "The Lord God shall ... call his servants by another name." Isaiah 65:15; "In Isaac shall thy name be called." Romans 9:7; Isaac-sons, "Saxon".*

"Christians" once they renounce obedience to Christian Law. The Christian Law is the thing Esau and his surrogates must quietly but firmly suppress. Otherwise, Esau's rulers may not show public religious favoritism.

War

The lawless world of Esau is a world of constant economic, social, religious, and physical conflict. The conflict never ends. Sections strive with each other. Brushfire wars break out and subside. Armies loot neighbors. Former enemies make peace, and together fight yet another neighbor. Warfare is a way of life. Kings come and go. New rulers replace their own followers in the ruling caste system that they have just taken over and Esau's episcopacy continues with hardly a ripple.

Reinterpretation

Esau's scribes rewrite history so that it has become almost unintelligible. Following are the actual events leading to the writing of the Communist Manifesto.

Europe 1848

The 18th and 19th centuries in Europe were times of great unrest. The religious part of the Reformation had been suppressed following the defeat of the Peasants' Revolt. The political-economic aspects were fought out in the devastating "30-Years War" which ended in a Catholic-Protestant stand-off. The Catholic priesthood then unleashed their Jesuits to bring the Protestant heretics back into the fold by any means available.

In spite of the squabbling between Catholic priests of the Pope and Protestant priests of the Kings - Biblical teachings that had been unleashed during this period went directly into the souls of the great Saxon masses who had long been oppressed by kings, lords, and prelates. For the first time in a millennium and a half, Westerners understood their rights; they also understood that the rule of both their kings and the priests had been unjust and unlawful. They reacted with a series of revolts which their kings quickly and brutally suppressed.

Looting Expeditions

Readers remember from HR #312 "Attila", that a relationship existed between Rome and Attila so that Attila could dispose of the loot gathered from the rich outlying Roman provinces. Likewise, loot from Russia's Revolution found a ready market in Western Europe - no questions asked; wealth looted from the South found a ready market in Washington and New York; wealth looted from S. Africa found a ready market in Capetown and London; wealth looted from Germany in WWII found a ready market all over the world - including Lynchburg. In Esau's lawless world, strife is a normal and natural condition. Both victor and vanquished continue as part of the episcopacy and later may unite to prey on still another.

The World Of 1848

The world of 1848 was ready. Sensing prey, Sons of the Huns sent their well financed agents into this tinderbox of discontent. They promised the oppressed that the wealth taken from their fathers and held by establishment kings and

priests would be seized from them and given back to the people. It was the best offer heard since before the Reformation and many went for it.

The Plan

Agitation for a revolution climaxed sooner than expected. The destroyers quickly delegated Karl Marx, a son of a rabbi and one of their number, to draw up a proclamation - fast! This had to be done for two reasons.

First, those issuing the Manifesto would be looked upon as its leaders. If successful, the leaders would profit most in the distribution of loot.

Next, America's Constitution was still relatively new, and was looked upon by people worldwide as freedom's roadmap. So, the Manifesto was likewise written as a constitutional roadmap. Like the American constitution, it opposed kings ruling in an arbitrary manner.

Actually, the plan was to deceive the people and replace existing kings with kings from the ranks of Esau's sons. This would leave Western peoples with commissars as their rulers instead of kings. As a propaganda work the Manifesto was a masterpiece.

The Manifesto Appears

At the end of February the Manifesto was published. Its completion rushed to coincide with the beginning of riots, looting, and bloodshed that historians have named the *Revolution of 1848*.

Three weeks after the bloodbath started in Sicily, the Manifesto was in print. Europe was reading it in the streets the very day King Louis Philippe of France was overthrown,

and was debating its demands at the instant the Prussian monarchy was made to grovel before the red mobs. All Europe had read it by the time Metternich was driven from the Austrian government 3 weeks later. It was well organized - propaganda and terror at the same time.

The Manifesto Itself

The threat in the Introduction to the Manifesto was clear:

"A spectre is haunting Europe - the spectre of Communism ..."

The 1848 Communist Manifesto demands are the same today as they were yesterday - modified only slightly for its audience. They represent the inner nature of Esau so there is no way for them to change.

1. Abolition of private property: In 1848, most property was owned outright by kings and their nobles and the Catholic and Protestant churches.

Today, government kings own the same land that had been owned earlier by kings and nobles; Through corporations, churches continue to own what they had owned before.

2. A heavy graduated income tax: In 1848, both the king and church, owning practically everything, were exempt from taxes. The people were told that the graduated income-tax would transfer the burden of taxes from the people to the king and their wealthy nobles, the great merchants, and the church.

Today, the three castes are still tax-exempt or undertaxed, and the people are still taxed as heavily as before.

3. Abolition of right of inheritance: The Church enfeifed kings. Kings enfeifed nobles. Nobles hired Workers to work. Workers sharecropped but seldom owned the land they worked. The Communist Manifesto promised that title to land and factory would be transferred to the people.

Instead, the communist leading the revolt became king and enfeifed the land and property to his party officials - the new aristocracy. All remained as before.

The ones hit by the "Abolition of the right of inheritance" were entrepreneurs who had amassed large estates. In Lynchburg, *The Lynchburg News & Advance* was sold to a Cartel corporation to satisfy inheritance taxes. Across the nation, farms, homes and businesses are constantly being brought into the episcopacy's International Trade Cartel (ITC) to satisfy inheritance taxes. Inheritance taxes force property owners to give up their property.

4. Confiscation of property of rebels: Platform #4 was written to legitimize the taking of property of those who opposed the Revolution of 1848 - this meant the kings and priests.

Today, anyone who opposes the coming revolution is certain to be branded "rebel" and may have his property confiscated on one excuse or another. The process has started. This last month, the Indianapolis Baptist Temple was seized by government agents for refusing to collect social security taxes for the government.

A trigger that can be pressed at any time is the approximately \$22 in IOUs coming due worldwide with only \$1 in the M1 money supply with which to pay. All that is needed to cause general bankruptcy countrywide is to siphon off the thin floating supply of money. This can easily be done with

a permanent oil price increase; continued high interest rates, or, continued high taxes. One, or a combination of these, would send a normal economic slowdown spiraling into a desperate depression where there would be no money to allow people to pay their debts. Desperate people can be easily led into an "1848" type revolution.

The world is already filled with potential "rebels" whose property is ready to be taken and given to another. A depression would fill the treasure box to overflowing. Then, as the dust settles, Esau's episcopacy would continue as before with new rulers.

5. Centralization of credit as an exclusive monopoly in the hands of a national bank: The owner of the usury banking system determines success or failure. Those getting loans succeed - those who don't, won't. The secret - extension or withholding credit. This is the exclusive monopoly of the privately owned national bank and its affiliates.

Regardless who becomes "king" in the next looting expedition, the ownership of the national bank will not change. Loyalty is guaranteed by using Sons of Esau as its operatives.

Rulers Of The Sons of Esau: People wonder why so many sons of Esau are bankers and great merchants. The answer to the question goes back a long time.

Once, the Sons of Esau and the Sons of Jacob fought a series of wars. In spite of the Sons of Esau's overwhelming strength and advantage, their lawlessness and treachery against each other overthrew their efforts.

Meeting after their defeat, they swore that never again would they allow one of their own kind to do to them what

they had just finished doing to each other. They swore a pact that they would always be ruled by others from a strange land.

"The sons of Esau swore, saying, from that day forward they would not choose a king from their brethren, but one from a strange land until this day." Jasher 57:40

This explains why the blood markers of the Jewish population differ from the blood markers of their rabbis. Rabbis are a different people or caste from the people they rule. This would also mean that all the sons of Esau have long obeyed the orders of those who are different from themselves.

6. Centralization and control of communications and transportation: In 1848, people were told that it was necessary for the communist state (the new king) to control communications and transportation so that the (old) king and his nobles would not be able to return to power.

Since then, revolution has followed revolution, but only the owners and rulers have changed. Centralization of communications and transportation remain in the hands of the ruling king. The system is intact.

The Approaching Storm: Only the densest of Saxon sheep can fail to see that today's centralized communications - the media - are constantly being used to beat war-drums encouraging a worldwide uprising by aliens against the Saxon. It appears that the looting expedition that will result from such an uprising may rival even Attila's, Genghis Khan's, or any that have resulted from any other war. If I am not mistaken, it may even be meant to be the fulfillment of the ancient prophecy made by the Serpent to Adam's descen-

dants. Pronouncements made relatively recently indicate such an intent:

Program For The 20th Century

"We must realize that our party's most powerful weapon is racial tension. By pounding into the consciousness of the dark races that for centuries they have been oppressed by the whites, we can mold them to the program of the Communist party. In America, we will aim for subtle victory. While inflaming the Negro minority against the Whites, we will endeavor to instill in the Whites a guilt complex for their exploitation of the Negroes. We will aid the Negroes to rise in prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige the Negro will be able to intermarry with the Whites and begin a process which will deliver America to our cause." Israel Cohen, Communist spokesman in England, in *A Racial Program for the 20th Century*, Entered into Congressional Record June 7, 1957 (P. 7633). From *The Canadian Intelligence Service*, Flesherton, Ontario, Canada.

Racial Bias Found In Admissions

One example of the above plan being put into execution is found buried in the Lynchburg's *News & Advance* of Feb 23, 2001 p. C1. The article reveals that a 64 page study by the "Center For Equal Opportunity", based in Washington, found that discrimination in college admissions in fact does favor blacks and Hispanics.

The report says that a study of admissions policies at 47 colleges and universities across the U.S. concluded that racial and ethnic discrimination in favor of aliens is widespread.

It states, "Race and ethnicity ... are an overwhelming factor." Among the findings; "Racial and ethnic preference in admissions is pervasive and national in scope."

Louise Dudley, a spokeswoman for U.Va, admitted, "They say that admissions are based on test scores and by looking at SATs, but that is not how we do it (at the University)."

The Center called on the Bush administration's Department of Justice and Education to "make fighting this discrimination a priority." The text of the study is posted on the center's Web site: "www.ceousa.org".

There are certain to be some who fail to grasp the significance of these findings. No nation, of its own free will, gives precedence to alien peoples unless forced to. The fact that they are being forced to do this thing is proof, not only of the power of the episcopacy that rules the West, but that the power instructing this episcopacy is not Saxon.

There are presently so many instances of this sort of anti-Saxonism taking place in religion, education, the military and the arts, that this one instance should suffice to show that the "Program For The 20th Century" is being aggressively implemented.

7. State control of factories, land reclamation agencies, and central control of farm soil improvement: This plank represents another sleight of hand. In 1848, in most of Europe, the ruler claimed the farming lands and the very land on which factories resided.

The communists vowed to take the land and factories and divide the ownership among the people. That day has never come - nor ever will.

8. Equal liability of all to labor (equality of sexes), and establishment of a state labor force: A working man produces profit to the system. A man and his wife both working for the episcopacy produce still more. In the guise of freeing the woman, Esau has enslaved them to his system. "Womans' lib" organizations almost without exception are led by daughters of Esau.

A "state labor force" is a euphemism for a large state prison population that can be used as slave labor for projects of which the king approves. The cost of maintaining the prison system furnishes another excuse for needing unending taxation.⁵

i. The abolition of countries and nationalities under the above "system": The sons of Esau are basically international merchants. To them, restrictions imposed by countries and nationalities are hindrances to trade. NAFTA and recent "globalization" policies open national borders to "free movement of labor". More important, it allows aliens to immigrate who are at first to be used as cheap labor, and at the last as cannon fodder in the final assault on the Saxon world.

iii "Communism abolishes ... all religion, and all morality ...": In 1848, organized religion, with its property ownership and support by tyrannical kings, was looked upon by reformers as the people's greatest enemy. Therefore, anything done against organized religion was considered "good". Communism called for "abolishing religion", and that was taken to mean "abolishing the landlord", and was looked on

⁵ The Biblical System does not provide for prisons. The WORD's primary solution for criminal behavior is either restitution or execution.

as being something good. Overlooked was the fact that "organized religion" and "communism" both were equally the foes of the Law of the WORD. Neither one could rule as long as God's Law remained intact.

Today, nothing has changed. The Law of "Saxon Christianity" remains the enemy of both "establishment religion" and communist revolutionaries. The episcopal religious and political establishments see nothing wrong when New York suppresses Christian observances while allowing Islamic and Jewish observances. God's Law remains the enemy of the lawless and the only salvation of the Lawful.

9. Farms and Factories Combined: Episcopacies must destroy independent farms. Their kings and churches through the ages always claim the land. The reason for this is perhaps best explained by Karl Marx as related by Douglas Read:

"Next, Karl Marx: The Protocols say, 'The aristocracy of the peoples, as a political force, is dead ... but as *landed proprietors* they can still be harmful to us from the fact that they are self-sufficing in the resources upon which they live. It is essential therefore for us at whatever cost *to deprive them of their land* ... At the same time we must intensively patronize trade and industry ... what we want is that industry should drain off from the land both labor and capital and by means of speculation transfer into our hands all the money of the world ...'

"Karl Marx in his *Communist Manifesto* exactly followed this formula. True, he declared that Communism might be summed up in one sentence, 'abolition of private property', but subsequently he qualified this dictum by restricting actual confiscation to *land* and implying that other types of private property were to remain intact. (In the later Marxist event, of course, all

private property was confiscated, but I speak here of the strict parallel between the strategy laid down *before* the event alike by the Protocols and Marx)." *The Controversy of Zion* by Douglas Read, Noontide Press, Newport Beach, CA, 1985. p. 219

The result of the king seizing independent farms is that the landless farmers go to cities to labor in the episcopacies' industry - thereby becoming harmless to the king. However, the farmer's deserted farm grows up and returns to nature. Moving industry to the countryside permits factory workers to cultivate garden patches in a limited manner. This limited cultivation keeps farmers from becoming independent and dangerous and at the same time keeps the king's land from becoming worthless by returning to nature.

10. Public Schools: "Stop the exploitation of children by their parents ... and ... replace home education by social."

"Social education" was an 1848 term meaning "public schools". At that time, the "public school" was a radical idea. The communists understand its possibilities. Whoever teaches the children owns the children's future. For this reason, public schools have been made an icon in the episcopacy.

"Exploitation" meant to stop children as young as seven or eight years working in factories - a result of moving farmers to the city. Today, the definition of "exploitation" has been extended to prevent parents from spanking unruly children. America's public school system has re-interpreted history to denigrate the Saxon and to radicalize the youth in preparation for "the great day".

"Citizens, Turn In Your Weapons"

This 1919 poster shows Russia's Bolshevik Government demanding the surrender of the people's weapons. It was made AFTER the Bolsheviks had succeeded in taking over the government and just before the purge and extermination of tens of millions of Russia's Saxons began.

"Citizens, Turn In Your Weapons!"

In Russia, before the drive to rid the land of "counter-revolutionaries", the effort was made to get Russians to surrender their guns. The penalty for non-compliance was harsh. The ones who gave up their guns were defenseless a short time later when the "round-up" of property owners began.

In our own Western lands, the establishment has already seized the guns of our Saxon brothers in Europe, Australia, New Zealand, and Canada, and are trying to seize them in South Africa. The minute they are able to get America's guns I believe will signal "round-up-time" for 50 million American Saxons. They will be labeled "terrorists" and herded into death camps by their own local police and national guard, backed by various government agencies such as the ATF, FBI, FEMA, and the army.

The Signs

Esau's media campaign to instigate a race war by inciting aliens against Saxons is the same in every Saxon land. Such coordination can't be an accident.

In Russia, the sons of Esau incited the Slavs against Russian Saxons; in France, workers were incited against their own French Saxon nobility; in China, Chinese workers were incited against Chinese property owners. The result - war, devastation and death!

When the last body was buried, the people found the same tyrannical episcopal system was still in place - only with new, more brutal masters running it.

Martial Law

Major racial disorders will undoubtedly follow gun confiscation, and the disorders will be the excuse used to impose martial law. Under martial Law, law is suspended and "justice" is dispensed by the police and the military. It was during this time that the Bolsheviks in Russia began rounding up the country's Saxons and sending them on one-way trips to Gulag death camps.

Our enemies feel no need to hide their actions; since WWII, only Saxons and their allies have been charged and executed for war crimes in spite of our enemies and their allies having killed 60 million people and having committed practically every crime imaginable.

Our enemy revealed his Bolshevich nature at Ruby Ridge, Waco, Oklahoma City and the Indianapolis Baptist Temple. The unprovoked attacks by government forces under his control against defenseless civilian populations all over the world comes naturally from his Mongol mentality.

Khrushchev meant it when he said,
"We will bury you."

Our Day Of Opportunity

The coming cataclysm is our window of opportunity. We will be victorious - that part has been prophesied and is certain.

Then,

We must rebuild from the chaos. Not an episcopacy as in the past, but a presbytery. Our people must organize themselves into 10s, 100s, and 1000s; a presbytery - rule from the bottom up.

The land must be divided never to be sold; then, every man will be a king with his kingdom.

Products from large off-shore companies must be banned - giving our people the opportunity to furnish their own needs from their small cottage industries.

Taxation must be abolished in obedience to Scripture; then there will be no way to pay an episcopal caste system that would rule us. Their surrogates will have to be financed by aliens - leaving an incriminating trail.

Standing armies must be abolished. Small, cheap new weapons capable of purchase and operation by individual militiamen need to be designed and built; militias reactivated.

Usury must be abolished and no-interest banking made operational once again. Men will, by then, have produce from their land and products from their cottage industry for trade.

Cheap miniature power generators will be needed. Also, small inexpensive air and ground transportation. A new world will be in our hands to exploit, a world needing everything - and the WORD will reveal his Law to us to make it all possible. How do we know this? The WORD which is God has said so.

All things will be possible when our people accept the WORD which is God as our only Constitution, and that day is closer than most realize.⁶

Letter from South Africa by K.J.

Dear Mr. Hoskins:

We have had no rain for more than a month and the extreme heat has left us all exhausted. It is strange how the weather affects us. If the sun does not shine for a few days we are unhappy and the drought has even a worse effect. But, when a good shower falls we all perk up.

I had an exchange of letters with the Dutch Reform Church about what they intend to do on the 16th December with their reconciliation plan. If I asked a Scotsman to tell the English how sorry he is that the English burned half of Scotland, he

⁶ When Saxon nations become strong by obedience to God the WORD, they can help other nations gain the same rights. All nations should be free to reach their destiny. This includes Black, Arab, Jew and all who cry for independence and the right of their own nations to be left alone.

would explode. But the Dutch Reform Church wanted 60 Afrikaaners church ministers and 40 English ones to compile a document in which the Blacks will be asked to forgive the Whites, who brought them the advantages of civilization, for their involvement in apartheid and racism.

The document will then be handed to Black church ministers on the *Day of the Covenant*.⁷ The plan fell through, but the behaviour of the Afrikaans church leaders leaves a bad taste. In every issue of *Die Afrikaner* the D.R. Church is taken to task for the mess we are in. But churchmen are a thick skinned, self-righteous lot.

As you can see, Willie Marais, the new leader of our H.N. Party, is expecting events to unfold in the not-too-distant future. Along with the farmers, we are utterly tired of the current situation where no freedom exists for whites. The South African army has been stripped of whites and is in total dis-array. The situation gets more interesting daily.

Anti-white discrimination flourishes and so does corruption. A cool 45 billion rands is being spent for arms with lots of bribes for Mbeki and company and an Indian clan. The blacks in leadership positions no longer go for millions but billions. Judge Heath was stopped from investigating corruption, and the way President Mbeki went at him made us think that these blacks will murder to get their way.

The veterinary service finally got the foot-and-mouth under control. Now, cholera has spread all over. That means thousands are treated at our expense.

AIDS continually increases in the Free State. Fewer black children are left to register for grades 1 and 2.

⁷ The *Day Of The Covenant* held each year memorializes God's intervention at Blood River saving a handful of Afrikaners from 20,000 merciless black warriors.

Blacks living on the banks of the Jukskei in Alexandra have been moved here to the Diepsloot squatter camp where they have become a plague. And if that is not enough, about fifty eagles of the type who live in flocks, descended on us a few days ago, taking over big bluegum trees for roosts. Within a short time they caught all our small birds. I don't like them and would prefer that they move on. Perhaps shooting a few warning shots with the shotgun might scare them away.

Pretoria used to be mostly crime free, but not any more. I wondered at how little protection against burglars they had. Carjackings are a plague at the moment. A pity. Pretoria was one city that kept clean. The sidewalks were swept and the lawns were neatly trimmed and full of beautiful flowers.

The blacks in the Defense Force could not bring themselves to honour the white helicopter crews who in the Mozambique flood helped rescue and provide air transport for so many. The commander received a Silver Cross of Honour, but that came from the German Bundeswehr. I think that was a nice gesture.

If this weather continues, our food production is going to badly affected.

With best wishes, K.J.

LETTERS

CANNED SERMONS: "Greetings: About a year ago I had an interesting encounter with a Lutheran minister. After reviewing a portion of the sermon that the Reverend delivered to his congregation I asked him how he came up with the ideas for his sermons. The Reverend responded that he had no personal control over the subject matter of his sermons, that his church dictated to him a year in advance the strict guidelines which he was to follow. Thus, he exposed the corporate structure of control that the enemies of truth employ." J. E. - Minnesota

Chapter 319

DISCOVERING OUR ENEMY

Our enemy is trying to destroy the Saxon nation. It is happening before our very eyes. Who is doing this to us?

The finger of blame has pointed first at one party, and then another, and the process continues. To survive we must know the face of our enemy.

The Investigative Process

Mr. Sherlock Holmes solved many a case by eliminating suspects. He would find suspects. If the trail led elsewhere, he followed it until there was but a single suspect left. Then, regardless how unlikely it seemed, the remaining suspect was the guilty one.

Treading in the steps of the esteemed investigator, let us begin the game by eliminating the prime suspects one by one

until we have one left who, regardless how improbable, has a motive, a weapon, a history of committing such deeds, and witnesses who can testify to their crimes.

Politicians

The obvious primary suspect is the politician. It is an article of faith that politicians are ultimately responsible for the evils besetting the West.

They control the country's purse strings. Things don't happen without money. Politicians oversee and fund the governing process. Thus, they are responsible for the flood of aliens pouring into the country; the wars against defenseless 3rd world nations that recently have killed 5 million Vietnamese, countless Iraqi men, women and children, and goodness knows how many Panamanians and Yugoslavs.

Politicians go to Washington virtually penniless and return millionaires. The number of their evil deeds appear countless. Their FBI assassins killed a mother holding her baby on Ruby Ridge and burned to death scores of men, women, and children at Waco. Their agents are said to be involved in both Oklahoma City and the New York Towers. They were caught red-handed working with the mafia to assassinate Castro. The FBI has boasted of having brought in the mafia to destroy the KKK and having used them as government agents against the Axis during WWII.

A more sordid, grasping, immoral group of criminals can scarcely be found anywhere outside of prisons. It's clear. The decline of the West must be laid at the feet of "government".

Politician's Alibi

However, politicians have an alibi. They are elected. Citizens vote for the best men they know, but the only ones they know are the ones that newspaper writers tell them about. Without this exposure, George Washington himself couldn't be elected dogcatcher.

There you have it - it's a conspiracy of the newspaper writers! The 1st Amendment allows newspaper writers the freedom to write their conscience. The nation's ills are not really acts of the politicians, but the liberal newspaper writers who made their election possible - they are responsible!

The Media

Reading almost any newspaper will confirm the suspicion, held by many, that the media is responsible for the decline of morals and Christian values in the West. All establishment media - including the radio, and TV - is tarred with the same brush.

We are familiar with the speech attributed to John Swinton, former chief of staff of the *New York Times*, called by his peers "the dean of his profession." In 1953, he was asked to give a toast before the New York Press Club.

This is what he said a half-century ago:

"There is no such thing, at this date of the world's history, in America, as an independent press. You know it and I know it.

"There is not one of you who dares to write your honest opinions, and if you did, you know beforehand that it would never appear in print. I am paid weekly for keeping my honest opinions out of the paper I am connected with. Others of you are paid similar salaries for similar things, and any of you who would be so

foolish as to write honest opinions would be out on the streets looking for another job. If I allowed my honest opinions to appear in one issue of my paper, before twenty-four hours, my occupation would be gone.

"The business of the journalist is to destroy truth; to lie outright; to pervert; to vilify; to fawn at the feet of mammon, and to sell his country and his race for his daily bread.

"You know it and I know it, and what folly is this toasting an independent press. We are the jumping jacks: they pull the strings, and we dance. Our talents, our possibilities, and our lives are all the property of other men. We are intellectual prostitutes."

Here is a confession! A media insider confessed to the media's guilt!!

Not exactly. Read it closely. It's the owners. The editor and writer only writes what the media owner orders him to write. The politician is then an agent of the media owner. So, the confession points to the media owner!

Great Merchant

Media owners are wealthy individuals. They buy and sell media. It is they who decide who will be councilman, state senator, congressman, judge or president. Ergo, it is they who must be responsible for the filth and degeneration of Western Civilization. Yes?

Not if we follow the technique of the wise crime fighter. The Robert Maxwell case comes to mind.

Robert Maxwell alias Jan Ludvig Hock was identified as a Mossad agent in the book *The Sampson Option*. He was owner/manager of a vast pro-zionist world-wide media empire which collapsed at the time of his alleged murder. Up

until then it was a carefully kept secret that his gigantic media empire was at the service of a foreign country.¹

Wasn't Maxwell (alias Hoch) a Jew? Didn't he work for the Mossad? Didn't the Jews start Communism? The Communist Party USA?, the NAACP? Woman's Lib?, aren't they leaders in porno and abortion? and aren't most all subversive movements Jewish? Didn't the Jews kill Christ? It's the Jews! Isn't it?

Let's stay with the clues. It is true that Maxwell the Jew did favors for his fellow tribesmen, but regardless, he could only have accumulated his vast media empire by using bank credit. A bank somewhere financed his operation. This view is abundantly confirmed at his death. When Maxwell died, or was murdered, whatever, scores of Swiss banks descended on his estate to get back the media that Maxwell was managing for them. There were many, many banks involved.

Swiss banks - still another suspect?

Banks

The media that the world said belonged to Maxwell alias Hoch, wasn't Maxwell-Hoch's at all. It belonged to the banks! Maxwell was just a manager. He was the bank's agent - the banks were the ones behind Maxwell.

Everybody knows that the Jews own the banks. It has to be the Jews. The Jews charge usury - lending the only \$10 in existence and demanding repayment of \$11, and when borrowers can't pay - they are bankrupted and Jewish banks end up owning their collateral. Banks put widows and orphans out

¹ The possibility of other clandestine media-empires is described by the expression - "Maxwell-Media".

on the streets and cause depressions and inflations. Jewish Banks. It's the Jews!

Well, that's not exactly the case. A rash of Swiss banks folded in the early '70s. It was discovered that they were owned by the Catholic Church. Moreover, recently, the Vatican Bank itself failed. For the first time in modern history it was revealed that the bulwark against evil - the institution that has written the best arguments against the evil of usury, the organization that severely persecuted usurers as well as the Jews - that institution is, and has been for a long time, actually in the business of practicing usury and hiring Jews to manage their assets!

Churches

The Catholic Church! Who would have thought it? On the one hand they teach Bible Law against usury and they bash the Jews for doing it, and on the other hand they own the very same usury banks they so strongly criticized, and, hire Jews to manage them and the media owned by their own banks.

Think about it! The Catholic Church owns the usury banks who own the papers who own the writers who elect politicians who are taking the West down the primrose path to destruction. Right?

Maybe. But let's not jump to conclusions until all the evidence is in. There's still more to examine.

If the Catholic Church is guilty of owning usury banks that is creating such chaos in the West - isn't the Protestant Church just as guilty?

When the Continental Illinois defaulted it was discovered that the head of the Anglican Catholic Protestant Church was

owner. When the great Barings Bank defaulted it was discovered that the Anglican Church was owner.

Well now. If the Catholic-Protestant Church are bank owners, both are responsible. In other words, the custodians of our own Christian Religion that bans usury and levies the death penalty on its practitioners² are responsible for bringing chaos down on our heads.

The Plot Thickens

But, the trail doesn't stop here. The ancestor of both established Protestant and Catholic churches is the Roman Government. It was the Roman Emperor Constantine who founded the Catholic Church in the fourth century. Constantine was on his deathbed before he became a "Christian" and a member of the same Church that he created while he was a heathen. This is peculiar to say the least.

The question that should be asked is "Why would a heathen, himself a god according to the custom of Roman Emperors, take a small but growing radical Christian movement and make it a state religion with himself as its head?"

The answer appears obvious; the easiest way to control it would be to take it over and make it a state religion under state control. It was the God the WORD, the god of this Christian religion that was causing all the trouble. He had appointed each of his followers a king and a priest.³ This made entirely too many kings and priests to share rule in an empire which claimed that the Roman Emperor was the single ultimate king and priest.

2 "Hath given forth upon usury ... he shall surely die." Ezek 18:13. See *War Cycles/Peace Cycles*, Hoskins, POB 997, Lynchburg, VA 24505, \$28

3 "Jesus Christ ... hath made us kings and priests unto God." Rev 1:5,6

By proclaiming himself leader of the young radical Christian church, and then making the Christian religion the only religion, the Emperor of Rome regained overnight the position of being Rome's ultimate king and priest.

He appointed Christian priests and suppressed Bible reading. Church pronouncements were declared infallible. Neat! Rome once more had one emperor and one religious head.

Roman usury banking continued in the same manner that Babylonian priests had run Babylon's banks and Indian priests had run India's banks.

We have just seen how a Roman emperor neutralized a radical religious movement that threatened to disintegrate the empire. He took it over and made it a state religion.

We already know how bank owners use their wealth to put city councilmen and kings on their thrones. It is logical to assume that Roman bank owners seated the Roman Emperor who removed the religious threat to usury banking by creating a new episcopal state religion called the Catholic Church. It was probably done in the same way that bank owners today elect presidents and crown kings who in turn tell churches what they can or can't do to get tax exemption and avoid the fate of Waco and the Indianapolis Baptist Temple.⁴

Collecting The Evidence

Bankers are powerful because they are rich. They are rich because of a scam they operate called "usury". Usury is ancient. It was used by Babylonian priests who operated out of temple ziggurats (note the earlier religious-usury alliance).

⁴ The *Indianapolis Baptist Temple* was recently confiscated by the FBI for refusing to collect taxes for the federal government.

Even before that, usury was practiced by Indian-priests who kept the masses of India (and elsewhere) in perpetual debt.

It is written in the Saxon Chronicle that in A.D. 883 King Alfred sent alms to Rome and to St. Thomas and St. Bartholomew in India.⁵ Didn't King Asoka in the 4th century B.C. boast that the Greeks had been conquered by Dharma?⁶

Hindu: "Dharma" - non-violence, obedience, tolerance of other peoples and their gods without regard to "race, creed, or nationality." Buddhist technique of pacifying divergent populations to expedite trade. "Dharmitized" - to be subdued by Dharma. "Dharmamatra" - government enforcer of Dharma. Most interesting is that the Catholic Church uses many of the same rituals used by India's Buddhists who are also Hindus.

Buddhists & Catholic Rituals

- | | |
|-------------------------|--------------------------|
| * processions | * rosaries |
| * parading relics | * integration |
| * body parts for relics | * tax exemption |
| * incense | * monasteries & convents |
| * shaven heads | * missionaries |
| * celibate priests | * holy water |
| * pointed hats | * male & female priests |
| * works for merit | * saints |
| * robes | * auricular confession |
| * idols | * pilgrimages |

Making a still stronger case for the trail leading to India: the Catholic Church shares saints with the Hindus.

5 *The Saxon Chronicle*, p. 107, VPC, POB 997, Lynchburg, VA 24505, \$99 plus 10% p&h

6 Hindu: "Dharma" - tolerance. "Dharmitized" - to be subdued by Dharma.

"The strange parallel between Buddhistic ritual, discipline, and costume, and those which especially claim the name of CATHOLIC in the Christian Church, has been often noticed; and though the parallel has never been elaborated as it might be, some of the more salient facts are familiar to most readers. Still, many may be unaware that Buddha himself, Siddhárta the son of Suddodhana, has found his way into the Roman martyrology as a Saint of the Church." fn *Marco Polo*, Book 3, Chap XV. p. 323 Yule-Cordier Edition, Dover Pub, NY 1993

"... it was Professor Max Müller, who ... who first pointed out the strange fact - almost incredible, were it not for the completeness of the proof - that Gotama the Buddha, under the name of St. Josaphat, is now officially recognized and honored and worshipped throughout the whole of Catholic Christendom as a Christian saint!" *Marco Polo*, Book 3, Chap XV, p. 326. Yule-Cordier Edition, Dover Pub, NY 1993.

It is also interesting that the word "Hindu" today means *universal*, the word *catholic* used by both the Roman Catholic and Protestant Anglican Catholic Church means *universal* and the evangelic outreach ministry of the so-called fundamentalist Christians is also *universal*. All employ usury in some form or other and none teach against it.

The Indian connection could perhaps explain the sudden emergence on Business TV channels of Indian CIOs of large Western Corporations. CEOs are usually appointed from the members of the managing or ownership group.

Review

After all our probing and questioning, we have arrived at a tentative conclusion: Is it possible that our grief and troubles

are caused by politicians elected by media writers who are told whom to support for election by media owners who are bank agents. Is it also possible that these same banks are owned by Indian interests who use religion, Catholic, Protestant and Hindu - as the vehicle to conceal their weapon of conquest - *usury*.

All of this is quite possible. It also is explained by the rule;

"The love of money is the root of all evil." I Ti 6:10

Usury! The common thread. Usury becomes a monopoly when it eats up its competition. It's BIG money. Monopoly money. So big that it staggers the mind. I have been told that someone lending a dollar at the time of Christ at 6% interest would now have accumulated a debt owed him equal to a ball of gold whose radius would extend from Earth to beyond Mars. Those controlling the usury system would also, through fronts, control all large corporations, businesses, governments, politicians, religions, everyone - except ...

Re-examination

Let's see what our investigation has done so far:

1. We have discovered the weapon - *USURY*.
2. We have discovered the motive - *POWER*.
3. We have discovered the cover - *RELIGION*.

* Now - the guilty party.

We know who it isn't; we have uncovered a lot of dirty laundry in the process, and there is still investigative work that must be done.

We must narrow the investigation to our own Saxon nation in the search for the anti-Christ who has tormented us for so long.

We will do that next month.

Letter From South Africa by K.J.

Dear Mr. Hoskins:

Autumn is in the air. Hopefully it will get cooler now. We suffered from very dry hot days. This morning it started raining for the first time in months at our place. A refreshing change.

From Mbeki's opening speech in parliament, it seems only blacks exist and after the budget speech by the finance minister, the rand fell further.

About poor blacks: a black woman in civil service without qualifications earns R30,000 plus a car a month. In turn she pays a white woman R10,000 a month to do all her work. This goes on all over. Any white, be it a doctor or anyone else, gets fired if he does not obey his black master. Blacks harbour inferiority complexes that know no bounds. An example is Steve Tshwete's outburst against the Portuguese community, who dared complain about the killing of their members and about crime in general.

On Monday night something went wrong with a cable in the Pretoria railway network. Some say it was stolen. Black commuters had to wait till buses were arranged to take them home. Not satisfied, they began to destroy the building and set it alight. Millions of rands of damage was done to this national monument which was built in 1910, but no reproof

came from the regime. The only good from all this is that white people are waking up, although very late.

The Dutch Reform Church office in Pretoria sent a letter containing remarks from previous synod meetings, concerning the Day of the Covenant. I used this opportunity to tell this minister what many feel is wrong about their behaviour. I doubt that this made him happy. Our people have always placed ministers on pedestals and looked up to them, so they do not tolerate those who disagree with them.

The HNP Party office has been broken into again and a lot of damage done. One can have all the security possible, but if no one is present the robbers take their time.

We found a dead black on our way out near the main road. He died from a stab wound, the police said. More squatters are moving from Alexandra township to Diepsloot opposite us and more problems are coming our way.

Some local teachers who left to go to England find that there is no discipline in ordinary English schools, especially in the inner cities.

We are very impressed with your pistol shooting ability. According to Hans, you look very handsome as a young man.

Our firearms dealer is having problems with pistols and revolver registration. He wants to go and see the minister. I do not envy him because that is the same Steve Tshwete who cannot stand whites.

Your present President Bush takes after his father it seems. Not a nice thought. Most white nations suffer under terrible leaders.

Long before we came on the farm there were a group of 50 spotted eagles who lived in big gum trees next to trees used by crows. Not knowing about eagles I was afraid they might catch the smaller birds. Someone nearby put poison out and

we had eagles dying all over. In the meantime a few Marobou storks turned up. They are huge scavengers. When we finally phoned the conservation people it was too late.

The state budget provides no relief for elderly whites and as the state took away subsidies, many are in great need. A black cares little for the aged. Compare that with their own salaries and what they are capable of doing and one comes to the conclusion that from Mbeki on down not one is worth his pay.

Judge Heath was threatened with death if he proceeded investigating the arms scandal.

Most of the summer's rain came in one weekend. It was welcome.

Manfred Roeder, German nationalist, gave a speech for mainly German and HNP party members during his recent visit to S. Africa. It was very well attended by about 600 people in Pretoria. I hope to translate his speech.

President Mbeki needs a R300 million jet. The one we had was not good enough for him . He suffers from an immense ego.

Another postal strike is looming that will give me lots of problems. At last a combined white workers union seems to be in the cards. Up to now it was just the black Cosatu union who had all the say.

Will send interesting information about Zimbabwe.

With best wishes, K.J.

Killing McVeigh - More Evidence Destruction

The government quickly destroys the evidence it leaves behind every time it commits a violent act against its own people.

That's what has happened to the JFK killing evidence. That's what happened to the Ruby Ridge and Waco evidence. The Waco victim's bodies were allowed to decompose to prevent their being used as evidence. The rubble was carted off and destroyed before it could be gone over by independent investigators. The same happened at Oklahoma City. The remnant of a restorable building was demolished and that rubble too was carted off and destroyed before independent investigators could render judgment.

Now, one more piece of evidence is about to be destroyed - Timothy McVeigh himself. Christian-Patriots have been told by the best explosive experts in the country that the Federal Building had to be an inside job. This makes McVeigh a government accomplice. The government's announcement that there is to be no autopsy encourages the belief that McVeigh's supposed execution by lethal injection is a cover for his resurrection elsewhere with another identity. The fate of both Oswald and his assassin Jack Ruby does not encourage this sort of conclusion.

Killing McVeigh destroys the last bit of evidence connecting the government with the Oklahoma bombing.

LETTERS

SHOOTING: "Richard: I too have fired on service pistol teams. My experience leads me to believe that the .22 automatic is one of the best investments one can make. It is inexpensive to practice with, can get small game if need be, and can get you a larger caliber firearm if a push comes to a shove." H.F. - Arizona

EUNUCHS: "Dear Mr. Hoskins: Is there anything in Scripture about people fixing themselves so they can't have children?" S.F. - California

RKH: *"He that is wounded in the stones, or that his privy member cut off, shall not enter into the congregation of the Lord." Deut 23:1*

This must mean a person having made himself a eunuch because of the Bible story of the eunuch with faith being accepted. The story from Antiquities backs this belief:

"Let those that have made themselves eunuchs be had in detestation; and do you avoid any conversation with them who have deprived themselves of their manhood ... which God has given to men for the increase of their kind; let such be driven away, as if they had killed their children... for evident it is, that while their soul is become effeminate, they have withal transfused that effeminacy to their body also." Antiquities 4:8:38

FORNICATION: "Dear Mr. Hoskins: What does the Bible say about fornication?" J.S. - Ohio

RKH: *"If any man that is called a brother be a fornicator ... with such a one, no, not to eat." 1 Col 5:11*, (not to have social relations), Gr: 4205 - debauchee, (libertine, fornicator).

"There is no sin on earth greater than fornication, which they commit on the earth, for Israel is a nation holy unto God ... a nation of priesthood ... and no one shall appear thus unclean in the midst of the holy people." Jubilees 33:18

Observing the Law against fornication is important because - if a man takes a virgin and defiles her - it deprives another follower of the WORD of someone who could have been his wife:

"Let the Hebrews marry... virgins... and no... harlot, whose... prostitution of her body, God will not receive... If any one has been

espoused... to a virgin, and does not afterward find her so to be, let him... accuse her... if the damsel be convicted, as having been corrupted... let her be stoned, because she did not preserve her virginity till she were lawfully married; but if she were the daughter of a priest, let her be burnt alive...

"He that hath corrupted a damsel espoused to another man, in case he had her consent, let both him and her be put to death, for they are both equally guilty; the man, because he persuaded the woman willingly to submit to a most impure action, and to prefer it to lawful wedlock; the woman, because she was persuaded to yield herself to be corrupted, either for pleasure or for gain." Antiquities 4:8:23

Today, sodomites rule the government and the courts and God's Law cannot be enforced - like the Tax Law - but the day will come when God's LAW will rule. In the meantime we must teach our own that the Law requires us to closely watch our conduct in dealing with the weaker sex so that we do not rob an unknown brother of a virgin for a wife.

ANCESTORS: "Dear Richard; How can anyone with certainty know who his ancestors were." U.E. - California

RKH: No more than one knows that the actual line of his German Shepherd is actually the champion line he was told it was. Other than the Shepherd being a Shepherd - the rest is based on trust. DNA will soon put even the possibility of a doubt to rest.

GREEKS: "Dear Mr. Hoskins: Who are the modern day Greeks?" C.M. - Virginia

RKH: The ancient Greeks were our people - look at their statues, art and architecture. Alexander the Great conquered the world and brought its people to Greece. The Greeks married them and changed their race. Greece later became a great trading center of first the Roman and then the Eastern

Roman Empire (Byzantine) causing a further intermixture of peoples. The Hun invasions depopulated the countryside which was filled later by Slavs from the plains of Russia. Next, the great Ottoman Turk invasion overlaid Greece with a layer of Turks. Today, the peoples of the Greek islands and coastal regions are mixed-race Christianized Turks. Further inland - more mixed-race Christian Slavic-Turks.

When I was a boy in Culpeper, a Saxon girl married a Greek. It was a local scandal. They moved away. In Lynchburg, most Greeks keep to themselves, worship at their own Orthodox Church, and many send their sons back to Greece for wives. It is of these the Scriptures say:

"Neither let the son of the stranger 5236, that hath joined himself to the Lord, speak, saying, The Lord hath utterly separated me from his people: neither let the eunuch say, Behold, I am a dry tree. For thus saith the Lord unto the eunuchs that keep my sabbaths, and choose the things that please me, and take hold of my covenant; Even unto them will I give in mine house and within my walls a place and a name better than of sons and of daughters: I will give them an everlasting name, that shall not be cut off. Also the sons of the stranger 5236, that join themselves to the Lord, to serve him, and to love the name of the Lord, to be his servants, every one that keepeth the sabbath from polluting it, and taketh hold of my covenant; Even them will I bring to my holy mountain, and make them joyful in my house of prayer: their burnt offerings and their sacrifices shall be accepted upon mine altar; for mine house shall be called a house of prayer for all people." Isaiah 57: 3-7

The above Scripture violates the following Scriptures; making it a parable to be taken only in the spiritual sense:

"Thou ... shall go ... to my kindred, and take a wife." Gen 24:3-4; "Let them marry ... only to the family of the tribe of their father." Numbers 36:6; "A bastard (Heb: mamzêr - mixed breed, mongrel) shall not enter into the congregation of Israel." De 23:2

If the above Scriptures are violated, it kicks in the next scripture:

"Thou shalt drive them out before thee. Thou shalt make no covenant with them, nor with their gods. They shall not dwell in thy land, lest they make thee sin against me." Ex 23:31- 33

Marriages between Greeks and Saxons that I know of personally have been unfortunate. In one case, the husband was accused of shooting his wealthy Saxon wife and making off with much of her wealth to Greece. The Greek government refuses to turn him over to American authorities. The other married the daughter of a prominent local minister by whom he had several children. He returned to college in another town and was caught by his wife with another woman with whom he had been having a long time relationship. The marriage has since broken up but the minister in question has not invoked the following:

"If the priest's daughter also be married unto a stranger (Heb: zûwr - racial alien), she may not eat of an offering of the holy thing (blessed food), But if the priest's daughter be a widow or divorced, and have no child, and is returned unto her father's house she shall eat of her father's meat; but there shall no stranger (Heb: zûwr - "racial alien") eat thereof." Lev 22:12-13⁷

The children are aliens. Because they are the minister's grandchildren, the pastor in question accepts them as Saxons to marry with other Saxons. This triggers the Balak Plan:

⁷ "They have dealt treacherously against the Lord: for they have begotten strange (zûwr - racial alien) children; Hosea 5:7; "When they had heard the law ... they separated from Israel all the mixed (mongrel) multitude." Neh 13:3; "I am not sent but unto the lost sheep of the house of Israel." Matthew 10:6; "For thou didst separate them from all the people of the world to be thine inheritance." 1 Ki 8:51; "These 12 Jesus sent forth, and commanded them saying, Go ye not into the way of the gentiles ... go rather to the lost sheep of the house of Israel." Matt 10:5,6

"(To) gain a victory over them (the Israelites), ... persuade them to leave off their obedience to their own laws and the word of that God who established them ... for by this means God will be angry at them (and will destroy them)." Antiquities 4:6:6-13

WHAT'S THE TIE?: "Brother Hoskins: What is the tie between episcopal Christianity and the Jews? R.T. - Ohio

RKH: Perhaps "universal religions" or "multi-nation religions" would be better: I believe that the real answer is - one acts as Tax collector, and money and business manager for the other.

ON GUARD: "Dear Brother Hoskins: I talk to black gang members every day; Crips, Bloods, Black Disciples and they tell me that they came to prison on purpose - to gain rank in their gangs. They KNOW a race war is coming and they know it will be BIG. They sit and talk to me (pretty much think I'm a cool white guy) but they hate white people and really don't know why. Be on guard." Chapter 320

LEVITES & JUDAS PRIESTS

We Are Being Attacked

Saxon nations are being destroyed before our very eyes. Who is responsible?

Using the deductive technique of the great sleuth, Mr. Sherlock Holmes, we examined suspect after suspect, finding all of them guilty to one degree or another; but each being controlled by another.

Our probing and questioning has led us back, back, and back; suspect after suspect; but the identity of the one ultimately responsible for these attacks has eluded us thus far; But the track has now gotten very warm indeed.

Suspects

The first obvious suspect we investigated was the **Politician**: they give the orders causing the West's grief and misery.

But, **media writers** are responsible for putting them in office. They tell voters whom to support, but **media owners** instruct the writers. Recent disclosures show that media owners are themselves mere business managers; the media itself is the property of **banks**. Defaults have disclosed that much of Bank ownership rests in the hands of Catholic and Protestant **churches**. The Churches themselves have left a trail whose beginnings lead to India. In India, from time immemorial, business interests have used ALL different **religions** as covers for their operations, and especially the use of the world's ultimate weapon - **usury**. On the one hand, Christian sects pretend to honor God's commandments outlawing usury; in actual practice they participate in the evils they so strongly protest by using **Jews** as front managers to take the blame.

These discoveries have led us into the oriental swamp where everyone is deceptive, everyone is directed by alien gods, everyone is suspect and united to conceal the truth from the outsider. In this morass, the track of the guilty party is lost.

Changing The Investigation's Direction

Presented with a trail that leads into the impenetrable Asian morass, we are forced to change our line of investigation and deal with this fact: If the murderer can't get to you - he can't hurt you.

This is the Watchman's responsibility to sound the alarm. We must locate the **Watchman** on duty and deal with him.

Investigating Watchman Priests

We have been told all our lives that **Priests** are the appointed watchmen who are to sound the alarm at the approach

of evil. So as not to overlook a single detail, let us see what the Instruction Manual says about priests:

Two Kinds Of Priests

The Bible says that there are two kinds of "*priests*": those who teach the WORD, and those who HELP those who teach the WORD. At least that's how the system was set up to work in the beginning. The first are priests of the **Order of Melchizedek**; the second are called "**Levites**".

The Order Of Melchizedek

Melchizedek was Priest-King. Tradition says that he was Shem, survivor of the Flood. *Halley's Bible Handbook*, on Hebrews 7:1- 10, says:

"Christ a Priest after the Order of Melchizedek. That is, Jesus was not a Levitical Priest, but his Priesthood rather was similar to that of Melchizedek, ... ante-dating the Levitical Priesthood by some 600 years: A Priest far Greater than the Levitical Priests, Greater even than Abraham."

Followers of Jesus naturally gravitate to the Melchizedek Order.

Now, let's take a look at the Levites:

Levites

Moses was given the Law. He said that he couldn't speak so Aaron helped him. Aaron was a "helper". Levi inherited

the job because of his zeal in avenging the rape of his sister Dinah.¹

The Levitical order was created to take the load off Melchisedec preachers so that they could teach God's Commandments without worrying with details:

"And (Solomon) appointed ... the courses of the priests to their service, and the Levites to their charges, to praise and minister before the priests, as the duty of every day required: the porters also by their courses at every gate." 2 Chr 8:14; "On that day they appointed chief men over the storehouses for the treasures, the dedications, and the tithes, and what were collected therein for the chiefs of the cities, and assigned portions for the priests and the Levites. Neh 12:44 (Septuagint); "Jehoiada appointed ... the Levites ... to offer the burnt offerings of the Lord." 2 Chr 23:18; "And Hezekiah appointed the courses of the priests and the ... Levites for burnt offerings and for peace offerings, to minister, and to give thanks, and to praise in the gates of the tents of the Lord." 2 Chr 31:2; "And at that time were some appointed over the chambers for the treasures, for the offerings, for the first fruits, and for the tithes ... for the priests and Levites." Neh 12:44

All these were the duties of the Levites. *Halley's Bible Handbook*, p. 216 sums up in this manner:

"No more need to carry the Tabernacle, now that the Temple was to be permanently located in Jerusalem, the work of the Levites was respectified. Some of them were to oversee the work of the temple. Some, to be doorkeepers. Some to be musicians; a choir of 4000. Some were to be 'officers and judges', 'for the outward business over Israel,' and 'for the affairs of the king'.

¹ *"Levi, I have given thee the blessings of the priesthood until I (Yahshua) come and sojourn in the midst of Israel. And the angel brought me down to the earth, and gave me a shield and a sword, and said to me: Execute vengeance on Shekem because of Dinah, thy sister, and I will be with thee because the Lord hath sent me." (Testament of Levi, in The Lost Books of The Bible and The Forgotten Books of Eden, Chapter 1:11)*

This last certainly looks as if the Levites had some work to do for the Civil Government."

Religion - A Department Of State

The Levites came into real prominence when King Hyrcanus ascended the throne. Hyrcanus, in addition to being king, was also high priest. One of the things he did as king was to invade Edom to claim the protection money that went with protecting the Spice Trade Route that passed through that land. His conquest garnered the protection money and also garnered the accursed Esau/Edomites who lived there and operated the route.

Unable to dispense with the Edomites who operated the trade route, Hyrcanus broke the Law² and made the Edomites "honorary Israelites" by forcing them to adopt Israelite religious rituals.³

God's priests were critical of this Lawless act, so, in his capacity as High Priest, King Hyrcanus elevated the Levite helper-priests into prominence so that they could bless his lawlessness. Since they were already managing the king's treasury and had no religious beliefs that really mattered, they were perfect for the job. This is how Israel's Levites became a dominant priesthood - and supporters of the king rather than the "*King of kings*".

2 "A bastard (Heb: *manzêr* - mixed breed, mongrel) shall not enter into the congregation of the Lord." Deut 23:2; "They shall not dwell in thy land, lest they make thee sin against me." Ex 23.32-33

3 "Give not that which is holy unto the dogs, neither cast ye your pearls before swine, lest they trample them under their feet, and turn again and rend you." Matt 7:6

Moses Warns

Moses foresaw such things happening. Before he died he made them do the following:

"Moses commanded the Levites ... saying, Take this ... law and put it in the side of the ark ... that it may be there for a witness against thee. For I know thy rebellion ... behold, while I am yet alive ... ye have been rebellious against the Lord; and how much more after my death? ... For I know that after my death ye will ... turn aside from the way which I have commanded you." Deut 31: 24-29

Halley's Hand Book, p. 217 adds the following:

"These priests ... organized into 24 courses for service in the Sanctuary. ... had charge of the Sacrifices. Their business ceased with the coming of Christ. Ironically enough, it was 'Priests' who engineered the Crucifixion of Christ (Matt 7:1,6,20,42). The Epistle to the Hebrews was written to show that 'priests' were no longer necessary."

Who was responsible for nailing *"the WORD made flesh"* to the cross? According to Halley's, it was the priests!⁴

This is a serious charge. Nailing GOD's LAW - *"the WORD made flesh"* to the cross allows men (especially kings) to commit any sin they choose and avoid condemnation. Let's see if we can find another witness who will stand up and condemn these suspects:

Jesus's Testimony

Jesus testified that *"the WORD made flesh"*, would be delivered to the chief priest:

⁴ Halley's also says what must never be said, "'priests' were no longer necessary."

"The Son of man shall be delivered unto the chief priest, and unto the scribes; and they shall condemn him to death." Mark 10:33

Let's see how they went about it. First, they interrogated Jesus, and Jesus answered:

"The kingdom of God will be taken away from you ... And when the chief priests and Pharisees⁵ heard his parables, they perceived that he spoke of them," Matt 21:43- 45.

Jesus Goes After The Priests

The priesthood had a lot at stake then just as they do today. It was intolerable that there was someone exposing cartel operations and interrupting temple business that religious ritual was invented to hide:

"And Jesus went into the temple of God, and cast out all them that sold and bought in the temple, and overthrew the tables of the money changers." Matt 21:12

The recent exposure of Catholic and Protestant church ownership of usury banks confirms what people have long suspected - nothing has changed. Establishment religion is business. The "religion" part is the cover for the business part.

The Priests Go After Jesus

The Scriptures say that after Jesus overthrew the money tables the priests put their heads together and sought false

⁵ PHARISEES: Means "separated" or "expelled" due to an actual event - the expulsion of lay teachers from the priestly Sanhedrin (ruling body). During the Greek period, lay-teachers arose who had as much influence as the priests and they became leaders. They became the Pharisaic party and were able to force their party into the Sanhedrin. They were later expelled - hence the name Pharisees. They stood for the oral law (later compiled into today's Talmud) as well as the written. The doctrine of Jesus was directed against the extreme Pharisees whose Talmudic doctrine was open to the charge of ritual and hypocrisy. (Story in *E/B, 14th Ed., Pharisees.*)

witnesses against *"the WORD made flesh"* who offended both them and their operation:

"Now the chief priests, and elders, and all the council, sought false witness against Jesus, to put him to death." Matt 26:59⁶

How Priests Became "Judas Priests"

These priests hired a traitor within Jesus's little group.

"One of the twelve, called Judas Iscariot, went unto the CHIEF PRIESTS ... and THEY covenanted with him for 30 pieces of silver." Matt 26:14-15

This is where the expression "Judas priests" comes from. Nothing has changed. Moses described them. They nailed *"the WORD"* to the cross, and continue to do it every day without ceasing. They are truly Judas Priests. Without their silver, backing, and corrupting influence, Judas may never have summoned the nerve to commit the betrayal. The priests instigated and were intimately involved from beginning to end. Judas was their agent:

"Judas, one of the twelve, came, and with him a great multitude with swords and staves, from the chief priests and elders of the people. ... And they ... led him away to Caiaphas the high priest, where the scribes and the elders were assembled." Matt: 26:47
"... The chief priests and elders of the people took counsel against Jesus to put him to death: And ... they ... delivered him to Pontius Pilate the (Roman) governor. ...

⁶ *"If a false witness rise up against any man to testify against him [that which is] wrong; Then both the men, between whom the controversy [is], shall stand before the LORD ... And the judges shall make diligent inquisition: and, behold, [if] the witness [be] a false witness, [and] hath testified falsely against his brother; Then shall ye do unto him, as he had thought to have done unto his brother: so shalt thou put the evil away from among you. And those which remain shall hear, and fear, and shall henceforth commit no more any such evil among you." Deut 19:16-20.*

"Pilate saith unto them, What shall I do then with Jesus which is called Christ? They all say unto him, Let him be crucified ... His blood be on us, and on our children." Matt. 27:1, 22-25.

The priests took council against Jesus to put him to death! The priests were responsible! The priests and their followers together said, *"His blood be on us, and on our children."*

Jews - Priestly Scapegoats

Where do today's "Jews" fit in all this?

Only a Levite priest and his entourage can defend the actions of today's Jews. They are a particularly unsavory lot who can justifiably be accused of a list of crimes as long as your arm. But, one thing they did not do: *They didn't crucify Jesus.*

Christ-Killing Accusation

Whenever Saxons follow Moses' advice and remove a copy of the Law from the side of the ark and with it judge the priests - the accused Priests quickly switch the blame to the Khazar-Jews as being the guilty ones. They say, "The Jews crucified Jesus". "Jews own usury banks!" - "The Jews are the ones causing all the trouble!" The weasel-worded priests intend for you to believe that they are talking about the Jews who live among us today - **Turkic-Khazar- Jews**. The priests accuse the Jews of doing all the things that the priests themselves do.

These accusations periodically arouse the Saxon nation to violence against the Jews. When this happens the same priests who accused the Jews change their tune and step in to give the Jews sanctuary. When things cool down, the process starts all over.

What else can priests say other than to blame the Jews? Does anyone expect them to confess that the Bible condemns the "priests" as being responsible for nailing *"the WORD made flesh"* to the cross? Not likely!

Jews are naturals to use as scapegoats for the nation's ills. But, Jews are just another alien people. They harass us just like the Egyptians, Esau/Edomites and Babylonians did before today's Khazar-Jews arrived on the scene - with this difference; the ancestors of today's Jews are of Turkic ancestry, not Israelite.⁷ They converted to Judaism only in the 7th century. The ancestors of most of today's Jews never set foot in Palestine - therefore, the curse, *"His blood be on us, and on our children"* doesn't apply to them - their ancestors weren't there!!

I personally don't know a single Levite-priest who doesn't know this fact.⁸ Most have seen proof time after time, but, if today's Khazar-Jews were not here to take the blame belonging to the Levites - the Saxon nation would turn on the priests.

The Coronation

The Coronation is another damning piece of evidence that priests will not talk about.

Both Protestant and Catholic Church leaders crown kings to rule countries. In England, priests spend half the coronation

time reading the king's genealogy. The genealogy traces back generation after generation to the patriarchs of the Bible.

Why do they do this? They do this because the church is putting their guarantee to the fact that the king they are crowning is the actual blood descendant and rightful recipient of the promises made by God to the kings' ancestors and his descendants forever. These genealogies are on file in London, Rome and every other European capitol. Both Churches and courts have declared that these genealogies are true and binding under law.⁹

Thus, on the one hand the Levite-priests say that today's Turkic Khazar-Jews are "God's chosen people". On the other hand they say that the king they crowned has a proven descent from ancient Israel and that he, and the other crowned kings of Europe, are "God's chosen people".

Which statement is true? Since all Saxons, from king to peasant, are of one blood - every Saxon has the same blood lines as their kings. This makes all Saxons "chosen ones". Like their kings they are also "Israelites" and entitled to God's promises and their God is entitled to their obedience to His Commandments.

One of God's Commandments is that Saxons can't lend to Saxons at usury. However, Khazar-Jews can - if they aren't Saxons (sons- of-Isaac) and bound by God's Commandment. But, who will the Levites get to run their usury banks and their monopolistic corporations that prey on Christians if they denounce their Khazar-Jew managers?

This is why Levites viciously attack "Reform Christians" who know who their fathers are. This is why today's estab-

lishment priesthood continues to call Turkic-Khazars "Jews", a "chosen race".

Levite Priorities

I attended Sunday School a few weeks ago at a Presbyterian church in Lynchburg, seeking instruction from the WORD. The class was planning a monument in memory of a former teacher, an exceptional civic leader. I suggested that the money go instead to feed orphans at a white orphanage in South Africa because I had been told that the children were hungry. The class listened politely and then without further ado proceeded to vote to build the monument to the former teacher.¹⁰

Levite Punishment

Matthew Ex 23:1-35 concerns the upcoming punishment of these priests:

"Then spake Jesus ... 'The scribes and the Pharisees sit in Moses' seat ... Ex 23:1-2

They stand in front of their great man-made edifices they call "temples of God"¹¹ as highly paid managers and tempt passers-by saying, "Come into the temple of the Lord" and "get saved".

"They bind heavy burdens and grievous to be borne ... on men's shoulders ... Ex 23:4

¹⁰ *"If anyone does not provide for his own, especially for those of his own house, he has denied the faith and is worse than an unbeliever." 1 Tim 5:8*

¹¹ *"Know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?" 1 Co 6:19*

"Repent and be baptized! Pay your tithes and taxes and be in church every time the doors are opened."

They read Bible stories from the pulpit without identifying the Commandment of God that the story is supposed to illustrate. They perform and direct funerals, marriages, organ music, processions, singing, long prayers, choir practice, socials and taking out the garbage. That's what Levites are trained and paid to do, and they do what they do very well.

"All their works they do for to be seen of men: they ... love the uppermost rooms at feasts, and the chief seats in the synagogues, And greetings in the markets." Ex 23:6-8

Levites love to be called *Reverend* - "one who is revered". They love to have distinctive collars worn backwards and to wear special cloaks, crosses, and have red and purple robes draped about them:

Woe unto you, scribes and Pharisees, hypocrites! for ye shut up the kingdom of heaven against men: for ye neither go in yourselves, neither suffer ye them that are entering to go in. ... Ex 23:13

Bishop Spong

Last month, Bishop Jack Spong came to Lynchburg. He recently retired as Bishop of Newark which is 90% black. Before that (1965-1969) he had been priest of St. John's Episcopal Church here in town. During that time he organized the church's Men's Bible Class.

At the time I was traveling around speaking for a group raising money to buy Bibles to give to schoolchildren and place in motel rooms and doctors' offices. The month before I had spoken at a little church at Crabtree Falls up in the mountains of Nelson County which at one time had ministered to hundreds. By the time of the 60s, government farm

policy had reduced this rural church's membership to 6. All were old.

I gave them my little canned talk, passed the plate, and raised \$35. That was sacrificial giving because all of them were dirt poor.

The next month I gave the same canned talk to almost two hundred in Spong's Men's Bible class, passed the plate, and raised \$35 - twenty five dollars of which came from a converted Jew. I spoke to another Episcopal Church Sunday School in Farmville which had half as many members and raised \$600.

Last month, retired Bishop Spong spoke at the same Lynchburg church he had once pastored. He was an interesting study:

He wore a Gold cross, backward collar, purple vest, black coat. Brown hair parted on left, correctly cut - without a single gray hair that I could see. Since he was about my age, I was impressed.

The audience were Blacks, Jews, clerics from all over town including Baptist preachers, at least one Lutheran preacher, and - the elite of Lynchburg. Spong was nice, genteel, personable, and likable. The newspaper hyped the meeting and the church was packed.

Spong's Talk

Spong gave a good talk making four points.

1 - **Race Integration** was good. He related boyhood experiences that turned him into an integrationist. He told how detractors constantly used Scripture, and they were wrong.

2 - **Woman's Lib** was good. He related his experiences that made him a "woman's libber". He told stories about his four daughters and how they were doing men's jobs in competition with men. He told how his detractors used Scripture to prove woman's lib was divisive and wrong.

3 - **Sodomy** was good between "caring individuals". He said that in his diocese he had over 20 priests who served under him who were sodomites. He said that the Christian priesthood was a hot spot for sodomites (a name which he insisted on reinterpreting into "gays"). He said that there were cities in his diocese which were more than 50% sodomite. He told how his detractors were wrong to use Scripture to prove sodomy wrong.

4 - **The Bible was often wrong** and out of date. He said that we live in a new age with a new morality based on our new discoveries of truth.

At the conclusion of his talk he was given a standing ovation by the audience of St. Johns Episcopal Church. Bishop Spong beamed, shook hands, and embraced the men and women of the congregation as they left. I left before he got to the door.

This is the Levitical-priesthood at work.

The Curse Continues

"Ye devour widows' houses, and for a pretense make long prayer: therefore ye shall receive the greater damnation. ... Ex 23:14

Levites hold "church services". They also own usury banks that Jews run that devour widow's houses - an offense against

God and a capital crime.¹² Usury causes market booms and busts: inflations requiring much money for bread, and "busts" causing misery and depressions that require war to force people to borrow once more. Our devastated cities and piles of burned and starved bodies are the result of Levite toleration of usury and usury-bank ownership.

"Woe unto you, scribes and Pharisees, hypocrites! for ye compass sea and land to make one proselyte, and when he is made, ye make him twofold more the child of hell than yourselves. Matt Ex 23:15

Levites allow technological pearls to be thrown before "swine" who then borrow money from Levite owned usury banks to build planes and torpedoes that cause one Pearl Harbor after another. Levite missions throw medical pearls before swine to increase their numbers. They multiply and fill their own lands to overflowing and spill over into ours.

Practically all the leaders of swine nations were educated in Levite church schools by Levites. They have taught our pearls of wisdom to strangers which use them against us. As Scripture teaches - the converts have become twofold more children of hell than the Levites themselves.

"Woe unto you, scribes and Pharisees, hypocrites! because ye build the tombs of the prophets, and garnish the sepulchers of the righteous." Ex 23:29

Levites - Guilty Watchmen?

Have we completed our investigation? Are the Levites the guilty party that we have been searching for?

¹² *"Hath given forth upon usury, and hath taken increase ... he shall surely die." Ezek 18:13*

They would be if God had actually chosen them. Let's recap: Would God choose a Levite for a WATCHMAN? A watchman who does not watch? A greedy watchdog who sleeps?

I don't think so. From the beginning, Moses warned us against them and Jesus himself put their condemnation in concrete. With the facts all in - does anyone really think that *"the WORD* would select Levite-Priests to act as *watchmen* over his chosen Saxon nation?

These Levite priests have not changed. They WILL NOT teach *God's Commandments* to their parishioners because they aren't priests - they are Levites. Levites serve today's king - not the *KING of kings*.

"Wherefore ye be witnesses unto yourselves, that ye are the children of them which killed the prophets. Fill ye up then the measure of your fathers. Ye serpents, ye generation of vipers, how can ye escape the damnation of hell? Ex 23:31-33

These Levites witness against themselves. When the faithful separate on feast days and gather in wilderness meeting places to study God's Law, these Levites, like the Egyptians before them, track the faithful down and post pickets to howl their "hate". They threaten camp-site owners to make them cancel meetings. This they did before to our fathers in Scotland, England, Germany and France, and they do it today.

God did not choose these "children of hell" to be *WATCHMEN* over anything.

God's Appointed Watchman

There is another Watchman:

"O son of man, I have set thee a watchman unto the house of Israel." Ezek 33:6

This watchman is a Son of Man - a son of an Adamite - a son of "He who blushes red". What other clue do we have?

*"I have set watchmen ... which shall never hold their peace."
Isaiah 62:6*

The true Watchman speaks God's Commandment to save God's people. He is never quiet. He knows that the *WORD made flesh* has said;

"Whosoever therefore shall be ashamed of me and my words in this adulterous and sinful generation; of him also shall the Son of Man be ashamed, when he cometh in the glory of his Father." Mark 8:38

The appointed watchman never holds his peace. He obeys and teaches God's Commandments. This proves that he loves God; *"If ye love me obey my commandments. John 14:15.*

The following are some of the Commandments of which the Levites are ashamed and which the faithful shout from the housetops:

Murderers: *"Ye shall take no satisfaction (substitute) for the life of a murderer, which is guilty of death: but he shall surely be put to death." Num 35:31*

Rapists: *"If a man ... force her, and lie with her: then the man only that lay with her shall die. Deut: 22:25*

Kidnapers: *"If a man be found stealing any of his brethren of Israel, and maketh merchandise of him, or selleth him: then that thief shall die." Deut 24:7* This also pertains to kidnaping and putting Saxons in prison rather than restitution or execution.

Sodomites & Whores: *"There shall be no whore of the daughters of Israel, nor a sodomite of the sons of Israel." Deut 23:17,*

Taxes: *"Of whom do the kings of the earth take custom or tribute? of their own children, or of strangers? Peter saith unto him, Of strangers." (Gr: allotrios - foreign, not akin.) ... Then are the children free." Matt 17:25-26*

Kings: *"And (the elders) said unto (Samuel) ... make us a king ... But the thing displeased Samuel ... And Samuel prayed unto the LORD, and the LORD said ... the people ... have rejected me, that I should not reign over them ... howbeit yet protest solemnly unto them." I Sa 8:5*

Abortionists: *"They sacrificed their sons and their daughters unto devils." Ps 106:37; "Whosoever he be of the children of Israel that giveth any of his seed unto Molech, he shall surely be put to death" Lev 20:2*

Land: *"The land shall be divided for an inheritance." Num 26:53- 55;*

War Against Kinsmen: *"Ye shall not go up, nor fight against your brethren the children of Israel." I Kings 12:24*

Strangers In Church: *"The stranger (Heb: zûwr - racial alien) that cometh nigh (the tabernacle) shall be put to death." Num 18:7, Num 1:51*

Eating With Strangers: *"The things which the Gentiles sacrifice, they sacrifice to devils, and not to God: and I would not that ye should have fellowship with devils. Ye cannot drink the cup of the Lord, and the cup of devils: ye cannot be partakers of the Lord's table, and of the table of devils." I Cor 11:20-21*

Mixed Marriage: *"Let them marry ... only to the family of the tribe of their father." Numbers 36:6*

The one who loves God obeys and teaches God's Commandments.

Who Is The Last Suspect?

In this perplexing case, the usual suspects were eliminated because each appeared to be an agent of someone else. This forced us to turn our attention to the Watchman whose dereliction of duty allowed the enemy to enter.

Our investigation proved that the one we had always been told was the "Watchman" was no watchman at all - he was a cursed Levite! This discovery has left us with only one suspect remaining.

In the words of the world famous sleuth, Sherlock Holmes;

"After all other suspects have been eliminated, the one remaining, however unlikely, is the guilty party."

The final suspect remaining is - **us!**

Conclusion

We are appointed "Watchman" and the condition of our Saxon nation is proof that we have failed in our appointed duty. For too long we have taken our jobs lightly. We have been confused as to the identity of the shadowy Professor Moriority. Now we know that he identifies himself when he breaks The WORD which is God. Regardless of who is, there is no one left to blame for his being here but ourselves: we are responsible for standing quiet and not sounding the alarm when he entered our house.¹³

Our inactivity gives meaning to the saying:

¹³ "If a thief be found [in secret at night] (entering the premises) and be smitten that he die, there shall no blood be shed for him. If the sun be risen upon him, (don't kill him); for he should make full restitution." Ex 22:2-3

"All that is necessary for evil to succeed is for good men to do nothing."

Future HR will discuss practical ways of doing something each day to advance our Master's Kingdom. When this is done in agreement and understanding of the parables one can begin to practice that unique gift that our God has given each of us.

"Behold, I send you forth as sheep in the midst of wolves: be ye therefore wise as serpents, and harmless as doves." Matt 10:16; "I give unto you power to tread on serpents and scorpions, and over all the power of the enemy: and nothing shall by any means hurt you." Luke 10:19

When we actually begin to use our God-given talents to "obey and teach God's Commandments", the lights will start to turn on, one after another, and, as day follows night;

"Thy kingdom come - "

Letter From South Africa by K.J.

Dear Mr. Hoskins: The worms are crawling out of the woodwork. As we suspected, murderers are paid R2,000 for every farmer they kill.

They are given weapons, and there seems to be a vast network of both informers and information to help them. Local farm workers are paid for this work. Our help just banked R1,000 that he did not earn from us or from the place where he works in town on weekends.

I still do not know who co-ordinates these operations. The latest are the phone calls farmers receive. They are told to leave their farms or be killed. Not every farmer suffers from

a lack of courage. Many tell these callers to "get lost". Still we find too many are still trusting. Having a servant in the house is often a death sentence. The servant knows family habits, where everything is kept, etc. It is also difficult for many to realize that the very blacks that they have known all of their lives will turn on them.

An old black in the bushveld talked to a white man who speaks their language. He said before the 1994 elections that trouble was coming. It has. Young blacks from Johannesburg come around and tell the locals that all the whites will be killed after the election so that they can take everything the white man has.

For the life of me I cannot understand why our people are so trusting. Their brainwashers really know their job. But, at this late hour they must take the necessary steps to safeguard themselves and their families. I know it is difficult on a farm because you live in the middle of the workers, but better be armed than dead.

Some farming communities are well organized. They inform each other when strangers appear and they send out regular patrols.

Maria had to sell her flat in a former white area which is now turning black. When the sewer system can no longer cope and the streets are dirty, it is high time to leave. Whites have to pay for blacks who refuse to pay for their own electricity, water and tax.

We got a small house in Midrand. Very neat. It belonged to a single woman and the garden is big enough for Maria's three dogs and not far from her work.

I have taken quite a liking to Maria's adopted mongrel and she loves tidbits and knows how to get them. They all dislike blacks.

It has been a cool weekend and one should have more energy, but the situation weighs one down.

Had a heated argument with a woman who feels that the black's feelings count for more than white lives. The whites who have been cruelly butchered seem to bother her not at all.

The Democratic Party asked very sarcastically before the last election if the HNP still exists. The HNP looks very alive to me. There are lots of young people who have joined recently. The DP neatly swallowed the National Party, but not all the latter's members are happy with a predominately Jewish party. Tony Leon, the Jew, and Martien van Schalkwyk were family friends, but I wonder if they still are. A Jew can be so charming.

Klaus Vaquke sent out his last *Insider Newsletter*. He will not publish anymore. I got Aida Parker to send her monthly letter. She mostly writes on S. Africa. Next time I will write how this woman, an apostolic church, and the White Mineworkers Union took over caring for the white orphanage children after the Daleen Joubert debacle. Thank heaven those children are being cared for.

The media daily laments about the poor black AIDS babies, but never a word about poor orphaned white children. Blacks earn on average more than Whites. It's time they look after their own.

With best wishes, H.J.

SPY PLANE

Kings justify their jobs by protecting against enemies. If enemies don't exist, the king must create them. America's old enemies, Germany and the USSR, are no more.

China, with its hordes armed with technological know-how, could become a believable enemy. However, America's law forbids technological transfers to China. If an American spy plane loaded with technology were forced to make an emergency landing in China, the Chinese would be provided with a direct technological transfusion otherwise forbidden by law.

Chapter 321

ROAD TO RICHMOND

Road Of Memories

Events are history. Most events revolve about wars and their aftermath. War winners write the history. If one does not have a reason to know better he must accept the victor's version - there is nothing else he can do. The victor's version is often twisted or downright wrong.

When a person has lived on the same land as his ancestors for ten generations, the history handed down to him is often different. He has a personal interest in it. A different history results in a different world-view. Not only is his world-view often different - it can be the correct one while the official version is not.

To many, the road to Richmond is just another Virginia two lane back-road; trees, creeks, hills, an occasional un-

worked farm. I know the road and have had reason to travel it countless times. It crosses battlegrounds, a scalping place, a massacre, worked out coal mines, a canal - the list goes on. It seems that every rock and hill has a story. The road is a long memory trail.

Latham's Battery

On the road to Richmond I drove past the place where the guns of Latham's Battery are buried. Along with Lynchburg's 2nd Virginia Cavalry, Captain Latham double teamed his guns and charged through the Yankee army rather than surrender with the Army of Northern Virginia.cavalry;2nd VirginiaI They paused long enough to bury their guns somewhere in a creek bed, and then they accompanied the 2nd Virginia to Lynchburg's Miller Park where they had mustered in '61. There they called the roll and disbanded. Our Lynchburg boys never did surrender.

The men of Latham's Battery were sworn to keep the secret of where the guns were buried. The secret was kept through rough interrogations by union troops and ever since. No one has ever been able to find them. There is supposed to be one man in each generation who passes the secret of where the gun's are buried to the next generation. As the story goes - on the day when Virginia once again joins her sister states to fight for their right to exist as sovereign states, the location of the guns will be revealed, the guns retrieved, and will lead the fight for freedom.

Appomattox & Saylor's Creek

Next, I drove past Appomattox where my great-grandfather, Maj. William Hoskins, Surgeon 59th Va, surrendered in '65. His name is on the rolls publicly displayed there.

A few miles further on I passed Saylor's Creek where Lee's army, on the way to Appomattox, was cut in two and where Richmond's government clerks, old men, in their first and last battle ever, gave a "rebel yell" and charged - and drove the enemy back a full mile before falling exhausted to the ground. They were all the reserves Lee had left. Their exhaustion and age prevented them continuing the fight and they were captured lying on the ground unable to rise.

The Empire

The story of the 2nd Virginia Cavalry, Latham's Battery, Saylor's Creek and Appomattox, are war stories of defeated survivors who fought against the International Trade Cartel (ITC) and lost. The death of their "sovereign state", Virginia, also marked the death of the sovereign states of their conquerors - Michigan, Pennsylvania, New Hampshire, and the rest. Now there was ONE state - the Corporate State of DC. Both conquerors and conquered had been reduced to vassal states at the same time. In 1865, the "United States" ceased to exist and a new state was born - the "Unitedstate". All Americans became "subjects". But we in the South, as losers, were required to give the extra pound of flesh for having opposed the "inevitable" and lost. It was a lesson that has been repeated and repeated and repeated.

Slavery

In school I was taught that the war was fought over slavery. Since those days I have learned that my mother's family owned more than a hundred slaves and they were abolitionists. They were "Repatriation Abolitionists". They wanted to free their slaves, send them back to Africa, and replace them with White workers from Europe. So did Thomas Jefferson and almost everyone else, too. They didn't tell me about "Repatriation Abolition" in school. Knowing that, the obvious conclusion is that the war was not fought over slavery. Both contestants were against slavery.

Secession

I was also taught in school that the war was fought to "preserve the union". If that is so, was my ancestor Robert wrong to fight for Virginia to secede from the British Empire? Was it wrong for New England to threaten to secede only a few years before the war broke out?

Virginia voted against secession after Lincoln told them that he had no intention of invading the South. A week later Virginia learned that he intended to invade anyway. Virginia then voted again - this time to secede. Lincoln meant to have his war. Why?

Burning

In school I was told that the reason that Virginia was burned was because it was a military necessity. My older kinsmen told me that almost all Yankee generals actively promoted burning.

Was this a military necessity? What does burning a farm and a mill behind your own lines have to do with military necessity? Hunter burned the whole way when his army

marched to Lynchburg. Sheridan burned the great Shenandoah Valley that was already his. Grant burned wherever he went. Sherman burned Georgia, South Carolina and North Carolina. Missouri was burned. The entire Yankee army burned. If it was just a military necessity, only certain places of strategic value would have been burned, but the armies burned wherever they were. So. It had to be "policy". It was federal policy to burn. Why?

In the past 50 years I learned that the ITC also burned S. Africa just like they did here - except they did a more thorough job of it. The establishment armies slaughtered cattle, sheep, and chickens - not for the use of their armies - they slaughtered them and let the carcasses rot in the fields. They burned barns, houses, mills - just like here. They put women and children in concentration camps where they died like flies. They left the great South African farm system a desert. Policy?

Something else. In Germany, in addition to burning every city 50,000 and larger, 11,000,000 Saxons were driven from the great east German farming regions of E. Prussia, Silesia, Pomerania and the Sudetenland (millions died in the process) and these great farming regions were given to the Slavs. Like the South and S. Africa, the Cartel went after the farms. I found that out years after WWII. They didn't teach it in the schools. This must have been "policy" too.

"Policy" of this kind leads to something - where was it leading. What was its objective?

The War Between The States

The Establishment's educational system told me that the War Between the States was fought to preserve the union and free the slaves. They didn't tell me that the war was only a 1st step on the road to somewhere else.

The obvious difference was that - when I drove by 50 years ago there were farms everywhere. Now, I saw only half a dozen working farms in the entire 120 miles to Richmond. The farms that had been burned in the war, revived briefly afterwards, now appeared to be gone for good. What did it mean?

The City

Richmond lay in the distance. Before the War Lynchburg was 18,000, Richmond was 28,000, and the great seaport of Norfolk was 38,000. Now, Richmond was gigantic. Where had all the people come from?

The answer was obvious - I saw almost no one on the road to Richmond and Richmond was full. These tightly packed Richmonders must have come from the deserted surrounding countryside. The land was empty - the city was full. Farmers were now city dwellers. I never understood that before. Another moment's reflection supplied the reason.

The War Between the States freed the slaves which removed the farm workers. Freeing the slaves without compensating their owners prevented the farm owners from being able to hire White workers from Europe as planned. The Establishment's radical abolition without compensation destroyed the Southland's farm system.

However, the people still lived on the land. Families boomed. My great-grandfather who fought in the war had 12 children; my grandfather had 6; My father had 4; I have 6, the most any of my children have is 2. What changed?

The short-lived revival of the small Virginia farm after the war ended when the ITC food-monopoly dumped foreign produce on Virginia's farm market below the price our Saxon

farmers could raise their own. Broke farmers had to go to the city and work for the cartel to feed their families.

I saw few working farms in 120 miles to Richmond. It looked like Scotland when I was there in 1982. Most working farms are gone. The same is true with our Saxon kinsmen in Europe and S. Africa. The number of children has dropped below 2 per family.

Byrd Park & Indians

I took the old short cut through Manchester (now South Richmond), and crossed the James River on the Toll Bridge into Byrd Park. Since I last drove that way the toll had increased from 5¢ to 25¢.

At the bridge, the James River rushed over rocks. You can take ships from the Atlantic all the way up the James to Richmond, but the rocks, the "fall line of the James", stop the ships there. In 1676, my ancestor Thomas fought with Bacon against the murdering Indians.

This fight ruined the royal governor's Indian trade monopoly and started an Indian War. The governor used this as an excuse to confiscate the farms of Bacon's followers. This left my family penniless. Here's the background:

1622 - The Indians staged a surprise Good Friday massacre and killed 350 settlers around Jamestown and all of the Henrico Plantation - 1/3 of the entire population.

1644 - Indians attacked Virginia colonists in a Holy Thursday massacre and killed more than 500 settlers along this same "fall line".

1676 - at this same "fall line" Nathaniel Bacon led militiamen, including my ancestor, against the Indians to avenge the

Indian depredations. The Crown called "self-defense" a rebellion and used the defeat of Bacon's Rebellion as its opportunity to confiscate most of Virginia's self-sufficient farms. I suppose the reader notices that we are back talking about farms again.

Habitat

What is this thing that the cartel has against farms? What is so important about Virginia's self-sufficient farms that every Cartel government wants to destroy them? If one thinks about it long enough the answer jumps out at him: *The self-sufficient farm is the natural habitat of the Saxon*. On his own farm the Saxon is both a king and a priest. Poor or rich he is his own man. He is an optimist in his thinking. He has lots of children. Off his farm he is just a vassal of someone else.

The cartel, to de-throne the Saxon, has burned and starved him out of his natural habitat, and driven him into the city where he now resides. He is closely supervised by a cartel king and his army as he works as a vassal for another. The Saxon has been driven from his natural habitat.

Belle Island

Down the James a little way almost in sight of the Toll Bridge is Belle Island. There, my great grandfather, Granville Kelly, saved a union prisoner who had saved his family from starving. The story is in *Vigilantes*.¹

¹ *Vigilantes Of Christendom*, VPC, 427p. sb, \$18, POB 997, Lynchburg, VA 24505.

Byrd Park

In moving to the city the Saxon made the city as much like the rural life as he could. Parks were one of his proud creations.

In Byrd Park, I saw the same giant oaks where half a century ago I fenced a young German airman early Sunday mornings.² I especially remember the mist that was low on the ground. Except for ghosts and early risers, Richmond still slept. The young airman was a good fencer. He had a way of strapping his épée to his wrist that I had never seen anyone do before.

He told me that his brother had starved to death after WWII when the Germany's eastern farmlands had been taken and the Americans prohibited food from being sent to Germany. He didn't hold it against me because I was an American. I told him about our own experiences as a conquered people.

Convoy

Once I was traveling in a convoy enroute to Indiantown Gap Military Reservation. I was with the Richmond Light Infantry Blues of Virginia's National Guard. Our truck ran low on gas in Pennsylvania and we dropped out of convoy to buy gas at a local filling station. They wouldn't sell to us because we were Southern "rebels". The media had done a good job demonizing us.

Work

In the early 50s, New York Life asked me to come to New York City for a job interview. I went, but they didn't hire me in spite of being better qualified than all the others who

applied. I later learned that the reason was that I was a "Southerner".

Trade

When I was young it cost more to ship goods by rail from Richmond to New York than from New York to Richmond.

Debt

It was 1956 before Virginia paid off the last of the Reconstruction Debt incurred by the occupation government - more than three quarters of a century after the War.

School

As a student, young freshly indoctrinated teachers from state colleges wanted me to change my Virginia accent and talk the way they had learned to talk in school. "We don't speak that way". About the only times I ever whipped my children was when they came home from school after some teacher had tried to "reconstruct" them so they wouldn't speak like Robert E. Lee and George Washington.³

Ducks

In those days, Richmonders strolled safely in Byrd Park. They fed ducks and geese that crowded Byrd Lake.

The alien Establishment had begun to lock a draconian rule on Saxon Virginia. It decreed that we treat his Blacks as the Cartel once decreed that we treat his Indians in the years

³ My wife says that this is "A baldfaced lie!" She says that I whipped the children for lying, fighting, coming home late, not doing their chores, smoking, drinking, attitude, and everything else that children need whippings for. I note that they are whipping their children for the same things I whipped the

before - regardless of their robbing, raping, murdering Saxons.

He appointed judges and stationed his police to enforce his decrees. Thus protected, the Blacks swarmed in armed with fishing poles and cast lines over the backs of the ducks and geese, hooked them, reeled them in and wrung their necks. The birds are gone and now they hunt us, our women and children at night - in the parks, parking lots and neighborhoods that we built. Today, people seldom walk in Byrd Park. Neighborhoods shut down after dark. To most - Richmond is under seige, and the Reconstruction occupation forces still watch to detect the least sign of rebellion.

The CITY belongs to the alien. I didn't learn that in school, but, I've got eyes to see what's going on. The city is where the alien feeds and houses his slaves who work the alien's economic system.

Checking In

I drove down streets lined with familiar tree shaded row houses, and checked in at the Holiday Inn. The colored desk clerk was soft-spoken and polite. The people I met were gracious and nice. I crossed the street to one of Richmond's neighborhood restaurants to get a bite to eat.

The restaurant I chose was close to the neighborhood restaurant I frequented 50 years ago before holding local *Defenders* meetings. In the restaurant, I sat close to a group of young men and women in their thirties and early forties. They were eating sandwiches, drinking beer and discussing politics - just like we did 50 years ago. I overheard snatches of conversation - they were using the same words and catch-phrases to describe today's conditions that we used back then.

They were part of the group I had come to Richmond to meet.

The Meeting

The meeting room was full of flags - British, the cross of St. George, the Southern Cross of St. Andrew. It made a brave display.

Three of us sat at the speakers' table. Between 60 and 100 people were present. That was the size crowds the Defenders initially attracted for neighborhood meetings. Later, thousands attended and only school auditoriums were large enough to hold them.

The master of ceremonies was a tall, nice looking, well spoken young man with good stage presence. His name was Ron Doggett, chairman of Richmond's *No Fear* - "National Organization for European-American Rights", the Richmond chapter of David Duke's political party.

The Governor's Proclamation

Doggett read Governor Gilmore's proclamation commemorating May as the month that Virginians were to celebrate the accomplishments of their Saxon American ancestors. With the permission of the governor's office, he had announced the governor's proclamation to the media that very morning.

This evening, a few hours later, this same Governor Gilmore rescinded his proclamation. Someone on his staff objected to Virginians studying the accomplishments of their European American ancestors. His excuse was that if David Duke had anything to do with it, it must be bad.

This latest flip-flop was not surprising. This same Establishment governor had earlier opposed license plates for the Sons of Confederate Veterans, and setting aside a day commemorating the "Heroes of the Army of Northern Virginia".

Traitors

I remembered back 50 years to when Governor J. Lindsey Almond was our king. He was also a traitor to his nation and his God. ! 4 He had run for election on a platform supporting Senator Byrd's *Massive Resistance*. Virginia gave him a lopsided, landslide victory. Virginia had raised the battle flag. Almond was our Patrick Henry and George Washington rolled into one.

The citizen soldiers of Virginia's National Guard, the sons of farmers now living in the city, stood ready to take to the field to enforce Virginia's right to govern herself and maintain her territorial integrity, if need be. North Carolina and Tennessee were on alert.

The day arrived. Washington sent marshals in to take control of Virginia's schools. In Richmond, I was one of the National Guard officers waiting to be called up. Some stood outside the Blues Armory in the morning dark waiting for the custodian to arrive with the keys so they could draw equipment.

The sun rose. Richmond was at a standstill. People spoke to each other with lowered voices. People waited for Governor Almond's announcement. The minutes stretched into hours. Nothing. There were rumors about "negotiations".

⁴ A nation is a race, a country is a taxable entity containing one or more nations.

There were no negotiations in progress. They were only rumors! Virginia's governor had betrayed his people and betrayed his God. His 30 pieces of silver was nothing more than an appointment as a Federal Judge.⁵

Almond's treason destroyed what was left of the States Rights of every state in the union. It made the nation's public schools the disaster they are today. The integration it promoted encouraged thousands to mate with aliens. As prophesied, integration has led to miscegenation.⁶ A mixed-breed is barred from the nation of Israel.⁷ What was his price? A judgeship! A judgeship! If we had suspected that he was the kind that could be bought for only a federal judgeship, we could have raised the ante; we could have made him a judge for life of Virginia's Hog Shows at double the Establishment salary. Almond came cheap.

Complicity

At the time, the "Massive Resistance" of Virginia's Senator Byrd's was the most talked about thing in the country. It had become a "states-rights" issue North and South. Virginia was issuing tracts on "Interposition"⁸ and sending them all over the country. It gave the busy appearance of activity that produced no results. What did Senator Byrd do about Al-

5 *"Cowards who turn back from following me, and the corrupt, and murderers, and the immoral ... and all liars - their doom is in the lake that burns with fire and sulfur. This is the second death."* Rev 21:8

6 *"Let them marry ... only to the family of the tribe of their father."* Numbers 36:6;
"Thou ... shall go ... to my kindred, and take a wife." Gen 24:3,4

8 Interposition: The interposing of state authority between a tyrannical federal government and the oppressed people of a state.

mond's treason? At the very least he could have spearheaded an Almond "recall" - but Byrd did nothing.

Caste System

Fifty years ago we didn't know about the ITC's caste system. We didn't know that ALL kings are hired by and work for the same master. They ALL conspire together. All of them are in on it. ALL of them. They were earlier versions of S. Africa's DeKlerk, Rhodesia's Ian Smith, Germany's Willie Brandt. ALL took the Cartel's 30 pieces of silver. They were all traitors. ALL of them! We didn't know it.

Senator Byrd began his career "poor but honest". Virginia's courthouse books and state office books stood open for inspection by anyone walking in off the street. The *Byrd Machine* was held up all over the country as an example of honest politics. When he died, "poor but honest" Harry Byrd owned a newspaper, extensive apple orchards, and millions in stocks - all on a politician's salary.

I thought about all this as I got dressed this morning. I put on my shirt made in Korea, my pants made in Nicaragua, my T-shirt made in China. And, I thought of Lynchburg's idle textile mills on Cotton Hill, and my ancestors' farms now owned by strangers' corporations. Then I remembered Virginia's politicians who go to DC penniless and return millionaires.

What is there to wonder about? The establishment's three castes - 1) Priests, 2) King & Army, and 3) Money Managers - belong to the cartel. They are bought and paid for. You don't go to them to help you out of your troubles. They are part of the problem. They lick the hand that feeds them and think that there is no God in heaven and tomorrow will never come. They really believe that God's Law will never judge them.

We didn't know all this back then.

MY TALK

(1) My Credentials:

When speaking I always state the following:

"In the beginning was the WORD, and the WORD was with God, and the WORD was God." John 1:1 and "The WORD was made flesh, and dwelt among us." John 1:14

I always try to tell our part in the Great Crusade:

"I saw heaven opened, and behold a white horse; and he that sat upon him ... doth judge and make war ... and his name is called The WORD of God." Rev 19:11-13.

God is the WORD. The White Horse is the ancient sign of the Saxon - on shield, flag, and arms. The Saxon bears the WORD. That's what we were put here on earth to do. That's why God the WORD made us in his image. He chose us.⁹ Our job is the most important job in the world.

Zeal

The Saxon's spirit must at least equal the zeal of other nations. The zeal of an Arab boy for Allah causes him to strap dynamite to himself and walk into the midst of his enemies; the Zionist's zeal, knowing he will be killed, makes him go to the Temple Mount to attack his enemies. His mother's zeal, learning of his death, makes her say that she is proud to have a son who will give his life fighting her nation's enemies.

⁹ *"The LORD thy God hath chosen thee to be a special people unto Himself, above all the people that are upon the face of the earth." Deut 7:6; "Ye have not chosen me but I have chosen you, and ordained you." John 15:16.*

There is the zeal of the young Kamakazie pilot who crashes his plane into the enemies of his god-emperor; and the zeal of our own Crusader knight who stood in the middle of the road and dared the Saracen army to try to pass him. There is the zeal of the follower of the WORD who refused to recant and was condemned to be burned by Levite priests who proclaimed that they were acting for God.

When our zeal is as great as this - victory will come. Such zeal can only come from devotion and obedience to the WORD which is our God.

"Greater love hath no man than this, that a man lay down his life for his friends." John 15:13; "If ye love me obey my commandments. John 14:15

(3) Enemy Propaganda

Our enemy constantly attempts to neutralize God's WORD. This propaganda is spread by a) The media, and b) Levites in the king's service.

Nick Griffin

Nick Griffin spoke. He is the national chairman of the British National Party, from Wales. Both he and his charming wife flew over for the meeting.

He told about what is going on in Oldham, England, which is much in the news right now. Aliens are pouring in from all over. In 1950, there were less than 10,000 aliens in the whole island. Now, the cities and towns swarm with them. Saxons are being laid off from their jobs, and in his hometown, Oldham, where in 1950 there were as many factories as days in a year - there is but one factory left. The rest have been shut down or moved overseas. Oldham's alien population has grown to 20% of the total and they are belligerent.

Their latest is to hunt whites with machetes and chop them up. In Britain, the media conceals alien crime and profiles innocent whites - just like they do here. British political parties, both Conservative and Labor are corrupt, and take the part of the alien against the Saxon.

Critique

British patriots have something going for them that we don't - what appears to be a viable political party. The percentage of votes captured by the BNP grows with each election. Each alien atrocity translates into votes at the polls. The worse the atrocity - the better the BNP returns.

Nick Griffin sees, and I believe correctly, that the people have no where else to go - that nationalism is the future wave and the BNP will be a factor to deal with in the future.

I was impressed with the energy and spirit of the leaders of *The Friends Of The BNP* and their sponsoring and supporting organizations.

The BNC has identified the political and social issue of the day, immigration, and are translating this issue into votes. Saxons respond to it in Britain and America and wherever it becomes an issue.¹⁰ This same problem exists among Saxon peoples in France, Austria, Germany, America, Scandinavia and Australia.

The people at the meeting were intelligent. They all seem to know the current political buzz-phrases one uses to reach others. *The Friends of the BNP* are presently collecting members, but have little organization thus far.

God Wills It

Their weakness appears to be that attendees are not yet being given the message - "God Wills". It's probably because they are still a young organization, but America's Founding Fathers didn't neglect this. Americans still remember that they said:

"The people know it is impossible to rightly govern without God and the Bible." George Washington

¹⁰ On May 2, 2001, p. 5, the *Financial Times* reported the United Nations appeal (order) to the British Labor Party and their opposition Conservatives not to make immigration an election issue. It has been reported since then that ALL Members of Parliament, but one, agreed. Immigration is the most controversial issue to face Britain in decades. Politicians can be elected or thrown out of office based on their stand. Their almost unanimous obedience to the UN confirms their being Cartel agents.

"Our Constitution was made only for a religious and moral people; it is wholly inadequate for the government of any other." John Adams

**"Resistance to tyranny is service to God."
Thomas Jefferson**

**"We have staked the whole future of American civilization upon the capacity to sustain ourselves according to the Ten Commandments of God."
James Madison**

"The Bible is the rock on which this Republic rests." Andrew Jackson

To be successful long term among a people whose WORD states that they are made in the image of this self-same WORD - it is essential to proclaim that God blesses the work it is doing. Without the blessing the necessary zeal will never be attained.

Admittedly, it is a hard thing to do while organizing, collecting money, paying bills and trying to counter the constant attacks of the enemy, but it must be done. Failure to do so means that it becomes only a question of time before setbacks and discouragement will take their toll and the local branches will begin to chase deer instead of staying after the fox. It's different when "God wills it!" Our people must be kept after the goal which in plain English is - *"Thy will be done - on Earth!"*

I've Got Good News For YOU!

Someone must be chosen to be the "watchman" - to make sure that heresy doesn't creep in to destroy the Saxon's sleeping nationalism. It must be someone who studies, worries, and anguishes over his people. It must be someone who

is the grain of salt that the WORD says is sufficient to salt the whole loaf. It surely isn't the Levites - It's YOU!

Who else is there who can't stand the lawlessness of the Cartel's establishment church? Who else besides you asks the Levites embarrassing questions? Who else lives near you who knows as much of God's WORD as you do? Who else will travel halfway across a continent just to meet with his peers and discuss this and that from the WORD? Just you.

God has isolated you for years from others so that you can properly learn your craft. You don't think you have, you never will, but you have. You are what the WORD has trained you to be. Now, how does one get started?

Getting Started

We start by making ourselves available. Our job is not to convert the world, merely to keep those who are doing something on course.

We start attending meetings. The best meetings to attend will be those of nationalist political parties. These people want to do something and do it NOW. If there is no nationalistic political party available, pick some local organization - it really doesn't make that much difference what kind; PTA, DAR, SAR, DOC, or Sons of Confederate Veterans, your own local fraternal or religious group, or your local flower lovers group; even as a very last resort - Republican or Democratic party meetings - any organization. All organizations have power. It's seldom used because they don't use it, but organizations have it. Start attending - in time you will be able to influence your group so that their power can be used for good.

As an example, I attended a reunion of Air Force Class 52C. We trained together to be pilots during the Korean War.

There was a banquet. I suggested that someone say the blessing. Guess who the chairman asked to say it? Me! The chap who suggests the chore gets the job! For all intents and purposes I was the unofficial chaplain of that meeting. The possibilities are endless and enormous.

No two cases are the same. God has trained you for a long time for today. You are not just another joiner. You are so rare that its hard to find one like you living near you. It would be a shame if you let this expertise go to waste. Join a group, or start attending a group you already belong to. Make the supreme sacrifice and even begin attending Sunday School.

Once there - volunteer. You will quickly be picked to be an official doing something unpleasant. Our people don't like things like that. They prefer to let "John" or "Pete" do it. Well now, you are henceforth "John" or "Peter". God picked you. Let's get with it. He who does the organizational dirty work earns the right to be heard.

If the organization or its members are doing something right - show those interested from the WORD where God approves of what they are doing. Everyone likes to be backed up by GOD. If the group or the individual violates the WORD, show them the Scripture to put them back on the right path. Then, sit down and let the Lord take over. Don't worry if they don't follow your suggestion. Don't nag. Let the matter drop. The grain of salt has been placed. The others Saxons in the organization are made in the image of the same God that made you. Trust God. He will do the rest.

We've got more than enough people for the job. God has trained us for this day. Let's get off our duffs, get to work, and let the Crusade begin.

"When thou are in tribulation ... even in the latter days, if thou turn to God and shall be obedient ... he will not forsake thee ... nor forget the covenant of thy fathers." Deut 4:30-31

It's time.

CONFEDERATE FLAG

The overwhelming majority of the people of Mississippi voted to keep their state flag containing the Cross of St. Andrew. This is the state where the Establishment's legislature was in favor of doing away with the same flag. This verifies, once again, that Cartel politicians are media-elected and owe the people nothing.

Timothy McVeigh

An interesting phone call came in last week. The caller told me that a survivor of the Oklahoma City bombing said that she was trapped in the rubble of the Murrow Building. Rescue efforts had started when they were suddenly halted for over 4 hours. The four hours were used to fill bomb craters in the basement of the Murrow Building with concrete. This accomplished, rescue efforts began again.

The woman was said to have lawyer and was planning to file a restraining order to "prevent the government from destroying evidence", namely "Timothy McVeigh". She said that she repeatedly tried to present her evidence to the FBI to no avail.

The day after I was told this story the newspapers announced that the FBI had located 3000 pages of evidence that had not been turned over to defense lawyers. The Justice

Department stepped in with its own restraining order. Their new investigation puts the FBI back in control of the prisoner and prevents the unauthorized questioning of Timothy McVeigh.

The Cartel media helped the government get away with its hamhanded way of disposing of uninvestigated Waco and Murrow Building ruins. One individual like McVeigh should present no special problem that a little spin can't correct.

Chapter 322

IMMIGRATION

The Right Issue

Immigration

The right political issue is "*immigration*".

Using this issue, the British National Party in Great Britain made great strides in this last election. They got more votes than ever before and in certain areas they eclipsed old line parties who had obeyed the UN suggestion that they "down-play" the spreading European immigration troubles.

The same thing has happened in France and Australia. The right-wing parties which used this issue are becoming powers to reckon with. In the Netherlands, Belgium, Norway and Sweden the same thing is happening. The immigration problem can no longer be hidden. Immigrants equal job loss, crime, disease, and racial strife. The way to get rid of the

problem is to vote for those who promise to get rid of the problem.

How logical can one get?

Friends Of The BNP

Last month I drove to Richmond to speak at a meeting put on by *Friends Of The British National Party*. Representatives of many different fraternal, political and historical organizations were present. These people's only common interest was their opposition to *immigration*. Political differences and agendas were forgotten in face of the overriding immigration issue, which the main speaker, the Chairman of the British National Party, discussed at length.

There was common agreement that the preservation of the nation's schools, history, tradition, race, religion, and everything else is impossible if the nation is submerged in a sea of color.

The 1930s

In the 1930s, the corporations were in the driver's seat and ran roughshod over the working man. This result came from the unfortunate conclusion of the "War of '61".

New corporate land companies bought up the war-ruined farms for practically nothing. As time went on other farms were put out of business when the International Trade Cartel sold foreign-grown commodities here at prices below that which our own farmers could produce them.

Survivors struggled under conditions that were a national disgrace. Cardboard-lined shoes in a "Tobacco Road" countryside were a reality. I went to school with these children.

As time went on, most formerly independent farmers gave up and migrated to cities to beg jobs in factories to keep their families from starving. The factory owners built shacks on "cotton hills" for them to live in. Company stores sold them necessities. Southern cities filled with farmer refugees and mushroomed overnight.

Transition Problems - Government

The ITC created a Corporate State to rule the conquered South. This basic Corporate State was composed of a ruling caste consisting of 1: Priesthood, 2: King & Army, and 3: Great Merchants. The ruling caste's job is to manage caste #4, the Workers. It takes time to build the system.

Members of the three ruling castes are permitted to rule as long as they are PC. If they are not PC they lose their ruling caste privileges and are relegated to the worker caste.

The Cartel Media's job is to make the workers think that their ruling castes really represent their interests instead of ITC interests.

In time, the Saxon discovered that his struggle to get ahead in the Corporate State is forever sidetracked. Others are promoted over him. Taxes, affirmative action, block busting, and wars force him to borrow in spite of his reluctance to go into debt. The Merchant sells him alien-made-goods, and interest payments keep him in bondage. The Saxon grows restless.

The Priestly caste earns its pay by keeping the Saxon content. Prison slavery¹ is introduced for those who refuse to

¹ *"The children of Israel are men, and your brothers; you shall not reduce them to slavery." Leviticus 25:46*

be ministered to by the the King and his Army. It's a symbiotic relationship. It's their job.

To contain discontent, it is customary for the ruling caste to have one of their own pretend to be a rebel and pretend to lead a political revolt. He then leads "patriots" in circles chasing their tails. When the election chase is over and the rebels have expended their energy, money, and enthusiasm and have become thoroughly disillusioned by their countless well-advertised defeats, they are then sent home to go quietly back to work for the cartel for another ten years. "Bitter-enders" are rounded up to join their soul-mates from the prior decade's harvest.

Transition Problems - Services

When the victorious Corporate System was installed in place of the traditional *Self-Sufficient-Farm System* (SSFS), problems arose immediately. Things the *SSF System* had done for its people now were thrown into the lap of the yet unorganized *Corporate System*.

In the farm system, the destitute, those too old to work, or handicapped were looked after by family or neighbors. Crime suppression was everyone's responsibility and defense was handled by the militia.

Now, everyone was forced to look to the all-powerful Corporate State to provide essential services. The state, wasn't ready, and couldn't. AND, the corporations went so far as to say that they "didn't care!" The result was that in the 1930s America was filled with a people having nothing to lose who were either in revolt or verging on revolt.

The "Kingfish"

Into this cauldron of seething discontent appeared Huey Long, the "Kingfish". Long identified the rich, bloated, irresponsible "corporation" as the trouble, and his solution was to, "tax 'em and spread the wealth." He put together a political platform promising a "new deal" - "A chicken in every pot and a car in every garage", plus, a Social Security system to care for destitute people in their old age, and "make work" government programs to help the unemployed. Corporation wealth and the wealth of America's "rich-rich" were to pay for it all.

To implement these ideas, he put together a smooth operating political party that first made him governor of Louisiana and then senator.

Huey Long's fame spread to the rest of a destitute America in spite of the media blackout. He rode a groundswell of public support. Hands down - his next stop would be the White House!

The Huey Long phenomenon threatened to pre-empt the ITC's American Corporate System and place it under Saxon Management. This was intolerable. Huey Long was assassinated by an alien.

The Long Machine To The Rescue

The Long political machine still existed. It stood ready to replace its leader and continue the path to the White House with someone else. But - something went wrong! The political party stood stranded like an automobile out of gas.

The New Deal

The thing that went wrong was Franklin Delano Roosevelt, Huey Long's arch rival. Roosevelt adopted Huey Long's popular political platform almost in its entirety. He even called it the *New Deal*. Using Huey's platform he rode it into the White House. Huey Long's powerful political machine had no fuel - it had been pre-empted and withered on the vine. Its life's blood - its platform - had been stolen by evil men. WWII and today's colored invasion is the result. It's not the only time this has happened.

Clinton - Newt Gingrich

Clinton was president. The leader of the opposition was a silver-tongued Republican liberal posing as a conservative named Gingrich. He clearly enunciated the Republican platform and the people bought it. It was far better than the Democrat's platform. Clinton, the Democrat, adopted the Republican platform. This left the Republicans high and dry with little to criticize. Clinton stole their platform and gained a 2nd term - to the detriment of the entire country.

Dealing With The Immigration Issue

Today's primary unspoken issue is "immigration". The *Friends of the BNP* with its affiliates, and nationalists the world over have raised the issue.

Logic says that if America's establishment political parties don't deal with this issue they will in time be washed away in a Saxon voter revolt.

The cartel is not stupid. If it appears that the *immigrant* issue will cause them to be washed away - they will do what Franklin Delano Roosevelt and Bill Clinton did - steal the

anti-immigration platform as their own. If they do this, the American patriots will be left at the starting gate just as before. All dressed up and no place to go.

Different Strokes

Ever wonder why when *merchants* talk "religion" to win customers it's always warm fuzzy stuff - never the WORD - the Laws, Statutes and Judgments?

Ever wonder why it is that when most *priests* talk "religion" to win customers it's always warm fuzzy stuff - never the WORD - the Laws, Statutes and Judgments?

Ever wonder why it is that when *Kings* talk "religion" to win votes it's always warm fuzzy stuff - never the WORD - the Laws, Statutes and Judgments?

Can this be an accident?

No indeed. These people know exactly what they are doing. They pretend to follow God and his Commandments when what they really want is to keep doing what they are doing and at the same time gain the support of the faithful.

Religion - Two Kinds

This is how they do it. They say that they are saved by "grace" and infer that "God's Commandments" are done away.

Of course, they don't say "God's Commandments", but that's what they mean. Instead, they say that the "law" is done away. Calvin and the reformers agreed that the Bible means that the ritual law of the Levites is done away by the sacrifice of Jesus Christ on the cross. But the Levites and their converts

2 *Who hath saved us ... not according to our works, but according to ... grace."* 2 Ti:1:9; "Not of works lest any man should boast." Eph 2:9

don't say that. They say that the LAW is done away! They want you to believe that this verse means that God's Commandments are no more. They have been done away! means that the "child of hell" is free to do anything.

Using the excuse that God's Commandments are done away, "Christian" churches lend at usury, sodomite priests are OK, strangers are permitted to enter the congregation of Israel, and heathen can freely do the things that God's Commandments forbid.

The following has been swept behind a curtain:

"Fear God, and keep his Commandments: for this is the whole duty of man." Eccl 12:13

This is why the Priest, King, and Merchant never quote God's Commandments in their "Warm and Fuzzy" pitch for your tithe, vote, and trade. It would recognize God's Commandments as the ultimate authority.

What Would Happen If...

If the Priest, King, or Merchant based his pitch for your support on God's Commandments - naming chapter and verse - it would be understood by the Saxon nation that the speaker has placed his subject under the authority of God's Commandments and expects to be judged by them. To be judged by the WORD is heavy. It gets heavier.

The Levites MUST always say that God's Commandments are done away to deflect the blame for the world's ills from themselves. They read Scripture and know the curse

3 "Faith without works is dead." James 2:20; "By works a man is justified, and not by faith only." James 2:24;

4 "Ye compass sea and land to make one proselyte, and when he is made ye make him twofold more the child of hell than yourselves." Matt 23:15

placed on them by the WORD.⁵ They also know what could happen to them if the Saxon, the apple of God's eye, obeys the WORD and turns his eye on them. It is written:

Priests

"If we sin willfully after that we have received the knowledge of the truth, there remaineth no more sacrifice for sins." Heb 10:26; "Draw near, even every man with his destroying weapon ... and the Lord said ... Go ye ... and smite: ... and begin at my sanctuary. Then they began at the ancient men which were before the house." Ezech 9:1-6

Kings

"Babylon ... the kings of the earth have committed fornication with her." Rev 18:2-3; "I beheld the angels of punishment ... Then I inquired of the angel of peace, who proceeded with me for whom those instruments were preparing. He said: These are preparing for the kings and powerful ones of the earth, that by this shall they perish. ... I beheld a deep valley burning with fire. To this valley they brought monarchs and the mighty." I Enoch 52:3-5, 53:1-2.

Merchants

"A merchant shall hardly keep himself from doing wrong." Ecclesiasticus 26:29; "Babylon ... the merchants of the earth are waxed rich through the abundance of her delicacies." Rev 18:2-3

⁵ *He that committeth sin is of the devil." 1Jo3:8; "And the dead were judged ... according to their works." Re 20:13*

Babylon

"Reward her even as she rewarded you ... and double unto her double according to her works." Rev 18:6

If the establishment ever admits that God's Commandments are the ultimate authority, they will be judged by that authority. Therefore:

A Lock On The Immigration Issue

A lock can be placed on the "Immigration Issue. The immigration issue has already succeeded where it has been used and reason leads us to believe that it will continue to do so because the immigration problem shows no indication of going away.

Since an ultimate success will bring new leaders to Saxondom and will de-throne the Establishment, the Establishment will attempt to prevent this. First, they will attempt to bribe the anti-immigration leaders. Failing this, they will try to pre-empt the anti-immigration issue. Roosevelt and Clinton did this sort of thing in the past. In short, to maintain control, the Establishment may be forced to sacrifice the immigrants in our midst to ensure their own survival.

To prevent their regaining control - Saxon nationalist leaders should, right now, establish a clear distinction between themselves and their opponents. Their position should be that they are against alien immigration because God's Commandments forbid it, AND, because of the damage they do to Western civilization.

"I will deliver the inhabitants of the land into your hand; and thou shalt drive them out before thee. Thou shalt make no covenant with them, nor

with their gods. They shall not dwell in thy land, lest they make thee sin against me." Ex 23:31- 33

The Establishment can't say this. If they acknowledge the supremacy of this Law, they will have to acknowledge the supremacy of the rest of God's Commandments - which would mean the downfall of Babylon. The Establishment is Babylon. It is not likely to commit suicide. They can't appeal to God's Commandments.

If we take a position forcing him to fight, not only us, but God - that's a battle he can't win. Why? Because Saxon voters are made in the image of God the WORD. Because of this, they sense truth when it is given them. They will choose GOD. Make your enemy attack you and God!

Let the world know that you are fighting the alien invasion because "God wills it!"

Enemy Reaction

Babylon's priests, kings and merchants will attack you. That's what they are paid to do. But, in attacking you they attack God who made the Law. This will force the Saxon to choose between Babylon and their own God the WORD.

If Babylon is forced to adopt your anti-immigration platform - all you need do to continue in God's graces is to publicly announce support for another of God's Commandments. How about the the one dealing with the great corporations who own all the land:

"The land shall be divided for an inheritance ... To many thou shalt give the more ... to few thou shalt give the less ... the land shall be divided by lot: according to ... their fathers they shall inherit." Num 26:53-55

"The land shall not be sold forever: for the land is mine." Lev 25:23

Why, this is the rebirth of the *Self Sufficient Farm System* so feared by Babylon.

The list goes on and on. It's not necessary to enumerate all of them at one time. Just establish that YOU obey God and your enemy is anti-Christ because he will not obey God's Commandment, and name chapter and verse.

Saxons will gravitate to those who raise the banner. They will fight your cause for you - if you've got the guts to take the stand.

Conclusion

Taking your stand on God the WORD and asking his people to support you because of it will bring victory. Your enemy cannot do this because if he once supports God the WORD it brings the rest of God's Commandments down on his head which will destroy him. His reluctance triggers the following:

"Whoso despiseth the WORD shall be destroyed." Pr 13:13

Your stand burns your bridges and triggers the above curse on Babylon. For you, there is no going back. For your enemy, he is forced to fight both you and your God. Saxon voters will not fight God the WORD in whose image they are made.

If you burn your bridges and fight God's battle, victory is sure:

"When thou art in tribulation ... even in the latter days, if thou turn to God and shalt be obedient ... he will not forsake thee ... nor forget the covenant of thy fathers" Deut 4:30-31

"I will send my WORD and save thee and thy seed." II Adam & Eve 12:6, *Lost Books*

LETTER FROM S. AFRICA by K.J.

Dear Mr. Hoskins,

We had some late rains clearing the air and leaving everything fresh. The frost just started but it would seem that even the plants are not sure with mulberries turning red. I have no idea when we will get down to burning the firebreaks.

We enjoyed the *Hoskins Report* on the Slavs. It is so handy to have the information handy when someone repeats media nonsense. Whenever we open a newspaper they have bombed yet another civilian target. It is truly a shameful mess that should never have been started and the media lies by those involved make it worse.

We had the honour of another BBC video on police brutality involving only white policemen, but it boomeranged. Many whites are so fed up with all the murders, rapes and crime that they took the accused police's side. Now the media in England have been showing lying propaganda for more than a century and still the hatred continues. Most other countries concentrate on their own problems, but not England. I still have not found a complete answer to the reason why they hate us so much.

They, among others, are actively stirring up black hatred towards whites, as can be seen in light of the police disaster when only blacks will be in charge with no hope of justice for whites (see enclosed article). Like Honis wife is doing to Clive Derby Lewis and Walus. Apparently this old girl is enriching herself with millions, building a mansion in

Sandton etc. and she is one among many. No wonder Mandela felt he would joke about whites begging at street corners, simply because their jobs were taken by blacks even if they are unproductive thieves. As it is, many whites work hard long hours to keep the country from falling apart, but the black appointed in their position has lots of time for his own business. Some say this is a big mistake to keep things going, but then the white has to eat and live even if he is demoted. There is simply no easy answer.

Both Nelson and Winnie state in public that the ANC will rule forever. That was after the discussion of Siener van Rensburg book translated into English which I think rattled them quite a bit. A few so-called professors from the liberal Stellenbosch University trotted Nostradamus out, but I doubt if they will get far.

As you can see, AIDS in Kwa-Zulu Natal is bad, with more deaths than births now. Blacks still do not understand how it is spread, and I doubt if they ever will.

The general election will turn out to be the same mess it was last time. Thousands of blacks not registered are going to turn up. The DRC preachers offered to do free duty to see that everything proceeds orderly. Tony Leon brags openly that he can fight back, but when he offended Jaap Marais, he did not have the guts for an open debate with Mr. Marais. It is really all a circus and whites have no problem in staying far away. Yours Faithfully, K.J.

S.A - FIRST IMPRESSIONS by R. W.

The 8125 mile flight from Atlanta to Johannesburg took 15 hours. From Johannesburg to Cape Town (780 miles) took another two hours. South Africa is a big country.

Cape Town is probably the most spectacular city in the world. Mountains, two oceans and great floral variety. SA is experiencing a long-term drought, as is the south-east U.S.

In the 1950s, the S. African Rand was worth about \$1.25. Since then it has inflated to 8 rands to the dollar. This means prices are cheap. A US/SA airline ticket bought in SA costs only about \$750. I stayed in several Bed & Breakfasts and the average cost was about \$22, which included breakfast. I rented a Mazda car with unlimited mileage and 100% insurance for \$16.13 per day. The food is above average American standards. I was invited to dinner for three at the best restaurant in town and the cost was only \$15.

There are three basic racial groups in the Cape. Crudely described, they are the whites, coloreds and the blacks. The coloreds require explanation as they are not "colored" in the American sense. They are a mixture of the Hottentots (descended from Malay ancestors) and Caucasians. They tend to be slightly built, can have green or blue eyes and can have straight hair. Coloreds speak Afrikaans as their primary language and a small minority speak English secondarily. The coloreds are trusted by the whites because of their non-threatening character. They have been political supporters of the old Nationalist Party. They are typically found in the Cape area and the blacks, until recently, were not found there. Coloreds do not resemble and are not racially related to the typical black Xhosa. In the Durban area on the Indian Ocean, the East-Indian influence is pronounced. In the Johannesburg area to the north the Cape-Coloureds are not to be found.

In 1993, the whites voted for one man one vote and in my opinion made a pact with the devil. I don't think that the whites realized that their entire culture and civilization would ultimately be at risk. SA used to have two official languages,

English and Afrikaans. Presently there are 11 official languages. A chaotic state.

Affirmative action here is extremely discriminatory and gives young whites no future. I have been told that all professional people between 25 and 40 who can leave for New Zealand, Great Britain and Australia are doing so. A crime wave exists which many say is SA's greatest problem. It should be remembered that Amy Biel was murdered by Xhosa and not by coloreds.⁶

AIDS is rampant. Somehow the ANC blames apartheid for this situation. Under current SA law a black can have 4 wives. Monogamy and marital fidelity are not black cultural norms, and this makes fertile ground for the spread of HIV/AIDS. Some extrapolate that by 2010 the white/black ratio in SA will be 60/40.

Just to the north of SA is Zimbabwe, formerly S. Rhodesia. It is ruled by Mugabe whom many call a maniac. Many white farmers have been killed in both Zimbabwe and SA. Typically, nothing is being done about it. It appears that the plan of the black government is to kill or drive the whites from the land and confiscate their farms and property.

the blood of the white tyrants and of their children.'" (*News of the World*, Vol. 15, No. 6, p. 3), copied from IMPACT May/June/July 2001)

Violence Continues

"The violence continues with a regularity as if planned, and it seems to be on the increase. A new phenomenon is the way in which our white people are killed. They are clubbed to death with some blunt instrument, or their throats are cut. This, together with raping of our women, creates the impression that it is being done in a way to humiliate our white folk. It is gruesome and alarming. It speaks clearly of a deep rooted hatred of the white man and a purposeful drive to force us off our land." (*WORLD AFFAIRS*. F. W. C. Nester, POB 49432, Hercules, 0030, SA Tel/Fax: 012-3798954)

UNFILTERED NEWS

STATE OF ENGLISH JUSTICE: Judge Roger Sawcross jailed Diane Wild, 42, for 12 months, and Julie Hodgson 37 and Raymond Davis 44 were jailed for 9 months each. They were aunts and uncle of David Glass 12. They were convicted of attacking two consultant pediatricians who were trying to administer diamorphine so David could "die with dignity."

Justice Hidden stressed that the courts had a duty to protect the medical profession from attacks. The appeal judges reduced Wild's sentence to 6 months and the jail terms of Hodgson and Davis to 4 months each.

After the two doctors were prevented from administering the diamorphine at St Mary's Hospital, Portsmouth - David was discharged later that evening. Carol, his mother, said that her son who is now 14, was doing "very well". Mrs. Glass said of the aunts and uncle, "They saved David's life." MORE ENGLISH JUSTICE: Tony Martin shot and killed a 16-year-old burglar earlier this year at his home and was convicted of murder. Lord Chief Justice, Lord Wooll, believes Martin should serve a minimum of 8 years. Justice Owen, who jailed Martin, recommended a 9-year minimum. QUEEN & POPE: Queen Elizabeth met with Pope John Paul to reduce recent tensions between the Roman Catholic and Anglican Churches. The Queen, supreme governor of the church of England said, "I trust we shall continue to advance along the path which leads to Christian unity." The Pope assured the Queen that "there can be no turning back from the ecumenical goal." (Story in *Financial Times* Oct 8, 00, p11)

RKH: There are two kinds of Christians. Those who obey and teach God's Commandments and those who don't. "*By their acts ye shall know them.*"

JUSTICE: "The European Court of Justice ruled yesterday that the European Union can lawfully suppress political criticism of its institutions and of leading figures, sweeping aside English Common Law and 50 years of European precedents on civil liberties.

"The EU's top court found that the European Commission was entitled to sack Bernard Connolly ... for writing a critique of European monetary integration entitled *The Rotten Heart of Europe*.

"The ruling stated that the commission could restrict dissent in order to 'protect the rights of others' and punish individuals who 'damaged the institution's image and reputation.' ...

"... an argument put forward three months ago by the advocate-general, Damaso Ruiz-Jarabo Colomer, ... implied that ... criticism of the EU was akin to extreme blasphemy, and therefore not protected speech ..." Ambrose Evans-Pritchard in Brussels, March 7, 2001 (Excerpted from Otto Scott's *Compass*, Apr 1, 2001. 175 W. High St., Somersworth, NH 03878, \$50/yr.)

RKH: Either the king or the King of kings will rule.

NORWAY'S CROWN PRINCE: An article in the *Milwaukee Journal Sentinel* of 9-3-00 states that Norway's Prince Haakon plans to move in with his girl-friend, a single mother, the Royal Palace announced. His girlfriend, Hoiby 27, has a 3-year-old son. The article goes on to say that nearly half the children in this 4.5 million nation are born to single mothers or unwed couples.

RKH: Norway, the star in the crown of Saxondom, has been reduced to being a nation of whores and whoremongers.

MEXICAN BORDER INCIDENT: For the second time in the past year, armed Mexican soldiers crossed the U.S. border and fired on U.S. Border Patrol agents. The incident occurred on Oct. 24th. Ten Mexican soldiers fired about eight rounds at two officers exiting a "Border Patrol" helicopter near Copper Canyon, California. Earlier, on March 14th, Humvees carrying 16 Mexican soldiers drove one mile onto U.S. soil near Santa Teresa, New Mexico, and fired on U.S. agents. One Humvee escaped but the others were intercepted by U.S. authorities and their occupants detained overnight. They were later released with their vehicles and weapons.

SEATTLE: Mardi Gras celebrations in Seattle ended with attacks by roving gangs of Blacks against White men and women. A steady stream of beaten and wounded came to local hospitals. Several are in critical condition including one woman run down by a car going 40 miles per hour through crowds of revelers. Blacks are said to have shot handguns down crowded streets adding to the confusion. People were beaten with skateboards and numerous cars were smashed. Stores were looted and windows broken. It was reported that 43 were hospitalized including two police officers. Police Officers' Guild President Mike Edwards said that several officers at the scene voiced frustrations that "they were held back" from quelling the violence. Police Chief Gil Kerlikowske rejected charges that the attacks were racially motivated. (@earthlink.net 28Feb2001 14:27:25-0500: <http://seattlep-i.nwsourc.com/local/mardi03.shtml>)

PRIVATISING: Capitalist leaders are reluctant to inquire into the deaths of multi-millions of former property owners' in former communist countries and press for the punishment

of their murderers. This reluctance can be explained by capitalists not wishing to jeopardize the on-going "privatising" of the dead owners assets.

Of particular interest is the fact that the communists who confiscated the private holdings and executed their owners were funded by the same capitalists who are now buying their assets. Note those who are not outraged and you will have identified the ones who in some way share the profits and the guilt.

INDIANS LEAVING FIGI: The trickle of Indian-Figian emigrants leaving the islands is turning into a stream. One complained, "All your investments, your savings, your whole life can be devalued by some idiot with a gun."

The Indian share of the population is now down to 44% and dropping fast. The Figian banker acting president, Laisenia Qarase, blames the unrest on the insensitivity of the former Indian prime minister to Figian institutions. The new constitution will probably exclude Indians from holding high government posts.

KAHANE: Binyamin Kahane, son of Rabbi Meir Kahane was shot dead by Palestinian gunmen in reprisal for Jewish killings of Arabs.

The elder Kahane was leader of the Jewish nationalist Kach movement. He was assassinated while in the U.S. Baruch Goldstein, a Kahane supporter, massacred 29 Palestinians at a Hebron mosque. Yigal Amir, a Jewish law student and an admirer of Goldstein, assassinated Yitzhak Rabin, the Israeli prime minister. Tiran Pollack, a Kahane supporter, said, "Arabs should live in fear that for every hair of a Jew

that falls an Arab head will roll." (Story in *Financial Times*, p.2, Jan 3, 2001)

NOT RACIST: "Conservative supporters of Sen. Ashcroft pointed to his elevation of African-Americans while he served as Governor of Missouri. Mr. Ashcroft confirmed 26 Black judges to federal court positions while he served in the U.S. Senate. His hiring and voting practices in the Senate illustrate his respect for all people and his commitment to the law." (Jerry Falwell, *National Liberty Journal*, p 1, March 2001)

RKH: "*Thou mayest not set a stranger (Heb: zûwr - racial alien) over thee, which is not thy brother.*" Deut 17:15.

PAT BUCHANAN: Reform Party presidential candidate, Pat Buchanan, asked his vice-presidential candidate, Lenora Fulani, an African American, to return to the Reform Party.

RKH: "*One from among thy brethren shalt thou set king over thee: thou mayest not set a stranger (Heb: nokriiy - foreign, adulterous.) over thee, which is not thy brother.*" Deut 17:15 Christians support those who obey the WORD which is God. They don't support those who are traitors to the WORD and to their nation.

KENNEWICK MAN: Scientists who wanted to study the 9000 year old skeleton contend that the Clinton administration improperly prevented their research to avoid a debate over the identity of the first inhabitants of N. America. The Interior Dept. authorized the skeleton be given to Indians to bury. (Story in News & Advance, Apr. 19, 2001 p.2)

WHITE MAN: The name "Jesus", the Lord's Prayer, the Bible, the 10-Commandments, Christmas cresh, prayers at football games, the St Andrew's cross in the Confederate flag, the White man himself - all are euphemisms for *God the WORD*. In the mind of the alien they all trigger a vision of their nemesis - *God the WORD*.

Chapter 323

BABYLON IS IN THREE PARTS

"The great city was divided into three parts." Rev 16:19

Egypt

Babylon is organized in the following manner:

"(Pharaoh) placed officers over them from amongst the children of Israel, and over these officers he placed taskmasters from amongst his servants." Jasher 77:10

Egypt was organized in the same manner as ancient Babylon. Today's West is organized the same way. Three forces ruled them - three forces rule us.

- * **Pharaoh,**
- * **Saxon officers (collaborators).**
- * **Alien taskmasters (over collaborators).**

Egypt - Babylon's Clone

Long before there was an Israel; long before there was a Moses, long before there was a tyrannical Egypt to come out of; there existed a Plan. The Plan was to gather all the world into the hands of Babylon ruled by a King whose land was organized as an episcopacy - rule from the top down.

Forever the WORD warns *man* against the *Tower of Babel*. In spite of constant warnings *man* continues to go to a new Canaanland and work to develop its wealth - only to lose it when Egypt closes in around him, takes his wealth, and reduces him to slavery.

The building of the *Tower of Babel* is so important that the WORD relates the story of Joseph, the favorite son of Abraham, and cast him in the role of the villain. As such there is no way that the story can be side-tracked except by those who do not wish to see, or those who cannot see.

Joseph was enslaved by his brothers (kidnaping), sold to an Egyptian (stranger ruling over), falsely accused of adultery (false witness), spent something like 15 years in jail for obeying the WORD (long suffering), did a good service to Pharaoh, who advanced him to a high position in government with the job of enslaving the people of Egypt.¹

Joseph Enslaves Egypt For Pharaoh

A man who owns his own land can raise his own sustenance and be his own king. Deprive him of his land and the ability to earn a living for himself and he becomes a slave to another in exchange for food.

¹ Charlemagne, the father of all German Saxons, and William the Conqueror, the father of all British Saxons, as later day Josephs brought this identical system to Europe and to Britain.

20 "And Joseph bought all the land of Egypt for Pharaoh; for the Egyptians sold every man his field, because the famine prevailed over them: so the land became Pharaoh's.

"Famine" was the cause of this crisis. It could have as easily been something else. Crises need a king and his Episcopacy to solve them. A crisis also allows one to buy at distressed prices. If there is no "crisis", a king generates one to justify his existence or to benefit another who gave him his throne.

21 "And as for the people, he removed them to cities from one end of the borders of Egypt even to the other end thereof.

The "Famine" crisis forced the people to sell their land for bread. The sale of their land deprived the people of sustenance. Lack of sustenance justified relocation of freemen into central population-control work-centers called "cities".

To drive *man* from the land in America, the Episcopacy used *war* to destroy their farms. Tax-tribute was then levied on the survivors which most had no way of paying. Usury loans were granted desperate people to pay taxes. Usury loans cause bankruptcy and foreign slave-grown produce was dumped on the American food market below local production costs. It took all that to say this, *"As for the people, he removed them to cities from one end of the borders of Egypt even to the other."* The end of the war began the overnight explosive growth of Southern cities built to hold destitute workers.

Since priests are one of the three essential castes of Babylon, they were treated differently. They are needed to control the people and keep them quiet in their new condition as slaves in the cities. So;

22 "Only the land of the priests bought he not; for the priests had a portion assigned them of Pharaoh, and did eat their portion which Pharaoh gave them: wherefore they sold not their lands." Gen 47:20-22²

If the Priests had NOT "eaten the portion" (agreed with this arrangement) which Pharaoh gave to them, you can bet that Pharaoh would have had their land in an instant. Witness what recently happened to the *Indianapolis Baptist Temple* (that Babylon's priests found no fault with). Also, note "*wherefore they sold not their lands*". From the Egyptian era to today, priests own lands; remember the Vatican and Anglican banks? And remember that the banks own the media. Remember the billion dollar Jewish media owner, Robert Maxwell, said to be the richest person in the world? It turned out that he didn't own the media he was said to have owned. The banks did. When he died the banks descended on his estate to reclaim their assets. THEY owned the media he was said to have owned. Billionaires that you read about in the newspapers are likely to be managers of bank assets, that's all - not owners.

We all know that the Vatican Bank and the Swiss banks that defaulted in the '70s belonged to the Catholic Church. We know about the Anglican ownership of usury banks. The fact that Christian Churches own usury banks (which the WORD condemns as a capital crime) means that their priests, and all other "Christian" priests who absolutely refuse to condemn their practicing usury, worship a different God, one that does permit the crime of lending at usury.

² The traditional religious organization owns the nation's wealth while the individual priest is pictured as living in poverty.

This in turn reveals that Saxons have two kinds of priests - Pharaoh's priests who have their Gods - and priests of the WORD who teach God the WORD. They are two entirely different Gods. One serves Babylon and the other serves the WORD.

Egypt's 3 Castes

The great City of Babylon is a slave state. It is an episcopacy - the only type of organization that can efficiently rule those driven from their self-sufficient-farms (SSF) into cities to be slave-workers. It even has pens for unruly slaves called "prisons".³

The three ruling Forces of Babylon are: * Priests who accumulate wealth; * King & Army to protect this wealth; and * Merchants - who manage this wealth.

"(Pharaoh) placed officers over them from amongst the children of Israel, and over these officers he placed taskmasters from amongst his servants." Jasher 77:10

* Saxon-Israel furnishes Workers.

THE KING

My First Step Into Politics

Kings are appointed.

When I was about 27 years old living in Richmond, I determined to run for Virginia's House of Delegates. I went to the registrar's office to see how I should proceed, and was directed to a committee of Richmond's Democratic Party.

³ "If a man be found stealing any of his brethren of Israel, and maketh merchandise of him, or selleth him: then that thief shall die." Deut 24:7.

Whippings for children, drunks, and general misbehavior - restitution or execution for the rest. Babylon has prisons for unruly slaves.

This Committee welcomed me with open arms. I later learned that they always do when meeting young blood who are politically inclined. We met and talked several times, most agreeably. They had an agenda which they discussed with me. I agreed with everything except what I thought were minor items. They smiled and the meetings went on - only to return to the minor items. I would have liked to have agreed with them but there were principles involved which I did not feel were proper for me to agree to. They said they would call. They didn't. Babylon's political filter had caught and eliminated me.

That's when I learned that political candidates are the property of the party that runs them. They can't represent the voters and still work for the party that elects them. Whatever the party is for - they are, too. If the party is anti-Saxon - their politicians are anti-Saxon.

The Concerned Citizen's Committee

I moved back to my hometown, Lynchburg, and ran for city council. I lost to the incumbent mayor by 26 votes. Not bad for a first run. This is then I learned that the newspaper will not give you publicity if you don't support the Establishment's agenda. Another filter. I also learned that you can do a lot by burning shoe leather and getting out and meeting people.

Next, my friend, Roy Dillard, and I organized *The Concerned Citizens Committee*. There were only two of us. We didn't support any one party but endorsed "conservative" candidates.

During some elections, we endorsed candidates from three different parties. The ones we endorsed usually got the high-

est number of votes. Voters who "didn't know" learned to trust us. We would poll the candidates on various subjects and list the results on little cards which we handed out.

We found that it was easy to get people to work the polls. Anyone would volunteer for 4 hours or so once or twice a year and stand and hand out little voting cards at the polls. All we needed to do was spray paint the names of our selected candidates through letter forms onto placards, nail the placard to a pole and stick it in the ground. Then, get a volunteer to stand by the sign and hand out our cards. Presto, we were the balance of power in Lynchburg. I hope you noticed that - the balance of power!

Roy and I regularly issued press releases of the decisions made at MASS MEETINGS held by Roy, the Chairman, and me, Vice- Chairman, and attended by us two. The paper would print the results. I don't know if we could get away with it today since the paper is so left wing, but, it was great while it lasted!

One thing I always like to do is to make candidates burn their bridges so that they would have no way of changing their minds and switch sides. One way was list on the little voters cards we handed out whether or not an aspiring candidate attended a meeting of local radical or pro-communist voters; whether or not they were members of the NAACP, etc. Liberal politicians hated having this information made public.

Arthur

There was an upcoming primary for the Democratic Party to select a candidate for State Senate. I liked Arthur (still do), a promising local lawyer. He was tall, well spoken, knowledgeable and he looked like a statesman. However, a long

time ago I learned that eyewash and 39¢ will get you a cup of coffee. So, I gave him a bridge to burn.

America at that time was anti-communist (we were told). The president said he was anti-communist. Everyone in the American government was supposed to be anti-communist. The people in Lynchburg sure were.

I noticed that the Lynchburg super markets were selling canned hams from communist Poland. What were Lynchburg stores doing trading with the enemy? I asked Arthur to announce that if elected he would work to ban Polish hams. He agreed. Two weeks passed - nothing.

I dropped in to see him and he said that he had talked to the party leaders and that they advised him against it. OK. So, I went to Arthurs' opponent, a real vague fellow named Bert who ran an exterminating company. I explained the deal to him.

I don't think Bert could have found Poland with a map. Anyway, his campaign couldn't have been going worse. He agreed to make the announcement - if I would write it up for him.

I wrote it, he signed it, and we sent it the newspaper. They printed it. Bert beat Arthur in the Democratic primary hands down.

I learned several things from this. That it's not what a person says, but what he does that is important. I learned that Arthur was a part of the ruling Babylonian episcopacy. I learned that there were people like Bert who would do whatever would get them elected - his son now in politics - kept there by the black vote. And, I also learned once again that there were powers behind the scene that held "veto power" over what their candidate could or could not do - regardless of what the voters wanted.

Peaksview Park Incident

Twice daily, over the last several years with a few exceptions, I have taken my dogs for walks at Peaksview Park.

My understanding of the city "leash law" is that all dogs at all times must be on leash unless they are under voice restraint. I arrived at this understanding of the city ordinance several different ways.

First, a dog trainer in Lynchburg, whom I respect, told me about it. Another time I was in the park throwing a ball for the dogs when a woman, whom I understood to be in charge of the parks, drove by and commented that my dogs should be on leash. When she saw the dogs responding to my commands she agreed that they were under voice restraint and that everything was all right.

This opinion was also confirmed by people who worked for the humane society and by the Lynchburg Police Department on the two occasions when I called to verify if it was true that dogs could be off-leash if under voice control.

On two occasions, while I was in Peaksview Park, I was reported to the authorities for having my dogs off-leash. Policemen arrived in due time. After I demonstrated that my dogs were under restraint, obedient, and friendly, which the officers confirmed by running hands over them, they announced that they were satisfied and left. This was still another confirmation.

From all this I would assume that in Lynchburg dogs may be off-leash if under voice control.

But NO!

One afternoon this spring I parked my car as usual in the Peaksview Park parking lot. I was walking my dogs to the picnic tables on the other side of Ivy Creek. As usual my dogs

were not on leash. A young fellow walked right up to me looking neither to the right or the left. He ignored my greeting and instead stated that he was a state policeman and had seen me in the park before. He said that he knew who I was, had the license number of my car, and announced that if I did not put my dogs on leash instantly he would call the authorities.

Some people can be irritating. When I do something wrong my wife knows which of my buttons to push. Simple instinct must have told this young fellow where my buttons were located and he pushed them all at one time.

I tried to explain the leash law ordinance to him, but he interrupted and said, "I don't care about the ordinance". He added that my dogs had threatened both him and his wife twice before - a downright lie since my dogs are never out of my sight - and I had never seen this fellow before.

He was rude, wouldn't listen, and could not be talked to. So, I told him to do whatever he had to do and I walked on past him and sat down at the picnic tables. My dogs lay beside me.

Then, a woman holding a child joined the man. I hadn't seen her. Together they walked to within 50 yards of me and stood staring. I asked what they wanted. He replied something indistinct. I asked him what he said. He said something else indistinct. I told him to "wait", told the dogs to "stay", and started to walk over to hear him. He then, took a step forward, held up his hand like a traffic policeman and said, "Stop! Don't take another step forward."

That could have been amusing, but it wasn't. I have heard that tone of voice often enough in the service. My past experiences told me that only armed people use that tone of voice. I returned to my seat. By that time a couple of witnesses were on the scene.

The man then made a call on his cell phone. In about 15 minutes Lynchburg's Animal Warden, Mr. Faust, arrived accompanied by the Assistant Animal Warden and three police cars. Quite a cavalcade.

I told my story to Mr. Faust. I knew him and had talked to him before. He politely said that I would have to tell my story to the Judge. That surprised me! He then issued me a summons - one for each dog.

What's going on? Lynchburg's policemen one day say one thing, and today the Dog Warden gives me three summons. To fix the event in my memory, the young man who made the complaint and his wife had apparently lost their fear of dogs and stood three feet from them laughing at my discomfort.

Oh Boy! Buttons, buttons!

Let me tell you there is nothing like being right and having your rights trampled on! I hope I appeared cool - but I was steaming. I called my lawyer as soon as I got home and told him that I was going to take this thing to the Supreme Court. He said he would get back to me.

Next day he called and said the Dog Warden was right and I was wrong.

I was dumbfounded. It seems that the city code really does say that you can have your dog off-leash and under voice control everywhere in the City of Lynchburg - except where it is posted that they must be on leash. There is a small sign at the park entrance that says that one must have dogs on leash in the park at all times.

I was wrong. In spite of what I was told by the Lynchburg police department, a park director, and a respected dog trainer, my accuser was right and I was wrong. The city fined me \$109.

I apologized to Mr. Faust for causing him trouble and asked if the fellow making the complaint really was a state policeman. Mr. Faust said that he really was. He said "that young punk" had just graduated from state police academy and was impressing his wife.

This incident taught me once again that almost every one of Babylon's codes and statutes contains exceptions. I have since been told that at any given time almost everyone is in violation of more than 30 major statutes, any one of which could subject a person to arrest and prison if exercised.

Babylon writes its statutes that way so that they can be applied as the episcopacy likes. If they want you guilty - you are guilty. If they don't - you aren't. Or, one person can be guilty and another innocent using the same statute. There are so many conflicting codes that only lawyers can find their way in the confusing mass. Babylon's statutes are different from the WORD which is simple and which never changes.

THE MERCHANT

Lynchburg had a canal that ran along the James River. The canal fell on hard days from a flood after the War, and along about 1875 was taken over by the Railroad. The Railroad laid tracks on the old tow path. It was supposed to have been the cheapest railroad to build in the country.

Anyway, for more than 150 years people have always had the right to cross the canal to reach the river. Then, after the tracks were laid on the towpath, they had the right to cross the tracks to reach the river. It always had been the people's right.

A hydro-electric dam was built down at Reusens in the '20s. This created a big lake above the dam that went for

miles. Above the dam people built docks and put in boats. Dad had a dock and put in a 14 ft Thompson boat named "Dickembeth". It had a 10 hp Johnson Seahorse outboard and in the '40s was the second fastest boat on this part of the river. Lots of people added expensive houseboats. It was quite a little city on the water above the dam.

One day the railroad forbade anyone to cross the tracks at that point. If you couldn't cross the tracks you couldn't launch or retrieve boats. What was done for more than 150 years was now forbidden. That was that. They just did it.

From this I learned that the power of great corporations is virtually unlimited. I learned that just because "it has always been done" doesn't mean that you will be able to do it tomorrow. I learned that corporations have powers the extent of which the individual can only guess. Corporations can use these powers or not as they choose.

THE PRIESTHOOD

Babylon is in three parts:

"The great city was divided into three parts." Rev 16:19

Two parts of Babylon's three parts are the *merchant* and the *king*.

The third part wraps Babylon in religion and gives it the power of God to do what it does. These are its "*priests*". Jesus described them:

"Having a form of godliness, but denying the power thereof."
2 Tim 3:5

"A form of godliness": Babylon's priests put on purple and red, parade behind crosses and holy relics, have sunrise

services on Easter, administer the bread and the wine, but - *"denying the power thereof"*, they deny the power of God which is the WORD.

Long before Jesus, Moses described them and told how to judge them:

"Moses commanded ... Take this book of the Law, and put it in the side of the ark of the Covenant of the Lord your God, that it may be there for a witness against thee. For I know thy rebellion ... while I am yet alive with you this day, ye have been rebellious against the LORD; and how much more after my death." Deut 31:26-27

We are to take the WORD and compare the priests speech and *actions* with it. If their speech and actions support the WORD - they follow God the WORD. If they do not - they follow another God.

The Scriptures relate who condemned and were responsible for crucifying Jesus:

"The chief priests and elders of the people took counsel against Jesus to put him to death: And ... they ... delivered him to Pontius Pilate the (Roman) governor. ... Pilate saith unto them, What shall I do then with Jesus which is called Christ? They all say unto him, Let him be crucified ... His blood be on us, and on our children." Matt. 27:1, 22-25.

"His blood be on us, and on our children."

Who said this? The priests did! The WORD says that they were so intent on killing the *"WORD made flesh"* that they cursed themselves.

Then after killing Jesus Christ, the priests blamed it on the Roman soldiers because they had been ordered to drive the nails. When the *"WORD made flesh"* arose from the grave the priests paid the grave guards to say that his friends had taken his body.

When the WORD spread, the priests made Christianity a state monopoly and forbade people to read the Bible and learn of the curse the priesthood placed on themselves. The ban was maintained for more than a thousand years on pain of severe punishment.

The Scriptures clearly state who is responsible:

"The Son of man shall be delivered unto the chief priest, and unto the scribes; and they shall condemn him to death, and shall deliver him to the Gentiles." Mark 10:33

Moses blamed them, Jesus blamed them, the WORD blames them, but from that day to this, Babylon's priests blame someone else to conceal their deeds. First the Roman Soldiers, the grave guards, and the disciples for stealing his body, and most recently they blame the Chazar-Jews to conceal their deeds.

Story Of The Khazar-Jews

It is hardly credible that there still exist educated people who don't know the story of how Khazar-Turks converted to Judaism in the 8th century. The story has been told and re-told so many times by Khazar-Jew and Saxon-Israelite writers alike that it is general knowledge and has been for more than half a century.

I once wondered why Christian priests, thoroughly familiar with the subject, pretended ignorance and continued blaming today's Khazar-Turk-Jews as being the ones who were cursed for the murder of Jesus. Or, they say that the Khazar-Turk-Jews are "God's chosen people". They do this in spite of knowing that the ancestors of the Khazar-Turk converts were never in the Holy Land? It made no sense.

Today, it makes perfect sense. If the ancestors of the Khazar- Turk-Jews were not around at the time of Christ, their children certainly could not be guilty of killing Jesus. Neither does the false priestly claim that the Khazar-Jews are "God's chosen" hold water. Since the Turkish-Jews are not responsible for killing the *"Word made flesh"* - on whom does the curse fall?

"The chief priests and elders of the people took counsel against Jesus to put him to death ... Let him be crucified ... His blood be on us, and on our children." Matt. 27:1, 22-25.

According to the chief priests themselves - the curse falls on them and their children. Once again. The charge of *murder* lies against the chief priests and elders. They themselves put the curse on their children. The priests themselves murdered *"the WORD made flesh"*.

Today's priests are their children - not alien Khazar-Turk-Jews. The ancient curse derived from murdering the *"WORD made flesh"* has come down generation after generation - and that is why *God's Commandments*, his *Laws, Statutes and Judgments* stick in the throats of most priests. They are unable to speak the *WORD* - the *Laws, Statutes and Judgments* of God - by whom they themselves have been condemned to death.

In this life, the priests **MUST** blame the "Chazar(Khazar)-Jews", or people will realize that the blame falls on them. Think of what their status will be when people realize what this means - *"His blood be on us, and on our children"*.

Two Groups

Two groups almost never mention the Commandments of the *WORD* when they speak of God;

- * The alien Khazar-Jew has his own Talmud that relates the Traditions of his own elders and has no reason to mention the WORD, and,
- * Today's so-called "Christian" Priests, followers of the "Traditions of THEIR Elders", who rightfully fear to mention the Commandments of the WORD.⁴

Of The Devil

If there is needed a final nail, it is the following:

Today's churches own usury banks. Scripture says,

"Hath given forth upon usury ... he shall surely die." Ezek 18:13.

According to Scripture,

**"He that committeth sin is of the Devil."
I John 3:8.⁵**

According to Scripture, churches owning usury banks or selling their own usury bonds to their own members - forcing

4 IDENTIFYING PRIESTS: Followers of the WORD, **"Fear God, and keep his commandments: for this is the whole duty of man."** Eccl 12:13. God's Priests **"Read this law before all Israel ... that they may ... do all the words of this law."** Deut 31:11-12. Babylon's priests can't teach God's Commandments punishing sodomy, usury, murder, kidnaping, miscegenation, theft, etc., because, **"If a kingdom be divided against itself, that kingdom cannot stand."** Mark 3:24

5 The anti- Christ's excuse, *"For all have sinned and come short of the glory of God."* Rom 3:23 does not excuse their sin because each sin has its own punishment. Light punishment for light sins, severe punishment for serious sins. Usury is a capital crime. Committing the sin gains the punishment due. Concealing the seriousness of the sin by silence is a false witness which incurs the punishment due the "false witness" - which is the same as the punishment for the sin committed. (De 19:16-20). The Establishment churches are guilty of committing double capital crimes in this one offense alone. List the others and one can easily see that there is no competitor for the title - "servant of the Devil" - not even the Khazar-Jews who have been used for so long as a buffer to take the blame that rightfully belongs to Babylon's Priesthood.

them to become usurers themselves making them guilty of the same crime and punishment as they - are of the devil.

Thus we have identified the third part of three part Babylon - the Priests. This is why Jesus said:

"And if a kingdom be divided against itself, that kingdom cannot stand." Mark 3:24

Babylon is not divided against itself. It has stood solidly on three legs for all these years.

Babylon is one - the King, the great Merchant, and the Priest with his usury system that binds Babylon together and makes the world slaves. It is as Piet Pretorius of South Africa discovered when writing his book *"Betrayal"*: Who was responsible for betraying the Saxon-Israel people of South Africa? His discovery - they ALL were guilty - ALL were traitors. The rulers, the merchants, and the priests. ALL OF THEM. Babylon is in three parts, but Babylon in three parts is also one!

Which is why the WORD appointed his own priests and his own kings:

"Jesus Christ... hath made us kings and priests unto God and his Father." Rev 1:5-6

Let us be about the Lord's business.

News From S. Africa by H.K.

I am trying to find out what is happening in next door Zimbabwe (Rhodesia). What little news I got is little enough. They keep a tight lid on news. "*Die Afrikaner*" newspaper got some information from a British weekly.

The so-called "war veterans" in their early twenties are allowed to do as they like - with Zimbabwe's President Mugabe's approval. Looking back, S. Africa's Thabo Mbeki was the one who had the opportunity to stop the whole campaign against Zimbabwe's Whites if he had only cut their fuel or electrical supply. Deeds help, not endless rounds of talk, which Blacks are good at. Blacks then do the opposite of what they have just agreed to do. But Mbeki preferred what he called "quiet diplomacy", which means saying nothing, but silently agreeing with Mugabe because he is following a similar route to get rid of S. Africa's Whites.

What makes it so sad is that both countries were built by Whites. Many died from tropical diseases, hostile tribes, and wild animals. No ready civilization awaited them when Jan van Viebeek landed at the Cape. One example was the small settlement of Pilgrimsrust in East Transvaal, the old graveyard is full of Whites who died of Malaria. It was impossible to stay in the Northern Transvaal till Dr. S. Anneke found a malaria cure.

In Strydom Square in Pretoria, stands the Strydom monument containing the bust of J.G. Strydom, our second premier after 1948. A more honest man would be hard to find. Yesterday, the dome collapsed. The cause of the collapse is being investigated. This sort of thing is happening to one after another of the monuments and memorials to S. Africa's former great men.

The Afrikaaner HNP party meeting went well. Regional meetings are being held to reach more people. Some Afrikaans language newspapers tell their readers that there is no longer an Afrikaaner political party left for whites to belong to. They do this to try to get them to join the left-wing DA Party. This party is composed of traitors from the collapsed National Party that put us under black rule plus the SA Jewish community. The DA Party leader is Tony Leon who has not protested once against the farm murders.

We had rain for a few days and the next night it became very cold. As you know, it's winter here now and out came all the warm clothes.

There was supposed to be a plot against Mbeki by three Blacks which he previously removed from office. Many blacks do not really like him and he spends most of the time overseas. The three are Cyril Ramaphosa, Matthews Phosa and Tokyo Sexwale, but nothing has been really confirmed up to now. In the meantime Mr. Willie van der Grijp warns that if a Black leadership struggle breaks out, anarchy will rule and no White will be safe. So it will be worth while to see to the family's protection. As it is, six farmers were murdered last weekend.

The ANC-BC and TV still cannot get Afrikaaners to pay their TV bills. Why should they? The station mixes Whites and Blacks in their stories and uses uncivilized language. On the Afrikaans station they have coloureds who speak a type of Afrikaans language only heard among the Cape coloureds. It's like a foreign language. One can't understand them.

Maria sold her flat at last at a low price, but there was no help for it. Blacks have moved in en masse and the sewer system was not built for this volume. Before long, the overflow will be running down the streets. After a search we found

a small house in a quiet area that can be added onto. It belonged to a young woman and she kept it in excellent condition. But, the loan payments are so high that the burden is almost too much. In the apartheid years, one could afford a home loan, pay it back in record time, still save, and most married women stayed at home. We did not have all the latest conveniences, but that did not worry us at all. Maria only moves in on July 1; as the new flat is not ready yet, so she, 3 dogs and 9 little fish moved in with us. The new suburb is 15 minutes from her work which will help shorten the very long work hours, and conserve fuel whose price seems to go up every month.

The 80,000 Jews here have been told to come to Israel. We will have to wait and see the reason behind all this. Up until now few ever go to Israel - its either America, or Australia. Hardly any ever get killed or hijacked here, and they do not treat Blacks any better than Whites do. Interesting.

Best wishes from S. Africa, H.K.

PS Zimbabwe seems to be getting worse by the day. The Blacks are now going after businesses, clinics, etc. There seems to be no control left.

LETTERS

DIVORCE: "Dear Mr. Hoskins: My husband is a cold blooded murderer. There is no excuse for what he did. He has been sentenced to life imprisonment and I have been told that I can't divorce and remarry. What is the Law?" A.K. - Arkansas

RKH: If Babylon enforced God's Law you would not have the problem. Your husband would have been executed long ago. If God declares a person unworthy of life, how can they

be worthy of a Godly spouse? Divorce was part of God's law. Biblical Laws are God's laws and all are holy. Divorce was not a tolerated evil. Divorce was required and necessary because evil in one's spouse is not to be tolerated. The home must be kept wholesome.

Chapter 324

JEWS - Part I Race, Religion, or What?

Background

The Saxon nation worldwide is made in the image of the WORD - which is its God. The WORD is its LAW and the Saxon¹ tries to make its habitat conform to the image of the WORD.

Mamzers are aliens. Miscegenation creates *aliens*. They are not "part alien"/"part Saxon". As defined by the WORD - all who are not Saxon are aliens. Some aliens try to conform to the WORD to benefit from its blessings - but most don't. The LAW, the Saxon's God, is "satan" to the alien. It restricts

¹ *"They shall no more be remembered by their name." Hos 2:17 (Israel); "The Lord God shall ... call his servants by another name." Isaiah 65:15; "In Isaac shall thy name be called." Romans 9:7; Isaac- sons, "Saxons".*

them at every turn, especially their effort to enter Saxon society to exploit the Saxon and his incredible productivity.

Members of most unlawful alien nations are identifiable by their appearance. Because of this, they pay Saxon *surrogates*, who love money² and are weak in their faith, to do what they cannot do without being recognized and opposed.

Surrogate organizations in the aliens' pay operate openly in Saxon nations and are easily identifiable in one of two ways; they are *episcopal* in organization, *lawless* in operation - or both. "Episcopal" organizations maintain control by ruling from the top down, and they are "lawless" - doing things that faithful Saxons are forbidden to do - in order to separate the Saxon from his wealth.

From time immemorial, alien "surrogate" organizations operating in Saxon nations have had to deal with the "tender sensibilities" of their hired Saxon help. Well-planned schemes have faltered and failed because at the last minute Saxon surrogates in charge balked.

To overcome this weakness, a special group of aliens have been employed at critical points in the wealth extraction process. This group is known collectively as "Jews". Since they perform such a critical, necessary, and lucrative job they are accordingly highly paid, pampered and protected against assault, harassment, and abuse.

The argument over whether these high-profile Jews are a "race" or a "religion" is never ending. Some maintain that they are both a race AND a religion.

2 "The love of money is the root of all evil." 1 Ti 6:10

RELIGION

Certain "Christian" clergymen proclaim that "the Jews" worship the same God as Christians. Jews in authority quickly deny the claim.³

"This is not an uncommon impression and one finds it sometimes among Jews as well as Christians - that Judaism is the religion of the Hebrew Bible. It is, of course, a fallacious impression. ... Judaism is *not* the religion of the Bible." Rabbi Ben Zion Bokser, *"Judaism and the Christian Predicament."* New York, Alfred A. Knopf, 1967, p. 59.

The name given the "same God" belief is called "*Judeo-Christianity*", a rare name before 1910. The belief states that the God of the Christians and the God of the Jews is the one and the same God. The Jews disagree:

"You will notice the great difference between the Jewish and Christian religions. But these are not all. We Judians consider the two religions so different that one excludes the other. ... we emphasized that there is no such thing as a Judeo- Christian religion. ... There is not any similarity between the two concepts." Rabbi Maggal, President, *National Jewish Information Service* letter August 21, 1961.

So much for the "Judeo-Christian" claim.⁴

The *Standard Encyclopedia* continues:

³ This belief reveals either a shocking ignorance of both Jewish and Christian religions, or a purposeful intent to deceive.

⁴ Many, if not most Judeo-Christian leaders, know better but pretend to believe the Khazar-Turks pretence of being Jews in return for using their media. If you want to have fun, remind the Judeo-Christian that the Scriptures say, "*Who is a liar but he that denieth that Jesus is the Christ?*" *1 John 2:9*, and watch him squirm.

"Judaism: The religious system, doctrines, and rites of the Jews. Judaism is, specifically, the religion of a Jewish community living among Gentile peoples and is to be distinguished from the religion of ancient Israel." (*Standard Encyclopedia*, Vol 14, Judaism.)

This last view states that Judaism is not only different from today's Christianity but is different from the religion of ancient Israel - the religion of Abraham, Isaac, and Jacob.

Talmudism

The Jews are emphatic about what they believe:

"The Jewish religion as it is today traces its descent without a break through all the centuries from the pharisees. Their leading ideas and methods found expressed in a literature of enormous extent, of which a very great deal is still in existence. The Talmud is the largest and most important single piece of that literature and a study of it is essential for any real understanding of phariseism." *Universal Jewish Encyclopedia*, 1943.

This literature is identified:

"Oral Law" was given by God to Moses on Mt. Sinai along with "written law" or TORAH. (Pirke Aboth. 1.1). The MISHNA states that oral law must be observed with greater stringency than the written law because oral tradition affects the life of the ordinary man more intimately than the more remote constitutional law in the TORAH. (M. SANHEDRIN 10.3).

This "oral law", also called the "*Traditions of the Elders*", has added modern "traditions". The whole is called the *Babylonian Talmud*.⁵

Many Christians believe that Jews cannot accept the WORD without Talmudic revision because the WORD excludes the Jews from the nation of Israel:

"A bastard (Heb; mamzêr - mixed breed, mongrel) shall not enter into the congregation of the Lord; even to his tenth generation shall he not enter into the congregation of the Lord (Israel)." Deut 23:2

This single statute alone prohibits mixed-race Jews from entering the congregation of Israel - and Jewish literature lists the Jew's multi-racial antecedents in great detail.

Talmudic interpretations of the WORD nullifies many such prohibitions. Its 63 books contain many rabbinical opinions, or Law interpretations, which support both sides of controversial issues. These conflicting opinions allow an individual to choose whichever course seems best at the moment.

Results Of Talmudic Reasoning

For instance:

"The two state-appointed chief rabbis ... One of their responsibilities is to sanction the national 'sale' (lease) of Jewish farmland to Arab buyers before the onset of the '7th fallow year' ... The device enables farmers to grow and sell their crops despite the Biblical injunction (Leviticus 25:4): *"The seventh year shall be a sabbath of rest for the Lord: thou shalt neither sow thy field, nor prune thy vineyard."* ... In a modern-day example of *halachic* resourcefulness, the speaker of the Knesset ... has ordered that polyurethane sheeting be spread be-

5 Renegade Christian priests have built up their own "Traditions of the Elders" which they prefer rather than the WORD. These include such things as the rapture, Mary worship, universalism, usury, prisons, taxation, miscegenation, etc.

They can use this same sort of Talmudic logic with just about any problem they encounter.⁶

RACE

Racial History: "Ripley and Boas believe that (the Jews) take on the physical traits of the people among whom they live. Recent observations, which, however, by no means include Jews from all over the world, tend to show that in the majority of cases the Jews tend to have rather a round head They also tend to preserve other characters, the most noticeable being the form of the nose. There is marked resemblance between Jews and Armenians, and though the Armenoid type predominates there are other features in their composition. Weissenberg suggests that there was within historic times a mixture, not in Palestine but in the Caucasus, between the Armenoid and a blond type, and that there are two types of Jews - the Semitic, dark with a fine nose, and Armenoid, with a coarser nose and an appearance of blondness." E/B Vol 14, Jews, p42-43.

The mixture that took place "in the Caucasus" refers to the nation of Khazar (Chazar) Turks who converted to Judaism in the 9th century. The Armenoid, or "Armenians", are a branch of these same Khazar- Turks who converted to Chris-

tianity. Others converted to Islam. The 9th century mass conversion to Judaism provided Western Jews with 92% of their number, a fact well known to Jews themselves. This is illustrated by the statement made by the Israeli soldier ordered to guard the tomb of one of the Bible patriarchs:

"An army required to allocate forces to guard imaginary forefathers' tombs, and whose soldiers serve as chaperons for settlers' children, will inevitably have to build many soldiers' tombs." (*"The guilt of the Labor Government,"* Yediot Ahonot, Oct 1, 1996, by Baruch Kimmerling)

Askanazi & Saphardic)

The Russian "Khazar-Turk Jew" is also known as *Askanazi*. The so- called "Spanish Jew" is known as the *Saphardic*. As a general rule, the Askanazi looks different from the Saphardic in that most of the Saphardic are smaller, darker, and often have a finer nose. The Askanazi greatly outnumber the Saphardic, and, according to the Middle-East Saphardics - the Askanazis treat them as poor cousins.

Africa

We think of Black-Africans as Negroes - a separate distinct race. They are, but that's not all. The *Detroit Free Press* of May 12, 1999, states that in southern Africa the Buba Bantu tribe has a tradition of a Jewish ancestry. A team of geneticists discovered that many of Lemba men carry in their male chromosome a set of DNA sequences that is distinctive of the *cohanim*, the DNA of Jewish priests. This was also the case of the Black Hebrew-Jews who recently migrated to the Israeli country.

David Goldstein, a population geneticist at Oxford University, found a distinctive set of Y chromosome sites that are strongly associated with the priestly caste, not so common among lay Jews and are very rare among non-Jewish populations. He found that 45% of Ashkenazi priests and 54% of Sephardic priests have the cohen genetic signature, while in Jewish populations in general the frequency is 3% to 5%. Nine percent of Lemba men carried the cohen genetic signature and of those who said they belonged to the Buba clan, 53% had the distinctive sequences.

Middle East

The *News & Observer* of May 10, 2000, p 20a states that scientists using a new technique based on the Y, or male, chromosome, have uncovered the interesting fact, that in addition to the Jewish communities of Palestine, the Arab Palestinians, Syrians and Lebanese also carry the same chromosome.

This would be expected if all mid-Eastern tribes including the Arabs are of Turkish derivation. It would also mean that ALL mid-eastern populations are, to some degree - "Jewish". Think that over.

Thus far we have identified today's people who call themselves Jews as being White, Black, Turk and Arab. It gets even more interesting.

China

We think of China as the land of Chinese. It is. Also, many Chinese are Jews:

"The majority of Bible commentaries identify (China) with the land of Sinim.... the Jews in Persia from

early times were connected with the silk trade, and as a consequence, entered into direct relations with the 'silk-men', as the Chinese were called by the Romans." J/E, 1893, China, p.33

"In all likelihood Jewish merchants immigrated, or changed a temporary sojourn into a permanent one... In an 'Account Written by two Mohamadan Travelers Through India and China' in 851, (Renaudot, transl. London, 1733, p. 42), it is stated that 'the Jews have been settled in that empire (China) from time immemorial.'"

"It is an unwarranted skepticism to doubt the correctness of the tradition of the Chinese Jews themselves, which traces the first immigration back to the Han dynasty between 206 B.C. and 221 CE." J/E, China, p.33, 1893.

"Marco Polo refers to the powerful commercial and political influence of the Jews in China in 1286." (see Murray's translation of "Polo's Travels" , p 99). J/E, p33

The above establishes quite clearly that the Jews have been a power in China for a long time. DNA tests will in time doubtlessly confirm this.

Chinese Relations With Neighbors

Chinese colonists constantly infiltrate and settle the lands of neighbors where they become a powerful merchant class. Periodically they are expelled from Vietnam, Indonesia and elsewhere. Tens of thousands are simply put in boats and on rafts and set adrift on the rivers and seas to go where the winds and tides take them.

China's neighbors know the Chinese as "The Jews Of the Orient". It is interesting to speculate as to which of the Chinese one sees in newspaper photos is a Chinese-Jew and which is Chinese. Or, whether the Chinese recently caught influencing American elections were Chinese-Jews or Chinese, or, whether the giant Chinese state corporation *Hutcherson-Wampoa* that owns the former American naval bases on both the Caribbean and Pacific sides of the Panama Canal and has possession of the former naval base on America's west coast, and owns countless corporations in Europe, America, and Asia - is operated by Chinese-Jews or Chinese. If Chinese-Jews "own" this company - for whom are they working? the Chinese state? or, someone else?

We have now identified Jews as being White, Black, Turk, Arab, and Chinese. It gets even more interesting.

Sassoon

One of the families written up frequently is the Sassoon family of India.

SASSOON: A family of merchants, industrialists, and later, bankers whose progenitor from Bombay made a fortune in British India and China during the latter half of the 19th cen.

"David Sassoon (b. Baghdad, 1793; died Poona, India, 1864) was son of the treasurer to Ahmet Pasha, the governor of Baghdad under the ruler of Abdul Hamid I. The office carried the automatic leadership of the Jewish community and may have been quasi-hereditary.

Sassoon & Company, had branches at Calcutta, Shanghai, Canton, and Hong Kong. It included a monopoly of the opium-trade and extended as far as Yokohama, Nagasaki, and

other cities in Japan. David Sassoon and Company also had a monopoly of trade in Indian yarn, Lancashire cotton goods, and opium. He employed only Jews in his business and wherever he sent them he built synagogues and schools for them. He imported whole families of fellow Jews from Baghdad, put them to work, educated their children and in turn put these to work.

The family then shifted its center of operations to London. In WWI, 14 grandsons and great grandsons held commissions in the British army. (Story in *Jewish Universal Ency*, 1904 Ed.)

Sassoon Jews served Saracen Turk princes; were their chief financial officers; received monopolies and commissions from the Christian English Crown; and;

Pictures of many of these Sassoons run the gambit of appearing as Chinese to blond English appearance. Interestingly enough, Franklin D. Roosevelt's fortune was inherited from his maternal grandfather, Warren Delano. Delano was senior partner of Russell & Co. whose merchant fleet carried Sassoon's opium to China and returned with tea. His daughter married James Roosevelt the father of Franklin Delano Roosevelt. Small world.

Now we have identified Jews as being Black, White, Turk, Arab, Chinese, AND Indian.

Now, let us look into the claim of these people to the name "Jews".

Strangers Copy Identity Of Israelites

Readers know that in 721 BC, half of the nation of Israel was taken away captive into northern Assyria, and from there they spread over Europe.

The land of Samaria that they vacated was unproductive so the king of Assyria brought settlers to occupy these vacant lands. These people we would today call Arab-Turks (II Ki 17:6). These "Arab-Turk" settlers adopted the religion of the departed Israelites and their rituals and tried to pass themselves off as Israelites.

A century or so later, Judah and Benjamin, who occupied the southern half of Israel, were also taken into captivity. When they came back from Babylon to reoccupy Jerusalem and rebuild the temple, this is what happened. The Scriptures say:

"Now when the adversaries of Judah and Benjamin heard that the children of the captivity builded the temple unto the Lord God of Israel; Then they came to ... the chief of the fathers, and said unto them. Let us build with you: for we seek your God, as ye do; and we do sacrifice unto him since the days of Esarhaddon king of Assur, which brought us up thither. But ... the fathers of Israel, said unto them, Ye have nothing to do with us to build a house unto our God; but we ourselves together will build unto the Lord God of Israel ..."
Ezra 4:1-3

Strangers Claim To Be Jews

We have seen that the story of strangers claiming to worship the WORD - the God of Israel, is ancient. They tried the same thing again three centuries before Christ:

"About this time ... Philip, king of Macedon, was treacherously assaulted and slain ... and his son Alexander succeeded him in the kingdom; who, passing over the Hellespont, overcame the generals of Darius's army ...

"Now Alexander ... made haste to go up to Jerusalem ... God warned (the high priest) that he and the priests should meet the king in the habits proper to their order

... and so waited for the coming of the king. ... Alexander, when he saw the multitude at a distance ... the high priest in purple and scarlet clothing, with his miter on his head, having the golden plate whereon the name of God was engraved, he approached by himself and adored that name. ...

"(Alexander said) I did not adore him (the high priest), but that God who hath honored him with his high priesthood. ... And when the book of Daniel was shewed him, wherein Daniel declared that one of the Greeks should destroy the empire of the Persians, he supposed that himself was the person intended. ... the next day he bade them ask what favors they pleased of him; whereupon the high priest desired that they might enjoy the laws of their forefathers (the WORD)... He granted all they desired...

"So when Alexander had thus settled matters at Jerusalem ... the Samaritans ... determined to profess themselves Jews; for such is the disposition of the Samaritans ... when the Jews are in adversity they deny that they are kin to them, and then they confess the truth; but when they perceive that some good fortune hath befallen them, they immediately pretend to have communion with them, saying, that they belong to them, and derive their genealogy from the posterity of Joseph, Ephraim, and Manasseh.

"Accordingly, they made their address to the king ... Alexander ... asked who they were that made such a petition; and when they said that they were Hebrews, but had the name of Sidonians, living at Shechem, he asked them again whether they were Jews; and when they said they were not Jews, 'It was to the Jews', said he, 'that I granted that privilege.'" *Antiquities Of The Jews*, Book xi, Chap 8:1-6, p243

In the above, Josephus said that three hundred years before Jesus the Israelites were known as "Jews". Time after time, aliens had attempted to steal the name of our people to share the privileges that go with bearing the name.

The Scriptures warn:

"I have seen folly in the prophets of Samaria (alien mixbreeds); they prophesied in Baal, ... and caused my people Israel to err." Jer 23:13

This is the reason for the Law:

"The stranger (Heb: zûwr - racial alien) that cometh nigh (the tabernacle) shall be put to death."
Num 15:7, Num 1:51.

To protect his people, Jesus continued the ancient practice and excluded the stranger:

"These 12 Jesus sent forth, and commanded them saying, Go ye not into the way of the gentiles, and into any city of the Samaritans enter ye not; But go rather to the lost sheep of the house of Israel." Matt 10:5,6

This is the reason that strangers are not found in the houses of worship of the faithful to this day.

Khazar-Arab-Turks Claim To Be Jews, Again!

Arab-Turks, known as Khazar-Turks, kinsmen of the ancient Arab-Turk Samaritans, moved into southern Russia. To receive the same benefits their kinsmen received in the days of Alexander, they called themselves "Jews". Today, the descendants of these Khazar- Turks not only call themselves

⁷ According to Scripture, "He that committeth sin is of the Devil." 1 John 3:8.
 According to Scripture, churches who admit strangers commit sin. The presence of strangers reveals a Baal temple.

"Jews", but they also call themselves "Saxons". Calling themselves "Saxons" doesn't make them Saxons any more than calling themselves "Jews" make them Jews. Arab-Turks are Arab- Turks. They are descended from Esau and like Esau they are great deceivers.⁸

Present day Anglo-Saxon kings and much of the nobility trace their ancestry to Judah through Robert Bruce, Fergus More, Tea- Tepi and back through Zedekiah to Abraham, Isaac & Jacob. They also trace their ancestry from Charlemagne and numerous Viking lines to Israel by way of the Russian rivers on back to Abraham, Isaac & Jacob.⁹ European and British Saxons are descended through both lines. The Khazar- Turks who claim to be "Jews" can't do this. In fact, they make no effort to try.

The astonishing thing is that because Khazar-Turks copy the ancient practice and claim to be "Jews" - today's Saxons renounce that honorable name feeling that those who use it have defiled it. These same Saxons don't think of renouncing the name "Saxon" just because some Arab-Turks have adopted Saxon names, bobbed their noses, used skin-whitener, and joined non-discriminating apostate Episcopalian, Catholic, and Baptist churches.

The Saxons of the world have better claim to the name Jew than do today's Khazar-Turks since their ancestors actually came from Judea.

⁸ *"Esau was a designing and deceitful man, one who hunted after the hearts of men and he stole their minds." Jasher 29:20*

Summarizing Race & Religion

DNA samples among Northern European populations rarely indicate Jewish ancestry. Other populations often do. Thus, without more information, it is virtually impossible to identify an Arab, Syrian, Palestinian, Mexican, Chinese or African as "Jews" by race, because, unless they are recent arrivals, they look like their host populations. The identification process is further complicated by Jews concealing their identity by constantly changing their names and the use of plastic surgery.

It is equally difficult to distinguish by religion because while many profess Judaism, others profess other religions, and especially their hosts' religion. Still others profess atheism.

The question remains - If the people who call themselves "Jews" are not exclusively a race or exclusively a religion - what are they?

The answer: **Jews - Part II.**

Letter From South Africa

Dear Mr. Hoskins; Since my last letter, hell has been unleashed in Zimbabwe. Terrorists took possession of hundreds of farms and after getting rid of the White owners, they plundered all buildings and destroyed whatever they could not take away. Police vans assist them. It just came over the news that all whites must leave Zimbabwe immediately. A State of Emergency will be called by Mugabe. According to today's August 19th *"Report"*, Mugabe's government has alerted South Africa, Botswana and Mozambique to prepare to accept white refugees. America and the European Union

threaten wrist-slapping sanctions which no one takes seriously. It is a time of shame and sorrow for our poor people thrown out of their own country and allowed to take only one suitcase with them. Their crime is that they are White.

This last chapter started when a few farmers went to the assistance of another being mobbed. The police came but arrested the farmers instead of the terrorists. They stripped them naked, shaved their heads, and put them in prison. Some of them were not young and the prison clothes are thin for this winter weather. A few black policemen felt sorry and took them something warmer in the middle of the night. These police were fired the next day. To my mind Mugabe is shedding the last remnant of White civilization he learned at Jesuit schools and is reverting to the Black savage nature that has been beneath the surface all along.

His people will soon be starving as his people burnt crops and there is no surplus from last year. The worst for us is that the Blacks here see him as a hero and may well follow his example. As it is, about 9 farmers died there vs nearly 2,000 who have died here. S. Africa's Mbeki does nothing and didn't criticize Mugabe, so blacks see him as a hero. They don't give a thought about who will provide food, clothing, and medical attention tomorrow.

Every morning the early news lists the names of Whites killed in the last 24 hours. The English newspapers, except the *Citizen*, avoid the subject.

White farmers here allowed needy blacks to cut long grass for their own use. In repayment, the Blacks burned down a number of farms. We are long past caring for their feelings. They are a curse.

To add turmoil, their biggest union, Costu, has called strikes at many factories making matters worse. South Africa's economy is becoming a basketcase.

I hope to send you more on Zimbabwe. It used to be a wonderful country to farm in with a very mild winter temperature. Next door Zambia is so hot, before the rains come, that the locals call it "the suicide months". Families often send their children here to stay with family.

In '56-'57, Zambia was under colonial rule. The British rulers turned all of us over to Black rule so the blacks could dispossess us and they in turn could easily disposses the blacks. I hope and pray our present generation is going to fight it out and take back what is ours.

Pretoria University now takes black students who cannot read or write. These illiterates take the place of gifted white students. It just came over the news

S. Africa's black president Mbeki and his entourage stayed at Windsor Castle and enjoyed a state banquet held by the queen. As the *Sunday Times* said, it is the highest compliment one nation can pay another. No white nationalist head of state ever received this kind of treatment. Mbeki is being honored for following orders in his treatment of the Africaner.

Best Wishes, K.J.

ST JOHN'S EPISCOPAL: The following was written by the pastor of St. John's Episcopal Church in Lynchburg - the church that was recently host to Bishop Jack Spong - the church that gave Spong a standing ovation. The acorn doesn't fall far from the tree.

"Dear People of St. John's,

"Sitting in a row on the lawn, the half dozen of them were gazing into the night. By their sides a few candles flickered. A full moon hung suspended above the horizon, silvering the whole canyon. A dog barked in the distance. Crickets chirped. The rest of the world was mute.

"They sat, black robed, and watched for only one reason: the full moon was rising. Nothing beyond that brought them there. Their world stood still for several hours simply to appreciate the beauty and majesty of a moonrise.

"These few are monks who live in a Zen Buddhist monastery in New Mexico. Bodhi Mandala has for ten years been the site of this retreat in which I was participating. Hosin, the abbess, is transparently holy. Holy not because she is religious or especially pious or caught up in acting wise, but because she is so real. Her eyes laugh. She chuckles as she hugs one of us. She infects me with joy, to the point that I find myself getting so comfortable in her presence that I quit noticing what I am saying. I stop editing what I am thinking. I find myself keeping quieter, and saying more clearly what I do say when I am talking to her. I see her running across the lawn, weeding the garden, wrapping a gift for a surprise party she is throwing to honor two of our group, or petting Adzu, the monastery's dog. She is a firefly beaming light among the shadows of the world. Her light and life draw me.

"I breathe deeply to drink in the scents of darkness. Traces of incense die in the cool air. Honeysuckle perfumes the porch on which it climbs. Newly mown grass offers a trailing protein odor.

"Flowing together for a few languid seconds, my own body and the body of the universe harmonize in simple easiness. I move as if I were the moon, my breath as light as the breeze, my inner song a peace as alive as the softly gurgling Jemez River.

"I do not even stop to think the thought that will come to me later. To register the scene is enough. The next morning it will occur to me that my life needs to stop more often to take somber note of full moons rising.

"And to see in all who bear it the True Light that enlightens everyone. And to feel the joy of its burning."

Chapter 325

JEWS - Part II

Race, Religion, or What?

Review

In "*Jews - Part I*" #324, we learned that Jews say that their religion does not resemble Christianity or the religion of the ancient Israelites. Jews deny that they worship the same God as do Christians.

We learned that "Jew" is really not their name but an adopted one.

We learned that "Jews" can be "Christian", "Muslim", "Hindu" or "Buddhist". We learned that the people who call themselves Jews tolerate all religious beliefs of their own kind and even tolerate Jewish "atheists".

We discovered that DNA has segregated many if not most Jews into two basic groupings - "priests" and "rank and file".

We discovered that most Jews deny being a distinct race and identify with White, Black, Turk, Arab, Chinese and Indians. At the same time, most seem to carry a similar DNA gene while being a mixture of many races.

Summary: : We discovered that Jews ARE NOT exclusively a "race" and ARE NOT exclusively a "religion". They say so themselves.

If not exclusively a race nor exclusively a religion, logic points to their being what is left - a thing called a "work union", a "guild" or, if they originated in India, a "caste".

Saxon Law

Saxons believe that ALL wisdom comes from the WORD, which is their Law.¹ They believe that they are made in the image of this Law and that ignorance of this Law of theirs is no excuse. This presbyterian belief in an unchanging Law system is different from alien episcopal law systems which have supreme leaders who constantly updates followers as to his and the gods' ever-changing moods and demands.

INDIA

India is the epitome of the episcopal system. Everything is episcopal - priests, kings & armies, and merchants. Its workers are episcopal. Its many gods are episcopal - each having holy men to interpret each god's wishes to the people.

¹ Saxon Law forbids lying; stealing, murder, kidnaping, adulteration (of contracts, marriage or race), or contact with or working for aliens. Saxon Law demands that offenses be Lawfully punished. Failure to do so is itself a punishable offense.

My personal interest in India, its peoples and religions, stems from the following quote from a book studied by 1st century Christians:

*"The Word of God came to the serpent and said unto it ... be thou dumb; and speak no more, thou and thy race, because ... the ruin of my creatures happened through thee ... And a wind came to blow from heaven by command of God that carried away the serpent from Adam and Eve, threw it on the shore, and it landed in India."*²

India! Serpent! A serpent is a messenger. India could well be the source of our torments. The door was now opened on India - its history, customs, and gods. Things came together and started making sense. Things like;

"The Jews of K'ai-Fung-Foo themselves claim that they received their religion from India." J/E, p.33

Well! What else?

Alexander conquered India in 327 B.C. He left, went home, and King Asoka of India boasted that India had conquered the Greeks! How? Greek soldiers had just conquered India. Was Asoka talking about "Usury"? Was he talking about "Dharma"? How about BOTH "dharma" and "usury".³

In rapid order, the building blocks began to come together:

"God ordered Satan to show himself to Adam plainly ... And God said to Adam ... look, O Adam, at him, who said of himself that he is God! Can God be black? Would God take the form of a woman?"
II Adam & Eve 4:1-4

We know that "Adam" means MAN: Heb: Adam 119 - "to show blood(in the face), ie: to flush or turn rosy: - be (dyed,

² I Adam & Eve 18:7-9, Lost Books, p14.

made) red(ruddy). *Strong's Concordance*. "Man" is another word for "White" - "*God said to 'Adam-man' ...*"; But what about God being black and God being a woman?

Siva

The Hindus of India believe that along with 200,000,000 other gods, that each of them is also a god. Over them all are three chief Gods. *Brahma* the creator; *Vishnu* the preserver is white, and *Siva*, sex-god and destroyer, is black. Temples all over India, especially in southern India contain statues of Siva engaged in sex with goddesses.

The female representation of Siva is named *Kali* - Kali is the black goddess of death! "*Can God be black? 'Would God take the form of a woman?'*" The Hindus of India think so.

Siva - India's Dancing Sex God

Surrounding Siva is "The Force" that consists of the spirits of all living things. The "female" side of Siva is Kali - goddess of Death. All beliefs are merely different ways of looking at the Gods. All things are tolerated: Peace, war, suffering, health, sickness, good, bad, etc. Toleration permits all things to exist. Toleration - "*Dharma*".

Specifics

Most Hindu castes are matriarchal and most Indian Gods are female.

What has all this to do with Jews?

*** Jews are matriarchal.**

What Else?

*** Hindus think and breathe sex. Jews think and breathe sex. In this, Jews resemble most Indian Hindu castes.**

Is there more?

*** Jews have a great affinity for Blacks. When in proximity to each other they gravitate to each other like magnets. So do Indian Hindus.**

DNA tests reveal that Jews have substantial Black admixture. This would account for this close affinity between Blacks and Jews. There is no place other than India that I can think of that such a general racial admixture could have taken place over an extended period.

Indian Hexagon

In India, the six pointed star is a symbol closely associated with Siva. Siva (Shiva), is the most popular Indian God. He most often pictured dancing with the hour-glass, the "drum of destiny", in one of his four hands. The hour glass shaped drum is represented by two triangles with the points touching each other in the middle. This represents "male" and "female". When they overlap you have the six pointed Hindu star of Siva. I have never been to a Hindu temple that did not contain this six-sided star - the symbol of the sexual union of male and female - the male joining the female. The Indian hexagon is found wherever Siva is worshiped.

*** Jews use the Hindu Indian hexagon as their symbol and call it the *Star Of David*. In this respect, they resemble most Hindu castes.**

Comparing Jews & Gypsies

A caste acts much the same as does a guild. English guilds performed specialized tasks just as unions do today. In spite of differences, the English shipbuilding guild and the London sewer cleaning guild resembled each other since they had the same background and in many ways had many things in common. The same applies to Indian castes.

The Gypsy

DNA tests say that Jews are closely related to Gypsies. This fact was known long before there were such things as DNA tests. Assuming that Gypsies are a *vagabond* caste, much different from the Jewish caste, they would still have many things in common if both have the same background. *Linguistic Survey of India*, Vol. xi., 1922, p. 11) *E/B Gypsies*, Vol. 11, p. 40, has this to say:

"The Gypsies of Europe who, starting from the ancient Byzantine empire have traveled westwards and spread over Europe, America and Australia calling themselves by the name of Rom, the woman being Romni and the stranger Gazi. Many etymologies have been suggested for the word Rom. Miklosich identified it with Doma or Domba, a low caste of Upper India. This agrees with the view that 'the language of European Gypsies' shows many points of correspondence with the dialect of Indian Gypsy tribes such as the Doms. ... The language of the Gypsies of Europe, however, points to the extreme north-west of India and ...

the hypothesis might be hazarded that members of the same vagrant race from which the Indian Gypsies are descended came up to the north-west and remained there long enough to adapt their language to the practice prevailing among frontier tribes.

This establishes that there are Indian castes who have moved out of India and flourish elsewhere. Not only that, but they have taken their customs with them. If one caste can do this - others can, too.

"Albert Krantzius (Krantz), in his *Saxonia* (xi. 2), says that in the year 1417 there appeared for the first time in Germany a people uncouth, black, dirty, barbarous, called in Italian "Ciani," who indulge specially in thieving and cheating. ... They also carried with them letters of safe-conduct from the emperor Sigismond and other princes. ... This people have no country and travel though the land. They live like dogs and have no religion although they allow themselves to be baptized in the Christian faith. They live without care and gather unto themselves also other vagrants, men and women. Their old women practice fortune-telling, and whilst they are telling men of their future they pick their pockets." *E/B Gypsies*, 14th Ed., Vol. 11, p. 41))

This tells us that more than half a millennium ago it was noticed that Gypsies of India had a special relationship with Western kings. Their "letters of safe conduct" prove obligations of Western kings to these Gypsies or to another higher Indian caste to whom Western kings and the Gypsy caste are both obligated. Present day Gypsies still remain above the law and ply their trade worldwide with little interference from kings or their governments. The "enfiefment" still exists. This condition also exists today with the Jewish caste.

*** The worldwide Jewish caste cannot be touched. Governments don't interfere with its operations. This special treatment also applies to most other Hindu castes wherever they are in the world. Witness the Indian worker caste in Fiji and New Zealand, the hotel management caste in America, and the South African Indian merchant caste, etc.**

Religion

Gypsies had no God or heaven as we know it. Neither do Jews. Neither do the Hindus of India. They don't believe in heaven, either. They believe in reincarnation. Indian Hindus believe that when they die they will be reborn either in a better or worse state depending on their conduct on earth.

*** I have known many Jews, but I never knew one who believed in a heaven or an afterlife. In this respect, they resemble Hindu India.**

Sin

"Sin" does not exist in India. Good works benefit by being born in a higher state in the next reincarnation. Harmful acts are punished by being born in a lower state. All things are permitted that do not physically harm another. Those who physically harm others are "restrained" until they have been rehabilitated. The places of "rehabilitation" are called prisons.⁴ "Sin" is a cultural thing. Many, if not most of the people in the world do not recognize its existence. To them, the things Saxons label Lawless such as "lying", "cheating", "stealing", etc. are minor character faults - one's way of doing business.

⁴ God the WORD authorizes only *restitution* or *execution*. Whippings are for minor offenses. Imprisoning and making a slave of a Saxon is considered "kidnaping" (Deut 24:7).

Gypsies are great thieves. This is also true of most of India. In spite of its incredible wealth, India cannot build a Western style economy because lying and stealing are so deeply ingrained in business that *contracts* between Indians are virtually worthless.

*** The expression, "to Jew" someone, is part of the language. In this respect, Jews resemble India. The Saxon "sin" concept does not exist in Hindu India nor among Jews - witness Hollywood, their lying pornographic media, etc.**

Double Mindedness

Christian speakers hold forth on the subject of "double-mindedness".

*"A doubled minded man is unstable in all his ways." James 1:8;
"Approach not integrity with a double heart, nor be associated with doubled-minded men." I Enoch 90:5*

Most only scratch the surface of this fascinating subject and have no real idea of what they are talking about.

Years ago, when I was a stock broker I had a Jewish engineer customer. A nice chap. He was a great partisan of a certain well known political figure and enumerated his virtues at length. One morning a prominent Jewish newspaper made known its support of the opponent of this political figure. My engineer customer instantly changed his opinion to that of the newspaper's. I was shocked. My customer didn't bat an eye. He wasn't abashed or ashamed.

Non-Saxons tend to be like that. All of them. They are episcopal pack-beings. Jews especially. With few exceptions, cohesiveness and presenting a solid front is looked on as a

matter of survival. They tend to obey their rulers without question. There are *castes* like that.

Follow this.

The Commandments of the Christian's God demands the death penalty for certain crimes. Talmudic-Judaism takes issue with this position:

The following is from the *Jewish Encyclopedia*:

"It clearly appears that there was a tendency to reduce capital punishment... if not to abolish it altogether. That capital punishment... was stigmatized as "murderous" if it condemned to death more than one human being in the course of seven years. ... Tryphon and Akiba... saying, "Had we belonged to the Sanhedrin [during Judea's independence], no man would ever have been executed," as they would always have found some legal informalities by which to make a sentence of death impossible (Mak. i. 7a)." J/E p.558.

Many Saxons think that this argument defines the opinion of the Jews on the subject.

No indeed! In India, Indians accept ALL beliefs. Talmudic-Judaism also accepts All beliefs. Observe the following:

Murder of non-Jew is approved if he is bound so that he dies of starvation, sunstroke, cold, lion, mosquitoes, in pit, with an arrow. (Sanhedrin 77a-77b)

The logic of the above is that it is the "starvation", "sunstroke", "cold" or "arrow" that killed the victim - these are the things that should be condemned - not the individual who arranged it.

So there you have it - FOR putting people to death or AGAINST putting people to death. Take your choice. If it is harmful for Jews to be in favor of putting people to death - they can quote chapter and verse from their religious books backing their argument. If it is beneficial to be FOR putting

people to death - they can quote chapter and verse from their religious books to support their opinion.

This is true about most controversial things. The Talmud is full of arguments where one rabbi takes one position and another rabbi takes the opposite. Whatever the situation demands can be backed by religious quotes.

The tie breaker is always "the ruler", whether he is called a "holy man" or "master" as is done in India, or "rabbi" by the Jews.

*** To Jews - *Double-mindedness* becomes "obedience to authority" - a virtue. Doublemindedness is an accepted way of life in India and Jews believe the same.⁵**

More About Gypsies

The encyclopedia goes on:

"Their religious views are a strange medley of the local faith, which they everywhere embrace, and some old-world superstitions which they have in common with many nations. Among the Greeks they belong to the Greek Church, among the Mohammedans they are Mohammedans, in Rumania they belong to the National Church. In Hungary they are mostly Catholics, according to the faith of the inhabitants of that country. *E/B Gypsies*, 14th Ed, Vol. 11, p. 41))

⁵ One cannot fault Jewish "doublemindedness". It is what they do in their businesses. It is far easier to condemn Christians for professing obedience to their God's Commandments and whose churches own banks that practice the capital crime of usury. These churches also tolerate sodomy, abortion murders, pedofiles, fornication, miscegenation, and strangers in their midst. The churches are the ones "*having a form but denying the power thereof*".

Jews do the same. While many Jews keep and advertise their adopted faith, many others in Protestant countries become protestant and in Catholic countries become Catholic.

*** Jews frequently adopt the religion of their host nation. In this respect, they resemble the Indians of India who have no hesitation in switching Gods and adopting new ones.**

Concerning the Gypsies, the Encyclopaedia Britannica continues:

"They have no ethical principles and they do not recognize the obligations of the Ten Commandments. There is extreme moral laxity in the relation of the two sexes, and on the whole they take life easily and are complete fatalists. At the same time they are great cowards and they play the role of the fool or the jester in the popular anecdotes of eastern Europe." *E/B Gypsies*, 14th Ed, Vol. 11, p. 41))

There is great similarity between Gypsies and Jews regarding the "extreme moral laxity in the relation of the two sexes." This is also true in India where one of the two most prominent Indian Gods is Siva -the sex god. The world of the Indian revolves about sex. The world of the Jew revolves about sex - witness Hollywood, sex in the media, the pornographic scene and prostitution.⁶

⁶ In India there are castes where wives have multi-husbands (like Hollywood). The women of some castes have sex only with men of higher castes. There are Indian temples where children of good families are given to the priests to make temple whores of them. They are called *Deva-Dasi*. Jewish comics crack jokes about the difficulty of finding a Jewish virgin. Former President Clinton's and Congressman Condit's paramours are examples. I have no knowledge of apologies or expressions of shame from the parents of the women involved.

Many have the impression that Hollywood starlets must be whores and the young men whoremongers before being permitted to screentest.

*** Neither Gypsies nor Jews are considered to have high morals. In this respect, they resemble the castes of India.**

Also:

*** Both Gypsies and Jews produce large numbers of comics who play, dance, and act for customers engaged in games of chance. Witness Las Vegas and Ocean City. In India reside great masses of gamblers. There, and here, music, entertainment and gambling go together.**

Gypsies and Jews are alike the castes of India in another respect.

"They are far-famed for their music, in which they are unsurpassed. ... " Equally famous is the Gypsy woman for her knowledge of occult practices. She is the real witch; who knows charms to injure the enemy or to help a friend. She can break the charm if made by others.... The old Gypsy woman is also known for her skill in palmistry and fortune-telling by means of a special set of cards, the well-known Tarok (Tarot) of the Gypsies." *E/B Gypsies*, 14th ED, Vol. 11, p. 42))

When I was young, only one in eight or ten songs was about "love". Now, the Jewish presence in music is overwhelming and *every* song reeks of sex.

*** Gypsies, Indians and Jews are noted for music that deals with sex. In this respect, they resemble the castes of India.**

Also:

*** Horoscopes and coverage of occult practices advertise the Jewish presence in newspapers. In this, they resemble the castes of India where horoscopes are in daily use and occult practices are the norm.**

Then, there is the subject of marriage:

"Their marriage system did not preclude marriage with nieces (brother's daughter) with grand-daughters or half sisters ... Marriages of aunt and nephew are rare. Cousin marriages were frequent. ... In the cross cousin marriage the daughter of the maternal uncle was preferred. Polygamy was practiced. ... These rites can be illustrated from India and elsewhere, and are in part fertility rites, in part, protective." *E/B Gypsies*, 14th Ed., Vol. 11, p. 42))

Inbreeding is customary among Gypsies and Indians, but among "Jews" it is so bad that the Jews have developed upwards of 30 different nervous diseases. Some of them peculiar to them alone.

*** Inbreeding among Jews is notorious. In this, they resemble the castes of India.**

Castes - Occupation

In India, there are countless castes grouped under four major headings. 1) Priest; 2) King and Army; 3: Merchant-Manager; 4: Worker.

Castes are allocated occupations and seldom venture into job descriptions that conflict with other castes. To do so results in "caste war". Castes having no competition may perform work outside its assigned caste monopoly.

In the West, upper caste "cohen" Jews fill sensitive jobs in religion, government, finance, media, and the professions.

"Other Jews" work as Merchants of one sort or another. A businesses may pay poorly but if the business is his own - it is acceptable. In the West at present, practically every job description is open to "other Jews" except that of "worker". In regards to that, their Talmud says; *"No occupation is inferior to that of agricultural labor."* Yeb 63a., Exh 161.⁷

*** The difference in DNA between Cohen Jews and "other Jews" indicate a caste factor. Indian castes also differ in DNA factors.**

Additions To Caste

Priests are the highest caste in India. There are many levels of priesthood. Many of these levels accept new priests from other castes *IF they have a large following*. The rational being that after the one with the large following dies - his followers will remain under the jurisdiction of other priests of the caste.

*** This explains how such seemingly widely divergent personalities as the black Sammy Davis, Jr. and the white Marilyn Monroe were allowed to become Jews. This resembles the general operation of India's caste system.**

Sodomy

Sodomy violates the WORD which is the Saxon's Law.⁸ It does not violate the law of the Buddhist Hindus.

"Alone among the major world religions, Buddhism does not condemn homosexuality or premarital sex. The

⁷ The Indian caste that invaded Fiji is an agricultural worker caste. That's what they do. Each caste occupies a position relative to other castes, either above or below, and not based on wealth. Each caste has its own protection and merchants. Its government is provided by priests. If they need a worker caste, indigenous natives may do the work until proper Indian castes can be imported.

⁸ "There shall be no whore of the daughters of Israel, nor a sodomite of the sons of Israel." Deut 23:7

emphasis on Buddhism is on achieving a state of enlightenment, but the religion provides only guidelines, not strict commandments, as to how individuals should strive for this. Rape and adultery are considered misconduct, but an individual is free to engage in consenting sexual acts that do not violate marital monastic commitments." *The Alyson Almanac*, Church Policies on Gay Concerns, pp 234-239.

Neither does sodomy violate the Talmudic laws of the Jews:

"Unnatural connection is permitted to a Jew". Sanhedrin 58b

Jews are in the forefront of those working for the legalization of sodomy.

*** In regards to sodomy, Jews appear to have the same sexual beliefs as do Hindu castes of India.**

Person Of Priests Sacred

In India, the person of an Indian Master or Guru is sacred. To touch them is to defile them. He is looked upon as God on earth and his followers consider his person sacred. The same is true of Jewish Rabbis.

*** The person of Jewish rabbis is sacred. To touch them is to defile them. This closely parallels the beliefs Indian castes hold about their holy men.**

Rebirth

Buddhists have a ceremony where at puberty the males are accepted into the adult world. They say that the males are born again - they are thus twice born.

*** Jews have a ceremony called "bar-mitzvah". At puberty the male children are born again into the adult world. They too are also twice born. This resembles an Indian caste ritual.**

Indian Merchant Occupation By Race

The Jewish Encyclopedia describing occupations of Indian-Jews states:

"The Whites are engaged chiefly as merchants, the Blacks as fishermen, fruiterers, wood-choppers, or oil-pressers." J/E, Cochin, p.137

*** In the Jewish nation living in Palestine today, "White" Jews are engaged chiefly as merchants. Black African-Jews and kindred Islamic Arab-Turks do the menial work. In this, they resemble an Indian caste.**

Conclusion

Jews are not a just a race and they are not just a religion. They are something else. That something is a caste. If they act like a caste, talk like a caste, work like a caste - and evidence seems to be conclusive that they are a caste, then they must be a "*caste*". Not just ANY caste, but an "Indian" caste - one of many Indian castes, a caste that performs a special job.

If such is the case, and I believe the evidence is conclusive - the implications are enormous.

TRADE TOWERS

Our rulers allowed aliens to flood our lands, take our jobs, and rape, rob, and murder as they will. Aliens have used our land to plot, plan, train and stage their attack on the trade towers. There were 3,000 casualties in the towers and there have been more than a hundred times that number of casualties outside. Our rulers plan now is to deal with the carnage they are responsible for by turning our land into a police state and attacking foreign states.

Please!

It's time for the cry to be heard in the land, "Aliens go home!"

LETTERS

PROOF OF CRIME?: "Dear Mr. Hoskins: "No weapon, no body, no crime" - this is the basis of Anglo-Saxon law.' Why does the media keep the ever-changing 6 million story alive after half a century? The evidence is flawed. The gas chambers (weapon) have been exposed as Soviet built tourist traps, and no great piles of ashes (bodies) have ever been discovered. Except for accusations from those who deny that Jesus is the Christ (witnesses) (*"Who is a liar but he that denieth that Jesus is the Christ?" I John 2:9*), where is the crime? It seems that a new law has been manufactured where men can now be convicted on heresay evidence." P.Z. - Virginia

Chapter 326

UNDERSTANDING THE TOWERS

Basic Truths

Today's Evil Empire is Babylon. It is also named *Tower of Babel*; *One World*, *Evil Empire*, *UN*, *New World Order*, *International Trade Cartel (ITC)*, *Cartel* etc. Its purpose - to unite the peoples of the world and rule them.

Babylon's opponent is the *Separatist* - those nations who object to being the building blocks of Babylon's Tower of Babel.

In its simplest terms - the contending forces in the world are *Integration* vs. *Separation*.

The Separatist and the Integrationist have separate religions. One religion is Separatist - the other Integrationist.

These two types of religion, and their peoples, are irreconcilable.

Integrationist religions accept other races, creeds, and nationalities as different manifestations of one god. The other doesn't.

Consequently, there are two kinds of religions, two kinds of priests, two kinds of politicians, two kinds of merchants, and two kinds of nations - "Separatist" and "Integrationist".

The Separatist ideal is - *all Separatists have the right to be left alone.*

The Integrationist ideal has always been that the whole world become Integrationist.

Wheat From The Chaff

Among the world of irreconcilable Separatist nations are the Zionist-Jew and Islamic Arab-Turk.

The Zionist "Separatists" have a state. The "Integrationist" United States gave this state - free of charge - attack planes, attack helicopters, tanks, flamethrowers, bombs, missiles, and other weapons of war.

The "Separatist" Zionist state used this free war equipment to kill men, women and children of the "Separatist" Islamic states surrounding her. The slaughter continued year after year.

Under close observation by the intelligence agencies of the world's Integrationist states, bloodied Islamic-Turks at last struck back and commandeered airliners, using them as giant fire- bombs to destroy the Trade Towers and damage the Pentagon of the "Integrationist" US giant who had armed the Zionists.

In retaliation, the "Integrationist" US declared war on the "Separatist" Islamic state of Afghanistan which had no nationals among the attackers. There's a simple reason.

Summary

Babylon's imperium is *Integration*. Its policy is to incite Separatist nations to fight each other - such as the warfare between the Israeli state and its surrounding Islamic neighbors. When exhausted and unable to offer resistance, Babylon steps in and installs surrogate governments and begins the process of absorbing the survivors and making them into Tower building blocks.

Esau's Descendants

Right-wing speakers never tire of telling the world that "Jews" are the cause of all the world's ills; that they are Esau's descendants while we are Jacob's. They point to Scripture and the "Jews'" own statements:

(1) "Edom is in modern Jewry." Universal Jewish Encyclopedia, 1925 edition, vol 5, p 41.

(2) "*Esau (is) the father of the Edomites.*" Gen 36:8,9

(3) "*Isaac have I loved but Esau have I hated.*" Romans 9:13

This is not the whole truth. The detail that the speakers leave out is that Jewish literature not only admits that "Jews" are descended from Esau-Edom but also that DNA tests show that the Askanazi and Sepharadic Jews are blood kin to the entire Arab- Turk world.

Since the Arab-Turk world has several times invaded, conquered, settled, and mixed their blood with the natives of India, the Indians are also sons of Esau. This adds another billion people.

This great mass of humanity are all sons of Esau - the Indians of India, Egyptians, Palestinians, Syrians, Iraqis, Algerians, etc. Since these people have also mixed their blood with Sicilians, Southern Italians, Southern Spaniards, Mexicans, S. Americans, and American Indians - ALL are sons of Esau. This is a vast number and they don't call themselves "Jews".

If those calling themselves "Jews" left the West - it would make the Cartel's job harder, but the Cartel would still own Western kings, priests, merchants, media, banks and industry. Since the Blacks, Mexicans and the rest of America's aliens commit more than 90% of the crime, if they accompanied the Jews, their departure would rid the country of most of its crime; Look at the latest 50 FBI most wanted on the internet. Only two whites were in the line-up.

These people would undoubtedly be happier living elsewhere among their own kind who appreciate their sterling qualities more than Saxons do. But, the fact is, allowing the Jews to depart would not solve our problems. The problem goes deeper.

Warlike

The sons of Esau are warlike, they fight among themselves. They fight each other because their ancestor Esau was warlike. That's the way they are made. Internecine war is the bane of their existence. Down through the ages one ruler after another has tried to unite these difficult people.

Attempts At Unity

The book, *"The Crusades Through Arab Eyes"*, By Amin Maalouf, Schocken Books, NY ©1984 on p. 180 states that the great Arab leader Saladin directed his efforts "To unify the Arab world" to expel the Christian Crusaders. He did both.

Then, there was Genghis Khan: "Genghis Khan set about uniting the various Turkic and Mongol tribes of central Asia under his authority." p235.

The day will arrive when another son of Esau, a modern day Saladin, a Genghis Khan, or one having a third spiritual eye in his forehead - a Hindu - will unite Arab, Jew, Turk and the rest, and lead them against their ancient common enemy - "*Adam-man*", Isaac's-son - today's "*Saxon*".

Egypt Invaded And Conquered

There is an ancient story that is interesting. It took place before Esau was born. Perhaps even before Nimrod. Read it a couple of times.

The story related by Manetho was old when it was recorded by Josephus, the historian who recorded the destruction of Jerusalem in the 1st century AD.

"There was a king of ours, whose name was Timaus. Under him it came to pass, I know not how, that god was averse to us, and there came, after a surprising manner, men of ignoble birth out of the eastern parts, and had boldness enough to make an expedition into our country, and with ease subdued it by force, yet without our hazarding a battle with them.

"So when they had gotten those that governed us under their power, they afterwards burnt down our cities, and demolished the temples of the gods, and used all the inhabitants after a most barbarous manner; nay,

some they slew, and led their children and their wives into slavery.

"At length they made one of themselves king. and made (Egypt) pay tribute ...(Six of these rulers) were all along making war with the Egyptians, and were very desirous gradually to destroy them to the very roots. This whole nation was styled *Hycsos* ... but some say that these people were *Arabians*....

"After these ... the other parts of Egypt made an insurrection against (them), and a terrible and long war was made between them ... and (they) were indeed driven out of other parts of Egypt, but were shut up in a place ... named *Avaris*." ...

"They came to a composition with them, that they should leave Egypt, and go without any harm to be done them. ... and they built a city in that country with is now called Judea.'" *Josephus Against Apion 1:14*

The above is the account of the first building of the city of Jerusalem. The city was not originally built by Israelites, but by strangers who are probably the ancestors of both the Arab-Turks and the Khazar-Turks who are presently squabbling over this site. This may be one of the compelling reasons for wanting the site for themselves. They know its history.

It is also the story of how Hycsos-Turks conquered Egypt without "firing a shot". These people were expelled out of Egypt about 37 years before Abraham came out of Haran and before Isaac and Jacob/Israel or Esau were born. It's an old, old story. One we had better know. Conquest without firing a shot! "Make war by deception".

Jews The ITC Civil Servants

The Jewish Caste is the "*civil service*" of the International Trade Cartel. Members of this caste are chosen to be the grease that makes the world-wide Cartel machine run smoothly. They serve ALL Cartel installed governments, ALL Cartel owned corporations, and ALL Cartel approved religious organizations. If it is important to the Cartel - they are there.

The Jews are a caste and this is what the Jewish caste does - they are the ITCs "civil service". They don't "own" it - they operate it.

Zionists

Certain Jews, living mostly in the West, discovered a common background and separated into a sub-group calling themselves "*Zionists*". Not all Jews are Zionists, but those who respect their Khazarian descent are the ones who have become "*Zionists*". Like all Separatists - Zionist aspirations are a potential danger to the Cartel.

Zionism & Khazarea

Khazarea, a country once existing in Southern Russia north of the Black and Caspian Sea was a great empire. It was larger than Charlemagne's Empire and held 24 other nations in tribute.

This empire was broken up by Turk and Slav invasions and its people scattered. Their descendants migrated mostly to Eastern and Western Europe calling themselves by the generic name "Jew", even though many of them were actually "Christian", "Muslim", and "Buddhist". Madeline Albright is

an example of a "Khazarian-Turk Christian- 'Jew'". Say that five times!

Books About Khazars

As Jewish interest in their heritage grew - books on past Khazarian glories poured from the presses:

"The 13th Tribe", 1976; "The Jews of Khazaria", 1999; "Karaites in Byzantium", 1968; "When A Jewish Kingdom Ruled Southern Russia" 1994; "The History of the Jewish Khazars", 1967; "The Khazars", 1966; "Conversion to Judaism", 1965; "In Search Of a New Homeland", 1982; "The Lost Tribes", A Myth 1930; "Khazarian Hebrew Documents of the 10th Century", 1982; "Khazar Studies", 1980; "Russia and the Golden Horde", 1985; "Byzantium and the Khazars"; 1990; "The Myth of the Jewish Race", 1989; "The Khazars", 1989; "The Pre- Ashkenazic Jews of Eastern Europe" - in Relation to the Khazars, 1990; "The Ashkenazic Jews", A Slavo-Turkic People in Search of a Jewish Identity, 1996.

The list is extensive. The above books were randomly selected from long lists of such books. There are scores, hundreds, even thousands of books, articles, and references which are studied by intensely patriotic, nationalistic Khazar-Jews. They tell non- Jews, the "goy", that they are *Jews* because once their version of the Jewish religion was their primary "religion of choice". A Khazarian-Turk may practice any religion or none and paradoxically remain a "Jew".

Selecting Palestine

The site for the planned reconstituted *Zionist* state fluctuated from Eastern Russia, where a Jewish state was actually established and which exists today, to Madagascar, Central America, and last - the Middle East where early Arab/Hycsos established the city called Jerusalem. Also, placing *Zionist*

Separatists in the midst of "Separatist" Arab-Turks suited the long range Cartel plans.

Palestine had to be taken by force - the same way the Arab-Turks living there had gotten it. The resulting grinding war would reduce warlike Zionists and warlike Islam into a malleable product - a product happy to be integrated if it prevented more suffering.

The reborn Khazar state was named "Israel" for public relations reasons. It is a Cartel-created state governed by a Cartel- appointed government just like the governments of most of its Islamic neighbors. In Israel, Khazar kings are selected by its Cartel owned media. Their Cartel obligations are the same as the obligations of other Cartel kings.

ITC Exercises Control Over Israelis

All states develop state patriotism. Khazarian state patriotism is kept within bounds by Cartel-media "mob manipulation" just as is done in other states. In Israel, this proved inadequate, so, the ITC had the head-strong rabble rouser Rabbi Kahani and equally head- strong Premier Rabin assassinated. As a reminder, the airliner from Israel to Russia carrying 66 Jews was "accidentally" shot down by a missile allegedly from a Ukrainian military exercise as part of the continuing lesson.

The reconstituted Khazarian-Israel nation is a state like other states. They will do as they are told or they will wake up one morning finding that every other Arab will miraculously have a U.S. or Russian made anti-aircraft or anti- tank missile in his hands.

Two Prime World Forces

The two prime world forces are *Integration* and *Separation*. Everything is either "Integrationist" or "Separatist".

The world of the Integrationists and the world of the Separatists are polar opposites.

Farms are owned either by individuals or by farm-corporations - Separation vs Integration.

Businesses are owned either by individuals or by corporations. Politics and politicians are either Integrationist or Separatist.

Religions, priests and their organizations are either Separatist or Integrationist.

National Suppression

The list of national states who separated and have been crushed and reincorporated is lengthy. A few names are:

COVENANT SCOTLAND: This small "nation of leaders" was attacked by the English branch of the ITC century after century. Its land was burned and its people killed and persecuted. Plaid, pipes, and presbyterianism were outlawed. At the last, unable to subdue them, the conquerors cleared the lands of Scots, burned their villages and homes, and replaced them with sheep. This left Scotland a peaceful desert.

PURITAN ENGLAND: Allied with Scottish Covenanters, the Puritans killed the Cartel's king and almost drove the Cartel from England's shores. Betrayed by its leader, Oliver Cromwell, a Cartel "sleepers", the Puritans were crushed. Most of the survivors joined their Scottish kinsmen overseas.

HUGUENOTS: Rejecting the Cartel's king, the Huguenots formed a presbytery of independent businessmen and

farmers. The Cartel's king and priest came with words of goodwill and tolerance. When their words were believed they issued orders to kill every Huguenot in the land. Hundreds of thousands were exterminated and more refueged to Germany, England, America, S. Africa, and other countries.

THE SOUTHERN CONFEDERACY: The Southern *Self Sufficient Farm System* (SSFS) prevented North America from being incorporated into the Cartel. The War Between The States was fought to destroy the Southern Nation.

BOER REPUBLICS: The two South African Boer republics independent of Cartel control had to be destroyed.

RUSSIA: King and religion were one. The Cartel killed the king and his nobles and 20-30 million Russian-Saxon land and business owners - and took the ownerless assets in the name of the people. It is now privatizing these assets into Cartel hands.

GERMANY: The German State found a leader and attempted to free itself from Cartel domination. It had to be suppressed before others joined the rebellion.

JAPAN: The independent Japanese state was destroyed so that its government could be transferred to Cartel rule and its assets transferred to Cartel ownership.

CHINA: Independent feuding warlords ruled a nation whose land rested firmly in the hands of families. ITC bankers financed Mao who destroyed both warlords and land owners. The state took the land and industry in the name of the people and is now privatising it into Cartel corporations as was done in Japan.

KOREA: Same as China.

VIETNAM: Ho Chi Min, a CIA agent of the "Integration-ist" U.S posed as a "Separatist". He led a Communist revolt in the North. The US supported S. Vietnam. The US then murdered S. Vietnam's ruler and its CIA operatives murdered 50,000 S. Vietnamese land and factory owners. This "owner-less" property was then seized by Communist conquerors who are now "privatizing" it into the Cartel.

INDONESIA: The U.S. forced Holland to grant Indonesia independence at the end of WWII. Its present Cartel government is still in the process of crushing warlords and independence movements.

FIJI: Little Fiji overthrew Indian Cartel overlords and is now an outcast country which is still ruled by a Cartel banker but with a fiercely nationalistic people. They will not allow the Cartel ruler and his army to re-incorporate the nation back into the Cartel. The situation is most interesting.

ALGERIA: ITC media divided the country into the usual "right", "left", and "independent" political parties. The usual "democratic" election was held. The people, under Islamic leaders, voted the Cartel parties out of office. The Cartel was out - entirely out! Islam was in! The Cartel government refused to step down because the newly elected government was Islamic- Separatist. This precipitated a civil war. Thus far 100,000 lives have been lost and Algeria still has not been brought back into the Cartel. Interesting situation.

YUGOSLAVIA: Separatist Orthodox-Christian Kosovo Slavs were displaced by Separatist Islamic Turks who gradu-

ally occupied the land. This is the traditional Turk method of conquest; first a family, then a village, then the whole land.

The Slavs attempted to eject them. This gave an excuse for the US, the *Cartel's hammer*, to bomb Separatist Yugoslavia back into the 19th century killing thousands in the process¹ and insert a Cartel friendly government. But, the people remain anti-Cartel. Another interesting situation.

ISLAM: The lands of the vast Ottoman Empire in the Near East became allied booty following WWI. They divided these lands into "states". The Cartel then installed Cartel friendly governments, religious leaders, and bank and media managers as is the usual ITC custom.

From top to bottom, these lands became parts of the International Trade Cartel - but not the people. Islam's nation is their religion - not slices of real estate.

Also, the Arab-Turks did not like their former Ottoman overlords and they did not like their new appointed rulers. Rallying around Islam's green flag, their history since WWI has been that of one revolt after another.

Islam required that Cartel usury banking be abandoned for Islamic "no-interest" banking. It demanded "religious-political" leaders, police enforcement of Islamic law, and an Islamic media.

Iran and Afghanistan revolted and banished their ITC appointed king, becoming rebel states. Iraq still has Saddaam Hussein, a former CIA agent as its ruler, but the people lean strongly toward Islam. Saudi Arabia's wealthy Cartel king hangs on to his throne by the skin of his teeth as does

1 "Hammer": Turk mafia-slang for *enforcer*.

Pakistan's. Most of Islam's rulers belong to the Cartel but the people themselves belong to *Allah*.

The International Trade Cartel is in danger of having a billion people of the Islamic Nation slip from its control.

The Enemy

"Nationalism", "breaking away", "Separatism" - this the enemy. Whether it is Islamic religious nationalism, Saxon racial-religious nationalism, or Jewish Zionism, Separatism is the enemy.

It's no accident that the Confederate flag is demonized as a "hate symbol" - it is a symbol of separation. Reform Christianity is labeled "Identity-hate" because it is Christian-Separatism and persecuted. The murder of Rhodesian-Saxons and S. African Boer Saxons is unnoticed by the Cartel-media because they are Separatist. "Christian" Basques and "Islamic" Kurds are persecuted because they are Separatists. The "Ten Commandments" are banned because it is part of a Separatist law system that challenges the existence of the Cartel.

The enemy of the Integrationist is the one who will not integrate - the Separatist. It has always been so. The Tower of Babel will fall as its building blocks are pulled away. Each Separatist nation speaking a different language as it leaves.

A Midsummer Night's Dream

The Cartel's nightmare is a meeting attended by the world's nations - all having irreconcilable difference: Sharon the Jew, Bin Ladin the Turk, a Chaka-Zulu black, and a Saxon like Bedford Forrest:

And, if this unlikely group were to agree on just one thing:

"All nations have the right to be left alone."

Babylon would have a problem. No discussion of "brotherhood" or "tariffs or business". Just the agreement that: *"All nations have the right to be left alone."*

Conclusions

Failing the unlikely realization of the "Midsummer Night's Dream" above, I believe that everything is going according to the Cartel Plan.

It appears that the Cartel knew of the Towers project from its conception and used the incident as an excuse to attack Afghanistan because it had separated from the Cartel.

I believe that the ITC believes that the American "hammer" will prevail and that Islamic Separatism will be crushed and Islam will be returned to the Cartel fold, exhausted and whimpering, but returned.

I believe that if the Cartel succeeds in subduing Islamic Separatism, Cartel suppression will expand to include Separatist movements worldwide - Germany, America, Slavic Russia, China, Fiji, Indonesia - and even Israel whose Zionists give lip service to the ITC but are actually more interested in their reborn Khazaria than acting as the Cartel's "civil service".

I believe that if the Tower of Babel is restored, a Saladin will come forth to lead the whole against the Saxon remnant because it is written:

"I will ... put hooks into thy jaws, and I will bring thee forth, and all thine army, horses and horsemen, all of them clothed with all sorts [of armour, even] a great company [with] bucklers and shields, all of them handling swords." Eze 38:4

I believe that this will include China, because in the George Lamsas' translation of the *Bible* of the ancient Eastern Text translated from the Aramaic, it is written:

"Son of man, set your face against China, and against the land of Mongolia, the chief prince of Mesheck and Tubal, and prophesy against him and say, Thus say the Lord God: Behold I am against you, O China, the chief prince of Mesheck and Tubal: I will gather your people together and put a bridle in your jaws and I will bring you forth out of your country, both you and all your army ... Persians, Ethiopians, and Lybians with them ... Gomar and all her army, the house of Togarmah, and the uttermost parts of the north with all their hosts, and many other people who are with you. ...

"Son of man ... say to China, Thus says the Lord God: On that day when my people Israel shall dwell in tranquillity, ... you shall come up against my people Israel, like a cloud to cover the land; it shall be in the latter days, ... my anger shall be consumed in my fury and zeal ... and ... the earth shall shake ... and the mountains shall be thrown down and the towers shall fall and every wall shall tumble to the ground. ...

"Behold I am against you, O China, the ruler and the chief prince of Mesheck and Tubal; ... I will send a fire on Mongolia, and on the people who dwell peacefully in the Islands (Japan); and they shall know that I am the Lord. ... I will give to China a place there for burial in the land of Israel ... and there they shall bury China and all his army." (Ezekiel 38 & 39)²

China, with Esau and his hordes will be led to Ragnarack to meet their promised Armageddon. And the result of this meeting has also been written:

"And it shall come to pass in that day, that I will give unto Gog a place there of graves in Israel." Eze 39:11

Is Afghanistan Armaggedden's doorway?

UNFILTERED NEWS

JEWISH REINCARNATION: Rabbi Ovadia Yosef, leader of the biggest ultra-Orthodox Shas Party in Israel, said that the 6-million who died in the Holocaust "died because they were reincarnations of sinners". Israel's Chief Rabbi Israel Meir Lau said "Judaism has a concept of reincarnation and of the righteous dying to atone for sin in a previous life." (Story in *The Journal Times*, Aug 7, 2000.)

RKH: Reincarnation is a Hindu concept where one's acts condemn him to a better or worse condition in his next lifetime. How else can Judaism's concept of reincarnation account for the unfortunate demise of the 6-million, mythical or not?

Chapter 327

BIN LADEN'S SPEECH

To justify suppression, Cartel propaganda labels *separatists* as "terrorists".

There are two kinds of *separatists*: "Economic" and "religious". *Economic separatists* have their own "money system" and *religious separatists* have a separate "law system". Both are anathema to the Cartel which has a monopoly money system of its own and a law system of its own which it uses to support its monopoly money system. It is Cartel policy to destroy competitors.

Surprise Attack

The attack on the Towers provided an excuse to wage war on "terrorists" world wide.

Prior warning of the impending attack had been issued by Israel, London, and the Philippines and was printed in a

September 23 article by the *Washington Post* expressly pointing to the Towers as one of the objectives.

Speculators cashed in on information of the impending attack and made a bundle speculating in stock market shorts and put options.

Tens of thousands of lives were saved when workers stayed home and only a "handful" showed up for work instead of the usual 75,000 - 90,000 who are normally present for work at the Towers.

The Port Authority of New York City built the Towers. Just before their destruction it sold them to private parties who of course heavily insured them. It would be interesting to learn if the private buyers made a bundle from insurance money after paying the Tower's bank mortgage. Such details have thus far been kept secret.

Our nation's leaders' "chance absence" from the target sites gives credence to the charge that they knew of the impending attack. Winston Churchill, during WWII, chanced to be absent during most of London's air raids. After the war it was learned that before each air raid he had been given warning gained from broken German codes. Before the air attacks came he left town without warning others. It would be interesting to learn if our own fire breathing leaders are "Churchill types".

Chosen Target

Separatists destroy cartels. Cartels cannot tolerate serious separatists. Separatist Islamic states have Islamic *law systems* and have developed non-usury *economic systems*. Over the years they have quietly slipped away from Cartel rule.

To return these rebels to the cartel, force is often necessary. Before a state can go to war against another state it is wise to secure popular support. Popular support is obtained by having targeted victims commit the first hostile act, as was done in the cases of Fort Sumter, "Remember the Maine", "Pearl Harbor". etc. The hostile act is followed by a recitation of crimes, atrocities, and other unlawful acts the victim committed. Because "they deserve what they are getting" the public excuses Cartel excesses that follow.

There being no direct connection between the rebel state of Afghanistan and the Towers, the Cartel declared that war would be waged against states and individuals who furnished sanctuary to the terrorists and gave them help or training facilities. In this manner the door opened to accuse any separatist, individual or state, of furnishing moral, monetary, or physical help to the attackers with the Cartel being judge, jury and executioner.

Most of the terrorists' training was done in the American states of Florida and Wisconsin, but the Cartel graciously excluded these states from being considered for punishment and chose instead for its first target the small separatist country of Afghanistan - which offended the Cartel by using separatist Islamic law and separatist no-interest banking.

The Enemy's Face

A rich Saudi Arabian, who had formerly worked with the CIA, was fingered to be the "Simon Legree" of the enemy. (Simon Legree was a fictional overseer of Southern slaves who was used before the war to demonize the South and excuse Cartel excesses that followed Fort Sumter.)

As an interesting aside, in recent years the leaders of most of America's enemies have at one time or another been on America's payroll or have worked as America's close ally. This includes everyone from Trotsky to Ho Chi Minh, Sadaam Hussein and now bin Laden. Lightning constantly striking the same place attracts attention.

Bin Laden's Speech

Mr. Osama Bin Laden denied participation in the Towers attack, but defended the actions of the Tower's attackers. I must apologize in advance for the length of his speech, but Arabs cannot say "hello" briefly. I have also taken the liberty of highlighting what I consider to be key words and phrases and including my own comments in italics. I also numbered the paragraphs for reference.

Mr. Bin Laden's speech follows:

1. "We praise God, seek His help, and ask for His forgiveness. We seek refuge in God from the evils of our souls and our bad deeds. A person who is guided by God will never be misguided by anyone and a person who is misguided by God can never be guided by anyone. I bear witness that **there is no God but Allah alone, Who has no partner.**

Christians believe that all who deny the WORD are liars and anti-christs. Muslims believe that all wisdom comes from Allah alone. Jews believe that the world must be ruled by Talmudic law. Each makes his law system supreme when having the power to do so. Each is a different law system supported by its own religion that can potentially conflict with universal Cartel law.

Attacks divide world:

2. "Amid the huge developments in the wake of the great strikes that hit the United States in its most important locations in New York and Washington, **a huge media clamour** has been raised. This clamour is unprecedented. It conveyed the opinions of people on these events. ...

Muslims recognize that the media in Islam is universal and speaks with one voice - and that voice is not Muslim.

3. "After the strikes on Afghanistan began ... those who were happy about striking the United States felt sad when Afghanistan was hit, and those who felt sad when the United States was hit were happy when Afghanistan was hit. These groups comprise millions of people.

"Barbaric" West

4. "**The entire West**, with the exception of a few countries, supports this unfair, barbaric campaign, although there is no evidence of the involvement of the people of Afghanistan in what happened in America. The people of Afghanistan had nothing to do with this matter.

Bin Laden seems oblivious to the fact that Cartel merchants will not chance running the long proposed international "north-south" oil pipeline through Afghanistan until that country is once again safely governed and policed by cartel police.

5. "The campaign, however, continues to unjustly **annihilate the villagers and civilians, children, women, and innocent people**. The positions of the two sides are very clear. **Mass demonstrations** have spread

from the farthest point in the eastern part of the Islamic world to the farthest point in the western part of the Islamic world, and **from Indonesia, Philippines, Bangladesh, India, Pakistan to the Arab world and Nigeria and Mauritania.**

- a. Conquerers from Attila and Genghas Khan to Chaka-Zulu punished revolt by making revolt prohibitively painful.*
- b. Mass demonstrations demonstrating Islamic unity also demonstrate manipulation of Islamic popular opinion: bombing civilians does the same to Islam that the Tower's attack does to the West. Polarization. East against West. A situation the Cartel desires.*

War "fundamentally religious":

6. "This clearly indicates the nature of this war. **This war is fundamentally religious.** The people of the East are Muslims. They sympathized with Muslims against **the people of the West, who are the crusaders.** Those who try to cover this crystal clear fact, which the entire world has admitted, are deceiving the Islamic nation. They are trying to deflect the attention of the Islamic nation from the truth of this conflict. **This fact is proven in the book of God Almighty and in the teachings of our messenger,** may God's peace and blessings be upon him. Under no circumstances should we forget this enmity between us and the infidels. For, the enmity is based on creed.

- a. Muslims recognize that each religion teaches its own irreconcilable law system. The Cartel law system is "business law" that contains elements of all religions and all law systems. It is known as "Hinduism". Hinduism is the merchant's "business law-religion".*

- b. "Crusader" - a term of extreme reproach in Islam.
- c. All separatists and those posing as separatists prove the truth of their statements by the words of their God. Bin Laden proves the truth of his speech by reference to Allah, the Koran, and Mohammad the messenger of Allah.

Muslims must stand together:

7. "We must be loyal to the believers and those who believe that there is no God but Allah. We should also renounce the atheists and infidels. It suffices me to seek God's help against them. God says: 'Never will the Jews or the Christians be satisfied with thee unless thou follow their form of religion.' **It is a question of faith, not a war against terrorism**, as Bush and Blair try to depict it. ...

8. "The masses of Islam which moved in the East and West have not done so for the sake of Osama. Rather, they moved for the sake of their religion. This is because they know that they are right and that **they resist the most ferocious, serious, and violent Crusade** campaign against Islam ever since the message was revealed to Muhammad, may God's peace and blessings be upon. After this has become clear, the Muslim must know and learn where he is standing vis-a-vis this war.

"Crusade" again! The charge colors a Muslim's thinking and is an excuse for his own excesses.

"Crusader war":

9. "After the US politicians spoke and after the US newspapers and television channels became full of clear **crusading hatred** in this campaign that aims at mobilizing the West **against Islam and Muslims**, Bush left no room for doubts or the opinions of journalists, but he

openly and clearly **said that this war is a crusader war**. He said this before the whole world to emphasize this fact.

Hammer the word "Crusader"!

10. "What can those who allege that this is a war against terrorism say? What terrorism are they speaking about at a time when the Islamic nation has been slaughtered for tens of years without hearing their voices and without seeing any action by them? But when the victim starts to take revenge for those innocent children in Palestine, Iraq, southern Sudan, Somalia, Kashmir and the Philippines, **the 'rulers' ulema (Islamic leaders) and the hypocrites come to defend the clear blasphemy**. It suffices me to seek God's help against them.

Unlike the WORD which is simple - Islamic laws are fuzzy. They always need interpretation. The interpretation is left to the ruler who doubles as a holy man or who depends on holy men for his opinions. The Cartel's media-selected rulers that govern Islamic countries are as bad as those in the West. Their continuous "blasphemy" has put most governments at odds with the peoples they are supposed to rule. Algeria is a perfect example. There, the ITC-appointed government was voted out of office by the people, but the government will not step down. It still continues to rule the people who are in open revolt.

11. "The common people have understood the issue, but there are those who continue to flatter **those who colluded with the unbelievers** to anesthetize the Islamic nation to prevent it from carrying out the duty of jihad so that the word of God will be above all words. The unequivocal truth is that Bush has carried the cross and raised its banner high and stood at the front of the

queue. Anyone who lines up behind Bush in this campaign has committed one of the 10 actions that sully one's Islam. Muslim scholars are unanimous that allegiance to the infidels and support for them against the believers is one of the major acts that sully Islam.

Islamic separatists recognize that most of Islam's rulers, holy men and great merchants are Cartel assets beholden to the Cartel above Allah and the people of Islam.

Latest stage in "Crusade":

12. "There is no power but in God. Let us investigate whether this war against Afghanistan that broke out a few days ago is a single and unique one **or if it is a link to a long series of crusader wars against the Islamic world.**

Bin Laden recognizes that the Afghanistan war is only the first step in a war to exterminate the separatist Islamic movement worldwide.

13. "Following World War I, which ended more than 83 years ago, the whole Islamic world fell under the crusader banner - under **the British, French, and Italian governments. They divided the whole world,** and Palestine was occupied by the British.

14. "Since then, and for more than 83 years, our brothers, sons, and sisters in Palestine have been badly tortured. Hundreds of thousands of them have been killed, and hundreds of thousands of them have been imprisoned or maimed.

"Crusade" against Chechens:

15. "Let us examine the recent developments. Take for example the **Chechens**. They are a Muslim people who have been attacked by the Russian bear which embraces the Christian Orthodox faith. Russians have annihilated the Chechen people in their entirety and forced them to flee to the mountains where they were assaulted by snow and poverty and diseases. Nonetheless, nobody moved to support them. There is no strength but in God.

As a devout Muslim, bin Laden conveniently forgets that this land was Christian land long before it was Muslim. Christendom and Islam have irreconcilable differences. It is these differences that the Cartel uses to manipulate each in turn.

"Crusade" against Bosnia:

16. "This was followed by a war of **genocide in Bosnia** in sight and hearing of the entire world in the heart of Europe. For several years our brothers have been killed, our women have been raped, and our children have been massacred in the safe havens of the United Nations and with its knowledge and cooperation. Those who refer our tragedies today to the United Nations so that they can be resolved are hypocrites who deceive God, His Prophet and the believers.

Bosnia was also a Christian land long before the Muslims seized it.

UN "collusion":

17. "Are not our tragedies but caused by the **United Nations** who issued the Partition Resolution on Pales-

tine in 1947 and surrendered the land of Muslims to the Jews? It was the United Nations in its resolution in 1947. Those who claim that they are the leaders of the Arabs and continue to appeal to the United Nations have disavowed what was revealed to Prophet Muhammad, God's peace and blessings be upon him.

Islam recognizes that the UN is basically a Cartel agency and that it is futile to appeal to them.

18. "Those who refer things to the international legitimacy have disavowed the legitimacy of **the Holy Book and the tradition of Prophet Muhammad**, God's peace and blessings be upon him. This is the United Nations from which we have suffered greatly. Under no circumstances should any Muslim or sane person resort to the United Nations. The United Nations is nothing but a tool of crime. We are being massacred everyday, while the United Nations continues to sit idly by.

Separatist nations, to survive, must sooner or later agree that "all nations have irreconcilable differences and they all have the right to be left alone.

Kashmir and Chechens:

19. "Our brothers in **Kashmir** have been subjected to the worst forms of torture for over 50 years. They have been massacred, killed, and raped. Their blood has been shed and their houses have been trespassed upon. Still, **the United Nations continues to sit idly by.**

Separatist Muslims live in Kashmir. They follow Islamic law. Over the border are Muslim-Hindus loyal to India. They follow Islamic ritual but tolerate other law systems in addition to Islamic law. The same situation exists in Christendom.

The WORD is Law to the Christian separatist. Christian-Hindus follow Christian ritual but tolerate the law systems of other Gods. It's just business.

20. "Today, and without any evidence, the United Nations passes resolutions supporting unjust and tyrannical America, which oppresses these helpless people who have emerged from a merciless war at the hands of the Soviet Union. Let us look at the second war in Chechnya, which is still under way. The entire Chechen people are being embattled once again by this Russian bear. The humanitarian agencies, even the US ones, demanded that President Clinton should stop supporting Russia. However, Clinton said that stopping support for Russia did not serve US interests. A year ago, **Putin** demanded that the cross and the Jews should stand by him. He told them: **You must support us and thank us because we are waging a war against Muslim fundamentalism.** The enemies are speaking very clearly. While this is taking place, the leaders of the region hide and are ashamed to support their brothers.

Both Putin and Bush are cartel appointees. Both wage war on Muslim separatists. Tomorrow, both will wage war on Saxon separatists whom they already call "homegrown terrorists". Today, Jewish Zionists laugh at our discomfort. Day after tomorrow will come the turn of Zionist separatists.

East Timor and Somalia:

21. "Let us examine the stand of the West and the United Nations in the developments in Indonesia when they moved to divide the largest country in the Islamic world in terms of population. This criminal, Kofi Annan, was speaking publicly and putting pressure on the Indonesian government, telling it: You have 24 hours

to divide and separate East Timor from Indonesia. Otherwise, we will be forced to send in military forces to separate it by force. **The crusader** Australian forces were on Indonesian shores, and in fact they landed to separate East Timor, which is part of the Islamic world. Therefore, we should view events not as separate links, but as links in a long series of conspiracies, a war of annihilation in the true sense of the word. In Somalia, on the excuse of restoring hope, 13,000 of our brothers were killed. In southern Sudan, hundreds of thousands were killed.

Palestinians and Iraqis:

22. "But when we move to **Palestine and Iraq**, there can be no bounds to what can be said. **Over one million children were killed in Iraq**. The killing is continuing. As for what is taking place in Palestine these days, I can only say we have no one but God to complain to. What is taking place cannot be tolerated by any nation. (Even) ... animals would not tolerate what is taking place. A confidant of mine told me that he saw a butcher slaughtering a camel in front of another camel. The other camel got agitated while seeing the blood coming out of the other camel. Thus, it burst out with rage and bit the hand of the man and broke it. How can the weak mothers in Palestine endure the killing of their children in front of their eyes by **the unjust Jewish executioners with US support and with US aircraft and tanks?**

The ITC controls the creation of all money. In each country there is a political "right", "left", and "independent". Each is cartel-led and can quickly come to power with Cartel money. With countries it is the same.

Today there is America, Israel, and Islam - with Russia and China waiting to be armed. The US and Israel are beating up Islam. Cartel money can create any combination that is good for business; US & Israel vs Islam & China. US & Islam vs Israel & China; US vs Israel, Islam & the West vs China . The Cartel always plays nations against nations and race against race. It works amazingly well, and the media muddies the water so that the victims never catch on.

Israel and US "are one":

23. **"Those who distinguish between America and Israel are the real enemies of the nation.** They are traitors who betrayed God and His prophet, and who betrayed their nation and the trust placed in them. They anesthetize the nation. These battles cannot be viewed in any case whatsoever as isolated battles, but rather, as part of a chain of the long, fierce, and ugly **crusader** war. Every Muslim must stand under the banner of "There is no God but Allah and Muhammad is God's Prophet."

This is shortsighted. Jewish interests, deprived of Cartel money would separate Israel from the US overnight. Saxon nationalists say this will never happen. Perhaps not. But Zionism is a world force potentially as dangerous to Cartel interests as any other nationalist separatist movement. If the Jews actually own the money-creating process instead of being mere managers - that is one thing. If not - the Jews may help the Cartel subdue the world separatists and hang themselves.

24. "I remind you of what our Prophet, may God's peace and blessings upon him, told Ibn Abbas, may God be pleased with him. He told him: I am going to teach

you a few words. Obey God, He will protect you. Obey Him, you will find Him on your side. If you ask for something, ask God. If you seek help, seek the help of God. You should know that if all people come together to help you, they will only help you with something that God has already preordained for you. And if they assemble to harm you, they will only harm you with something that God has already preordained for you. God wrote man's fate and it will never change.

25. "I Tell the Muslims who did their utmost during these weeks: You must continue along the same march. Your support for us will make us stronger and will further support your brothers in Afghanistan. Exert more efforts in combating this unprecedented war crime.

26. "Fear God, O Muslims and rise to support your religion. Islam is calling on you: O Muslims, O Muslims, O Muslims.

27. "God bear witness that I have conveyed the message. God's peace and blessings be upon you.¹

Observations

Follow The Money

The WORD has much to say about wealth and the wealthy.² Bin Laden is very rich. It is said that he is rich because he inherited money from his father. His father is said

¹ Internet news release by Osama bin Laden, Nov 10, 2001: Copied from: (Euro-Canadian News Service, (<http://www.jeffsarchive.com/misc/Speech%20of%20Osama%20Bin%20Laden%20Broadcast%20on%20November%203,%202001.html>))

² Most of the world's billionaires merely manage cartel wealth and obey its orders. The occasional Bunker Hunt billionaire is soon hunted down and ruined.

to be rich because his construction business received contracts from the ruler of Saudi Arabia. The ruler of Saudi Arabia was put on his throne by British rulers when the Ottoman Empire was dismembered. His billions come from a share of the profits from Cartel oil companies. It appears that Mr. bin Laden, while undoubtedly an Islamic patriot, is also a Cartel asset who may or may not owe his primary allegiance to Islam.

Crusade

Bin Laden constantly speaks of "Crusade". The Crusades lasted several hundred years. Even if bin Laden has forgotten, we remember: There was an initial Islamic Crusade; then a series of Christian Crusades that are in our history books; then an Islamic Crusade that pushed all the way to Vienna and into Yugoslavia; and now a "Christian" Crusade. Crusades are good for business but costly in collateral damage. Think! Another perpetual war between Christendom and Islam! An armed China and Russia ready to throw their weight to one side or the other. A never ending market for expensive expendable military hardware. It's a merchant's paradise - and so familiar.

Conclusion

In the process of generating a Crusade mentality, The U.S., the Cartel "hammer", incited Islam for years. At last Islam retaliated. It was long in coming and the retaliation rolled out like a slow motion movie under the watchful eye of all the parties who would profit from it.

This is what "The Towers" incident achieved for the Cartel:

* The Towers excuse is used to destroy Islamic rebels who have broken away from the Cartel; to punish them so severely that others will think twice about following their lead (the true state of affairs in Afghanistan is being concealed to spare the tender sensibilities of the American public). And;

* The "war on Terrorism" permits re-installation of Cartel puppet kings who have been deposed by separatist nationalist forces: And;

* It puts the U.S. on a war footing allowing it to use up expensive stockpiled armaments and purchase more; a help to the ailing world economy. And,

* It relieves Islamic pressure on the Cartel established Israeli state which channels arms, agents, and propaganda to the world's future combatant power-blocs - China, Islam, India, S. America and the rest, And;

* It Incites Islam's "Crusade" frame of mind which replaces the now defunct "Cold War" - with China, Russia and others as tomorrow's "balance of power".

What the Cartel did to Black Separatists in Somolia last week, Slavic Separatists in Yugoslavia yesterday and is doing to Islam's Separatists today - most certainly will be done to Saxon Separatists tomorrow.

Setting the stage for the coming crack-down, a whole galaxy of propaganda terms have been manufactured: "Terrorist", "terrorist state", "separatist", "religious fanatic", "Identity", "super nationalist", "Christian-Nationalist", etc.

It's time that Saxons teach Saxons that their only salvation is obedience to *God the WORD* - which is their Law. The bloody events of the past several months are proof that the Cartel means to preserve Babylon's golden tower regardless of costs.

We've been this way before. We've read the last chapter. Babylon has a rough row to hoe. We can take anything she brings against us and still say:

*** All nations have irreconcilable differences. All nations have the right to be left alone.**

Do these words doom the Saxon to death? Not hardly!

"Thus saith the Lord which giveth the sun ... and the ordinances of the moon and of the stars ... If those ordinances depart ... then the seed of Israel also shall cease from being a nation before Me." Jeremiah 31:35-36.

The Saxon is invincible!

Letter From S. Africa by K.H.

"Dear Mr. Hoskins:

"Economic conditions have caused contributions to white causes to decline considerably. The big Jewish chain stores give abundantly to black causes, but not to white ones. Our farmers have been burned and cleaned out, with cattle, sheep, pigs and chickens stolen. The fruit the blacks sell next to the road comes from some poor farmer whose trees they stripped. A locust has nothing on them.

"The orphans at Bronkhorstspuit are nearly in their own home. It has been paid for and decent people look after them.

"The condition of whites is not good. They are heavily taxed and fat blacks in parliament refuse to pay their own children's school fees. To say it lightly, I hate them and those who put them there. The biggest mistake our people made was to believe the media who said that we owe them and that they are capable of ruling.

"We have an E-news reporter who was allowed into Afghanistan. Nightly, the TV shows pictures of dead civilians, bombed hospitals, old age homes, UN food depots, etc. The American bombers fly high to avoid ground-to-air missiles and their bombs generally miss intended targets. A WWII joke used to be, "When Americans shoot - everybody duck!"

"The Conservative Party withdrew its suit against Piet Pretorius for writing his book *Sell Out* that accused almost all of White South Africa's leading politicians, generals and preachers of betraying the country. Some like Constant Viljoen acknowledge their part in the conspiracy, but others were upset at being found out.

"The English still look down on Afrikaners, at least 80% of them do, but the rest know better.

"The group that organized the Anglo-Boer War commemoration at the Bloemfontein monument used the theme "I see her Victorious". HNP party members went by bus and found the ceremony most moving. Next to the path leading up to the monument were small marble markers with the names of the English concentration camps and Afrikaner children, mothers, and old men who died there. Flowers were placed at each one.

"With death all around, the English tried to persuade woman in the camps to go to their husbands on commando in the field to persuade them to surrender. But, they couldn't find a woman who would go. Our women rather chanced death in the concentration camps.

"Kader Asinal, minister of education, is doing his best to erase our history, language and culture. It is more necessary than ever to keep it alive in our children's minds. Asmal is an atheist and a sworn communist. He had the gall to say that Christians are "mad, paranoid, and perverse." He said this

because of the reluctance of public, private and home schools to adopt study techniques that he devised.

"Christian churches don't object to attacks on Christianity in schools or the ongoing Marxist indoctrination. They are mostly on the other side and the monthly cheque is more important to them than the future of the people. They have forgotten the hardship our grandparents underwent to give children a proper education. Both my grandparents hired teachers from the Cape to come up and teach their children to keep them out of the government English schools.

"Rape among Blacks and Coloureds is very high. In a recent case a 9 month old baby was raped by its grandfather and 5 other coloureds. Prison is no deterrent, it gives them a roof over their head, food to eat, and no work.

"A reporter went to the black township of Soweto to learn about AIDS deaths. One undertaker said he once buried 400 people in a single day and is still hard pressed to get funerals scheduled. If 400 cars turn up for each funeral they really have a traffic jam at the Avalon cemetery. Other smaller undertakers also do a good business. When asking someone how he knew that someone died of AIDS, he said that AIDS victims are mostly young adults and emaciated.

"A lot of money is being spent at the coffin makers, and then there are the expenses of a funeral feast afterwards. President Mbeki prefers to ignore the whole situation while his wife flies to London for her shopping.

"The Jewish power stopped E-news TV broadcast on Afghanistan. People became aware of all the atrocities taking place.

"Zimbabwe and Malawi are both on the brink of famine in spite of these countries having good agricultural soil. Many black farm workers displaced from confiscated white farms

in Zimbabwe have come to work in S. Africa's Limpopo Valley where most of our winter vegetables are grown."

Best wishes, K.J.

HATE SPEECH: The Saskatoon Human Rights Commission ruled last month that both the Saskatoon StarPhoenix newspaper and Huge Owens of Regina pay \$1,500 to three sodomite activists for publishing an advertisement containing references to four Biblical verses condemning sodomy, the National Catholic Register reported.
